

PIERBURG Parts

	DE	EN	FR	ES	IT	RU	AR
AGR	AGR-Ventil	EGR valve	Vanne EGR	Válvula EGR	Valvola EGR	Клапан системы EGR	صمام إعادة تدوير العادم (EGR)
AGR-K	AGR-Kühler	EGR cooler	Refroidisseur EGR	Radiador EGR	Radiatore EGR	Радиатор системы EGR	مبرد إعادة تدوير العادم (EGR)
AGR-M	AGR-Modul	EGR module	Module EGR	Módulo EGR	Modulo EGR	Модуль системы EGR	وحدة إعادة تدوير العادم (EGR)
AGR-TH	AGR-Thermostat	EGR thermostat	Thermostat EGR	Termostato EGR	Termostato EGR	Термостат системы EGR	ترموستات إعادة تدوير العادم (EGR)
AK	Abgasklappe	Exhaust gas flap	Volet de gaz d'échappement	Mariposa del escape	Farfalla gas di scarico	Заслонка в системе выпуска отработавших газов	صمام العادم
AKF	AKF-Ventil	ACF valve	Valve de filtre à charbon actif	Válvula AKF	Valvola FCA	Клапан фильтра из активированного угля	صمام فلتر الفحم النشط (ACF)
AK-SK	Adapterkabel, Steuerklappe-Luftversorgung	Adapter cable, control plate air supply	Câble adaptateur, alimentation en air à volet de commande	Cable de adaptación, alimentación de aire de la mariposa de control	Cavo adattatore, valvola di comando alimentazione dell'aria	Переходный кабель, снабжение воздухом через управляющую заслонку	كابل مهايئ، صمام التحكم في إمداد الهواء
ARV	Abschaltbares Rückschlagventil	Cut-off secondary air valve	Clapet anti-retour de coupure d'air secondaire	Válvula de retención desconectable	Valvola di non ritorno disinseribile	Отключаемый обратный клапан	صمام أحادي الاتجاه قابل للإيقاف
DKS	Drosselklappenstutzen	Throttle body	Boîtier papillon	Tubuladuras de la mariposa	Manicotto della valvola a farfalla	Штуцер дроссельной заслонки	فوهة صمامات الخنق
DKS-PO	Drosselklappenpotentiometer	Throttle potentiometer	Potentiomètre de papillon	Potenciómetro de la mariposa	Potenziometro della valvola a farfalla	Потенциометр дроссельной заслонки	مقياس جهد صمامات الخنق
DR	Kraftstoffdruckregler	Fuel pressure regulator	Régulateur de pression de carburant	Regulador de la presión del combustible	Regolatore di pressione del carburante	Регулятор давления топлива	منظم ضغط الوقود
DW-AGR	Druckwandler (AGR)	Pressure transducer (EGR)	Convertisseur de pression (EGR)	Convertidor de presión (EGR)	Convertitore di pressione (EGR)	Преобразователь давления (EGR)	صمام الضغط (EGR)
DW-RK	Druckwandler Regelklappe (AGR)	Pressure transducer regulating throttle (EGR)	Valve de réglage du convertisseur de pression (EGR)	Convertidor de presión mariposa de regulación (EGR)	Convertitore di pressione farfalla di regolazione (EGR)	Преобразователь давления, регулирующая заслонка (EGR)	صمام التحكم في محول الضغط (EGR)
DW-SR	Druckwandler (Saugrohr)	Pressure transducer (intake manifold)	Convertisseur de pression (tubulure d'aspiration)	Convertidor de presión (tubo de aspiración)	Convertitore di pressione (tubo d'aspirazione)	Преобразователь давления (впускная труба)	محول الضغط (التيوب المسحب)
DW-TL	Druckwandler (Turbolader)	Pressure transformer (turbocharger)	Convertisseur de pression (turbocompresseur)	Convertidor de presión (turbocargador)	Convertitore di pressione (turbocompressore)	Преобразователь давления (турбонагнетатель)	محول الضغط (شاحن توربيني)
EFPR	Einflügelzellenpumpe für rotierenden Antrieb	Single-vane pump for rotating drive	Pompe à simple ailette pour entraînement rotatif	Bomba monopaleta para accionamiento rotativo	Pompa rotativa monopaleta per azionamento rotante	Однолопастный пластинчатый насос для вращающегося привода	مضخة بأجنحة أحادية لوحدة الدفع الدوارة
EUV-AGK	Umschaltventil (Abgasklappe)	Electric switchover valve (exhaust gas flap)	Valve d'inversion (volet de gaz d'échappement)	Válvula de inversión (mariposa del escape)	Valvola di commutazione (valvola dei gas di scarico)	Переключающий клапан (клапан выхлопных газов)	صمام تحويل (غطاء العادم)
EUV-AGR	Umschaltventil (AGR)	Electric switchover valve (EGR)	Valve d'inversion (EGR)	Válvula de inversion (EGR)	Valvola di commutazione (EGR)	Переключающий клапан (EGR)	صمام تحويل (EGR)
EUV-DS	Umschaltventil (Differentialsperre)	Electric switchover valve (differential lock)	Valve d'inversion (blocage du différentiel)	Válvula de inversión (cierre diferencial)	Valvola di commutazione (bloccaggio del differenziale)	Переключающий клапан (дифференциальная блокировка)	صمام تحويل (قفل تفاضلي)
EUV-KK	Umschaltventil (Kühlmittelkreislauf)	Electric switchover valve (coolant circuit)	Valve d'inversion (circuit de liquide de refroidissement)	Válvula de inversión (circuito de líquido refrigerante)	Valvola di commutazione (circuito del liquido di raffreddamento)	Переключающий клапан (контур циркуляции охлаждающего средства)	صمام تحويل (دورة مادة التبريد)
EUV-LS	Umschaltventil (Luftsteuerung)	Electric switchover valve (air control)	Valve d'inversion (commande de ventilation)	Válvula de inversión (control del aire)	Valvola di commutazione (controllo aria)	Переключающий клапан (управление воздухом)	صمام تحويل (التحكم في الهواء)
EUV-ML	Umschaltventil (Motorlagerung)	Electric switchover valve (engine mounting)	Valve d'inversion (support de moteur)	Válvula de inversión (soporte de motor)	Valvola di commutazione (sospensione del motore)	Переключающий клапан (подшипники двигателя)	صمام تحويل (التحكم في المحرك)
EUV-SL	Umschaltventil (Sekundärluft)	Electric switchover valve (secondary air)	Valve d'inversion (air secondaire)	Válvula de inversión (aire secundario)	Valvola di commutazione (aria secundaria)	Переключающий клапан (вторичный воздух)	صمام تحويل (الهواء الثانوي)
EUV-SR	Umschaltventil (Saugrohr)	Electric switchover valve (intake manifold)	Valve d'inversion (tubulure d'aspiration)	Válvula de inversión (tubo de aspiración)	Valvola di commutazione (tubo d'aspirazione)	Переключающий клапан (впускная труба)	صمام تحويل (التيوب المسحب)
EUV-VB	Umschaltventil (Verdichter-Bypassklappe)	Electric switchover valve (compressor bypass flap)	Valve d'inversion (clapet bypass du compresseur)	Válvula de inversión (mariposa by-pass del compresor)	Valvola di commutazione (farfalla di bypass compressore)	Переключающий клапан (байпасный клапан компрессора)	صمام تحويل (صمام تحويل الكمبرسور)
FZPR	Flügelzellenpumpe für rotierenden Antrieb	Vane pump for rotating drive	Pompe à ailettes pour entraînement rotatif	Bomba de paletas para accionamiento rotativo	Pompa rotativa a palette per azionamento rotante	Шиберный пластинчатый насос для вращающегося привода	مضخة بخلايا مجنحة لوحدة الدفع الدوارة
FZPS	Flügelzellenpumpe für Spannrollenantrieb	Vane pump for tension roll drive	Pompe à ailettes pour entraînement à rouleau tendeur	Bomba de paletas para accionamiento de rodillo tensor	Pompa rotativa a palette per azionamento rullo tenditore	Шиберный пластинчатый насос для привода натяжного ролика	مضخة بخلايا مجنحة لوحدة إدارة بكرة الشد
FZZA	Flügelzellen-Pumpe mit Zahnritzelantrieb	Vane pump with gear pinion drive	Pompe à ailettes avec entraînement par pignon	Bomba de paletas con accionamiento de piñón dentado	Pompa rotativa a palette con azionamento a pignone dentato	Шиберный пластинчатый насос с приводом шестерни	مضخة بخلايا مجنحة لوحدة الإدارة المسننة
GF	Gummiflansche	Rubber flanges	Brides souples	Bridas de goma	Flangia di gomma	Резиновый фланец	الفلائشة المطاطية
KFM	Kraftstoff-Förder-einheit	Fuel supply unit	Unité d'alimentation en carburant	Unidad de alimentación de combustible	Unità di alimentazione carburante	Узел подачи топлива	وحدة امداد الوقود
KFM-S	Schlingertopf	Swirl pot	Pot de stabilisation	Vaso estabilizador	Vaso stabilizzatore	Устройство обеспечения подачи топлива из бака	وعاء تجميع
KFM-T	Tankgeber	Sender unit	Indicateur de niveau	Sensor del depósito	Trasduttore livello carburante	Датчик давления в топливном баке	وحدة إرسال الخزان
KP	Kraftstoffpumpe	Fuel pump	Pompe à carburant	Bomba de combustible	Pompa di alimentazione carburante	Топливный насос	مضخة الوقود

	DE	EN	FR	ES	IT	RU	AR
KP-MA	Kraftstoffpumpen-Manschette	Fuel pump sleeve	Manchon de pompe à carburant	Manguito de la bomba de combustible	Manicotto pompa di alimentazione carburante	Манжета топливного насоса	جلیة كمية لمضخة الوقود
KPSA	Kolbenpumpe mit Stößelantrieb	Piston pump with pusher drive	Pompe à piston à entraînement par pousoir	Bomba de émbolo con accionamiento por tuqué	Pompa a pistone con azionamento della punteria	Поршневой насос с приводом от толкателя	مضخة مكبسية مع وحدة إدارة للصمام المغناطيس
KPSN	Kolbenpumpe mit Stirndoppelnocken-antrieb	Piston pump with spur double cam drive	Pompe à piston à entraînement par double came frontale	Bomba de émbolo con accionamiento de levas dobles frontales	Pompa a pistone con azionamento a doppia camma frontale	Поршневой насос с приводом от торцевого кулачка с двумя выступами	مضخة مكبسية مع وحدة إدارة للكمامات مزدوجة المقنمة
LDRV	Ladedruckregelventil	Boost pressure control valve	Clapet de commande de pression d'admission	Válvula reguladora presión de admisión	Valvola di regolazione della pressione di sovralimentazione	Клапан регулирования давления наддува	صمام التحكم في ضغط الشحن
LLR	Leerlaufregler	Idle controller	Régulateur de ralenti	Regulador de ralenti	Regolatore del funzionamento al minimo	Регулятор холостого хода	منظم للدوران المحاليد
LMS	Luftmassensensor	Air mass sensor	Débitmètre d'air massique	Sensor de masa de aire	Sensore della massa dell'aria	Сенсор воздушных масс	مستشعر كتلة الهواء
OEI-HV	Öldruckhalteventil	Oil pressure support valve	Clapet de maintien de la pression d'huile	Válvula de retención de aceite	Valvola di mantenimento pressione dell'olio	удерживающий давление масла клапан	صمام الحفاظ على ضغط الزيت
MPKA	Membranpumpe für Keilriemenantrieb	Diaphragm pump with belt drive	Pompe à membrane pour entraînement par courroie	Bomba de membrana para accionamiento de correa trapezoidal	Pompa a membrana per azionamento cinghia trapezoidale	Диафрагменный насос для клиноременного привода	مضخة غشائية لوحدة الإدارة بالسليدر المخروطي
RK	Steuерklappe	Control plate	Volet de commande	Mariposa de control	Valvola di comando	Управляющая заслонка	صمام تحكم
RS-D	Reparaturatz Dichtung	Gasket repair kit	Jeu de réparation de joint	Juego de reparación junta	Set di riparazione guarnizioni	Ремонтный набор уплотнений	طقم إصلاح الجوان
RS-M	Reparaturatz Membrane	Diaphragm repair kit	Jeu de réparation de membrane	Juego de reparación membrana	Set di riparazione membrana	Ремонтный набор мембран	طقم إصلاح الأغشية
RSV	Rückschlagventil	Check valve	Clapet anti-retour	Válvula de retención	Valvola di non ritorno	Обратный клапан	صمام أحادي الاتجاه
RSV-AGK	Rückschlagventil (Abgasklappe)	Non-return valve (exhaust gas flap)	Clapet anti-retour (volet de gaz d'échappement)	Válvula de retención (mariposa del escape)	Valvola di non ritorno (farfalla gas di scarico)	Обратный клапан (клапан выхлопных газов)	صمام أحادي الاتجاه (صمام العادم)
RSV-AGR	Rückschlagventil (Abgasrückführung)	Non-return valve (exhaust gas recirculation)	Clapet anti-retour (volet de gaz d'échappement)	Válvula de retención (culación de los gases de escape)	Valvola di non ritorno (ritorno dei gas di scarico)	Обратный клапан (рециркуляция выхлопных газов)	صمام أحادي الاتجاه (إعادة تدوير العادم)
RSV-DS	Rückschlagventil (Differentialsperre)	Non-return valve (differential lock)	Clapet anti-retour (blocage du différentiel)	Válvula de retención (cierre diferencial)	Valvola di non ritorno (bloccaggio del differenziale)	Обратный клапан (дифференциальная блокировка)	صمام أحادي الاتجاه (قفل تفاضلي)
RSV-SL	Rückschlagventil (Sekundärluft)	Non-return valve (secondary air)	Clapet anti-retour (air secondaire)	Válvula de retención (aire secundario)	Valvola di non ritorno (aria secondaria)	Обратный клапан (вторичный воздух)	صمام أحادي الاتجاه (الهواء الثانوي)
RSV-SR	Rückschlagventil (Saugrohr)	Non-return valve (intake manifold)	Clapet anti-retour (tubulure d'aspiration)	Válvula de retención (tubería de aspiración)	Valvola di non ritorno (tubo d'aspirazione)	Обратный клапан (впускная труба)	صمام أحادي الاتجاه (أنبوب السحب)
RSV-TL	Rückschlagventil (Turbolader)	Non-return valve (turbocharger)	Clapet anti-retour (turbocompresseur)	Válvula de retención (turbocargador)	Valvola di non ritorno (turbocompressore)	Обратный клапан (турбоагнетатель)	صمام أحادي الاتجاه (شاحن توربيني)
SFPK	Schwenkflügelpumpe für Keilriemenantrieb	Rotary wing pump for belt drive	Pompe à ailettes pivotantes pour entraînement par courroie	Bomba de alas móviles para accionamiento de correa trapezoidal	Pompa a palette orientabili per azionamento cinghia trapezoidale	Поворотный шиберный насос для клиноременного привода	مضخة بأجنحة أرجوحية لوحدة الإدارة بالسليدر المخروطي
SFPR	Schwenkflügelpumpe für rotierenden Antrieb	Rotary wing pump for rotating drive	Pompe à ailettes pivotantes pour entraînement rotatif	Bomba de alas móviles para accionamiento rotativo	Pompa a palette orientabili per azionamento rotante	Поворотный шиберный насос для вращающегося привода	مضخة بأجنحة أرجوحية لوحدة الدفع الدوارة
SLP	Sekundärluftpumpe	Secondary air pump	Pompe à air secondaire	Bomba de aire secundario	Pompa aria secondaria	Насос вторичного воздуха	مضخة الهواء الثانوي
SLP-M	Sekundärluft-pumpenmodul	Secondary air pump module	Module de pompe à air secondaire	Módulo de bomba de aire secundario	Modulo pompa aria secondaria	Модуль насоса вторичного воздуха	وحدة مضخة الهواء الثانوي
SRM	Saugrohrmodul	Suction pipe module	Module de collecteur d'aspiration	Módulo colector de admisión	Modulo collettore aspirazione	Модуль впускной трубы	وحدة أنبوب السحب
SRM-D	Steller Drallklappe	Swirl flap actuator	Régulateur du clapet à torsion	Regulador válvula de turbulencia	Attuatore farfalla di turbolenza	Исполнительный элемент, вихревой клапан	ضابط الصمام الدوراني
SRM-U	Steller Umschaltklappe	Induction-pipe flap actuator	Régulateur du clapet d'inversion	Regulador mariposa de conmutación	Attuatore valvola di commutazione	Исполнительный элемент, переключающая заслонка	اداة ضابط غطاء التحويل
SR-DS	Saugrohrsensor	Intake manifold sensor	Capteur de tubulure d'aspiration	Sensor del tubo de aspiración	Sensore tubo d'aspirazione	Сенсор впускной трубы	مستشعر أنبوب السحب
SUV	Schubumluftventil	Recirculating air valve	Clapet d'air de recirculation	Válvula de aire circulante en régimen de retención	Valvola di ricircolo dell'aria in fase di rilascio	Дозирующий дополнительный воздух во впускной газопровод в режиме принудительного холостого хода клапан	صمام دفعي لتدوير الهواء
SV-NWV	Steuerventil (Nockenwellensteuerung)	Control valve (camshaft adjustment)	Clapet de commande (réglage de l'arbre à cames)	Válvula de mando (ajuste del árbol de levas)	Valvola di comando (regolazione albero a camme)	Распределительный клапан (механизм изменения фаз газораспределения)	صمام التحكم (التحكم في عمود الكمامات)
SV-PDA	Steuerventil, Kanalabschaltung	Control valve, channel shut-off	Clapet de commande, coupure de canalisation	Válvula de mando, interrupción de canal	Valvola di comando, disinserimento canale	Распределительный клапан, отключение канала	صمام التحكم (فصل القنوات)
TD	Tankdichtung	Fuel tank seal	Joint du réservoir	Junta del depósito	Guarnizione serbatoio	Уплотнение топливного бака	جوان الخزان
VP	Vakuumpumpe	Vacuum pump	Pompe à vide	Bomba de vacío	Pompa per vuoto	Вакуумный насос	مضخة الخواء

	DE	EN	FR	ES	IT	RU	AR
	Elektrische Ventile	Electric valves	Clapets électriques	Válvulas eléctricas	Valvole elettriche	Электрические клапаны	الصمامات الكهربائية
	Kraftstoffversorgung	Fuel supply	Alimentation en carburant	Alimentación de combustible	Alimentazione del carburante	Снабжение топливом	إمداد الوقود
	Luftversorgung	Air supply	Alimentation en air	Alimentación de aire	Alimentazione dell'aria	Снабжение воздухом	الإمداد بالهواء
	Schadstoffreduzierung	Emission control	Réduction des émissions nocives	Reducción de contaminantes	Riduzione delle sostanze nocive	Уменьшение содержания вредных веществ	تقليل المواد الضارة
	Vakuumpumpen	Vacuum pumps	Pompes à vide	Bombas de vacío	Pompe per vuoto	Вакуумные насосы	مضخات الخواء
	Gummiflansche	Rubber flanges	Brides souples	Bridas de goma	Flangia di gomma	Резиновые фланцы	الفلائشة المطاطية
AT	Automatikgetriebe	Automatic transmission unit	Boîte de vitesses automatique	Transmisión automática	Cambio automatico	Автоматическая коробка передач	ناقل الحركة الأوتوماتيكي
EL	Elektrisch	Electric	Electrique	Eléctrico	Elettrico	Электрический	كهربائي
EP	Elektrisch-pneumatisch	Electric-pneumatic	Electropneumatique	Electroneumático	Elettropneumatico	Электропневматический	كهربونوماتيكي
ET	Elektronisch	Electronic	Electronique	Electrónico	Elettronico	Электронный	الالكتروني
HINT	Halb-In-Tank	Semi-In-Tank	Semi-immergée	Semi-immersa	Semi-In-Tank	Semi-In-Tank	في منتصف الخزان
HY	Hydraulisch	Hydraulic	Hydraulique	Hidráulico	Idraulico	Гидравлический	هيدروليكي
INL	In-Line	In-Line	En ligne	En línea	Inline	In-Line	في الوصلة
INT	In-Tank	In-Tank	Immergée	Inmersa en el depósito	Intank	In-Tank	في الخزان
ME	Mechanisch	Mechanical	Mécanique	Mecánico	Meccanico	Механический	ميكانيكي
MT	Schaltgetriebe	Manual transmissions	Boîte de vitesses	Caja de cambios	Cambio	Ступенчатая коробка передач	ناقل الحركة اليدوي
MPI	Multipoint-Injection	Multipoint injection	Injection multipoint	Sistema de inyección multipunto	Multipoint-Injection	Многоточечный впрыск	الحقن متعدد النقاط
PN	Pneumatisch	Pneumatic	Pneumatique	Neumático	Pneumatico	Пневматический	نيوماتيكي
SPi	Zentraleinspritzung	Central injection	Injection centrale	Inyección centralizada	Iniezione centrale	Центральный впрыск	الحقن المركزي
	Mit Dichtung	With gasket	Avec joint	Con junta	Con guarnizione	С уплотнением	مع جوان
	Ohne Dichtung	Without gasket	Sans joint	Sin junta	Senza guarnizione	Без уплотнения	بدون جوان
	Ab / bis Motornummer	From / to engine number	A partir du/jusqu'au numéro de moteur	Desde / hasta número del motor	A partire dal/fino al numero del motore	Начиная с / до номера двигателя	بداه من/حتى رقم المحرك
	Ab / bis Fahrgestellnummer	From / to chassis number	A partir du/jusqu'au numéro de châssis	Desde / hasta número del chasis	A partire dal/fino al numero di telaio	Начиная с / до номера шасси	بداه من/حتى رقم الشاشيه
	Länderausführung	Country version	Version pays	Ejecución para diferentes países	Versione nazionale	Экспортное исполнение	تصميم لبلدان معينة
Anschlussanzahl		Number of connections	Nombre de raccordements	Cantidad de conexiones	Numero raccordi	Количество подсоединений	عدد الوصلات
Für Fahrzeuge mit / ohne Diesel-Partikel-Filter (DPF)		For vehicles with / without diesel particle filter (DPF)	Pour véhicules avec / sans filtre à particules diesel (DPF)	Para vehículos con / sin filtro de partículas diésel	Per veicoli con/senza filtro antiparticolato diesel (DPF)	Для транспортных средств с / без дизельным(ого) сажевым(ого) фильтром(a) (DPF)	للسيارات ذات/بدون فلتر جزيئات الديزل (DPF)
Für Fahrzeuge mit / ohne Kraftstoffkühlung		For vehicles with / without fuel cooling	Pour véhicules avec / sans refroidissement du carburant	Para vehículos con / sin refrigeración del combustible	Per veicoli con/senza raffreddamento carburante	Для транспортных средств с/без охлаждения(я) топлива	للسيارات ذات/بدون خاصية تبريد الوقود
Für Fahrzeuge mit / ohne Kraftstoffrücklaufsystem		For vehicles with / without fuel return system	Pour véhicules avec / sans système de retour du carburant	Para vehículos con / sin sistema de retorno de combustible	Per veicoli con/senza sistema di ritorno carburante	Для транспортных средств с / без системой(ы) отвода топлива	للسيارات ذات/بدون خاصية نظام رجوع الوقود
Für Fahrzeuge mit / ohne Rußpartikelfilter		For vehicles with / without soot particulate filter	Pour véhicules avec / sans filtre à particules de suie	Para vehículos con / sin filtro de partículas de hollín	Per veicoli con/senza filtro antifiluggine	Для транспортных средств с / без сажевым(ого) фильтром(a)	للسيارات ذات/بدون فلتر جزيئات السخام
Für Linkslenker/ Rechtslenker		For left-hand-drive / right-hand-drive vehicles	Pour conduite à gauche/conduite à droite	Para vehículos con volante a la izquierda / a la derecha	Per veicoli con guida a sinistra/destra	Для транспортных средств с левосторонним / правосторонним рулевым управлением	للسيارات ذات مقود على اليسار/اليمين
Hebelarmlänge		Lever arm length	Longueur du bras de levier	Longitud del brazo de palanca	Lunghezza braccio leva	Длина плеча рычага	طول ذراع الرافعة
Mit einer / zwei Pumpen im System		With one / two pumps in the system	Avec une/deux pompes dans le système	Con una bomba / dos bombas en el sistema	Con una/due pompe nel sistema	С одним / двумя насосами в системе	مع مضخة واحدة/مضختان في النظام
Mit Feinfilter		With fine filter	Avec filtre fin	Con filtro fino	Con filtro fine	С фильтром тонкой очистки	مع فلتر الجزيئات الدقيقة
Mit Potentiometer		With potentiometer	Avec potentiomètre	Con potenciómetro	Con potenziometro	С потенциометром	مع مقياس فرق الجهد
Mit Rohrstutzen		With pipe socket	Avec manchon	Con tubo de empalme	Con bocchettone	С патрубком	مع فوهات أنبوبية
Mit Saugrohr		With intake manifold	Avec tubulure d'aspiration	Con tubo de aspiración	Con tubo d'aspirazione	С впускной трубой	مع أنبوب سحب
Mit Sieb		With strainer	Avec crible	Con tamiz	Con reticella filtrante	С сеткой	مع مصفاة
Vakuum- / Kraftstoffpumpe		Vacuum / fuel pump	Pompe à vide / à carburant	Bomba de vacío / bomba de combustible	Pompa per vuoto / pompa di alimentazione carburante	Вакуумный / топливный насос	مضخات الخواء/الوقود
Vergaser		Carburettor	Carburateur	Carburador	Carburatore	Карбюратор	مكربن

Disclaimer

Namen, Beschreibungen, Nummern von Motoren, Fahrzeugen, Produkten, Herstellern etc. sind nur zu Vergleichszwecken aufgeführt.
 Die im Katalog enthaltenen Teile sind Ersatzteile für die aufgeführten Applikationen.

Names, descriptions and numbers of engines, vehicles, products, manufacturers, etc. are mentioned solely for the purpose of comparison.
 The parts contained in the catalogue are spare parts for the applications listed.

Les noms, les descriptions, les numéros de moteurs, les véhicules, les produits, les constructeurs, etc., ne sont donnés qu'à des fins de comparaison.
 Les articles mentionnés dans le catalogue sont des pièces de rechange destinées aux applications stipulées.

Los nombres, las designaciones y los números de motores, vehículos, productos o de fabricantes, etc., se indican sólo a modo de comparación.
 Las piezas incluidas en el catálogo son repuestos para las aplicaciones indicadas.

Nomi, descrizioni, numeri di motori, veicoli, prodotti, produttori, eccetera sono riportati solo per poter fare confronti. I componenti contenuti nel catalogo sono ricambi per le applicazioni citate.

Названия, описания и номера двигателей, транспортных средств, продуктов, изготовителей и т. п. приводятся только для сравнения.
 Содержащиеся в каталоге части представляют собой запасные части для приведенных продуктов.

أسماء وشروح وأرقام المحركات والسيارات والمنتجات والشركات المنتجة وغيرها مذكورة فقط بهدف المقارنة.
 الأجزاء المذكورة في الكatalog عبارة عن قطع غيار للتطبيقات المذكورة.

Wichtige Hinweise

Die Angaben in diesem Katalog sind sorgfältig bearbeitet, aber unverbindlich. Für die Richtigkeit dieser Angaben übernehmen wir keine Gewähr. Insbesondere können Änderungen der Ausrüstung durch die Fahrzeug- oder Motorenhersteller bzw. Änderungen der Bezeichnungen nicht ausgeschlossen werden. Informationen über eventuelle Fehler im Katalog sind stets willkommen und werden in den zukünftigen Ausgaben korrigiert. Namen, Beschreibungen und Nummernangaben von Fahrzeugen oder Herstellern u. ä. sind nur zu Vergleichszwecken aufgeführt. Wir behalten uns vor, Produktspezifikationen, Werkstoffe und Aussehen unserer Produkte jederzeit zu ändern.

Die Funktion und der im Katalog angegebene Verwendungszweck bleiben davon unberührt. Abbildungen, Schemazeichnungen und andere Angaben dienen der Erläuterung und Darstellung und können nicht als Grundlage für Einbau, Lieferumfang und Konstruktion verwendet werden. Angaben über Original-Ersatzteilnummern der Fahrzeug- und Motorenhersteller dienen nur zu Vergleichszwecken. Sie sind keine Herkunftsbezeichnungen und dürfen gegenüber Dritten nicht verwendet werden. Für die Anwendung der Vergleichslisten können wir insbesondere wegen möglicher Änderungen und/oder Maßdifferenzen der einzelnen Hersteller keine Haftung übernehmen.

Es wird keine Haftung übernommen für die Richtigkeit der Daten und dass das Produkt

für den beabsichtigten Verwendungszweck geeignet ist. Um dies sicherzustellen, ist in jedem Fall vor Einbau der fachkundige Rat des Herstellers oder dessen autorisierter Vertragswerkstatt einzuholen. Die im Katalog angebotenen Teile sind nicht für den Einsatz in Luftfahrzeugen bestimmt. Bei der Verwendung in Marine-Motoren und Stationär-Motoren ist darauf zu achten, dass bei gleicher Motorbezeichnung unterschiedliche Motorenteile (z. B. Kolben) zum Einsatz kommen können.

Nachdruck, Nachahmung und Vervielfältigung, auch auszugsweise, ist nur mit unserer schriftlichen Genehmigung und mit Quellenangabe gestattet. Mit Erscheinen dieses Katalogs verlieren frühere Ausgaben ihre Gültigkeit.

Änderungen und Irrtümer vorbehalten.

Qualitätsmanagement

Zum Zeichen, dass unser Qualitätsmanagement die Anforderungen der einschlägigen internationalen Normen erfüllt, sind wir nach ISO 9001 zertifiziert.

Sollte trotz der laufend durchgeführten Kontrollen während des Produktionsprozesses und der gründlichen Endkontrolle ein Material- oder Fertigungsfehler auftreten, übernehmen wir selbstverständlich innerhalb der Verjährungsfrist entweder die Instandsetzung des Motors oder den Ersatz des beanstandeten Erzeugnisses. Derartige Beanstandungen müssen uns

binnen einer Frist von 30 Tagen nach Auftreten des Schadens schriftlich mitgeteilt werden.

Die Verjährungsfrist für Mängelansprüche beträgt 12 Monate, gerechnet ab Ablieferung der Sache.

Mängelansprüche erlöschen, wenn der Liefergegenstand von fremder Seite oder durch Einbau von Teilen fremder Herkunft verändert wird, es sei denn, dass der Mangel nicht in ursächlichem Zusammenhang mit der Veränderung steht. Sie erlöschen weiter, wenn Handhabung und Einbau nach geltender Vorschrift nicht befolgt wurde.

Normaler Verschleiß und Beschädigung durch unsachgemäße Behandlung sind von der Gewährleistung ausgeschlossen.

Umweltmanagement

Verantwortungsvoller Umgang mit Ressourcen, der Schutz unserer Umwelt und die Einhaltung aller relevanten gesetzlichen Verpflichtungen ist für eine langfristige Zusammenarbeit mit allen unseren Partnern von großer Bedeutung. Dies waren die Gründe, die uns motivierten die Anforderungsnorm für Umweltmanagementsysteme ISO 14001 zu erfüllen und unsere Organisation zertifizieren zu lassen.

Rheinmetall Automotive
Renommierter Zulieferer der internationalen
Automobilindustrie

Rheinmetall Automotive ist die Mobilitätssparte des Technologiekonzerns Rheinmetall Group. Mit seinen Premiummarken KOLBENSCHMIDT, PIERBURG und Motorservice nimmt Rheinmetall Automotive in den Bereichen Luftversorgung, Schadstoffreduzierung und Pumpen sowie bei der Entwicklung, Fertigung und Ersatzteillieferung von Kolben, Motorblöcken und Gleitlagern weltweit Spitzenpositionen auf den jeweiligen Märkten ein. Niedrige Schadstoffemission, günstiger Kraftstoffverbrauch, Zuverlässigkeit, Qualität und Sicherheit sind die maßgeblichen Antriebsfaktoren für die Innovationen von Rheinmetall Automotive.

Motorservice Gruppe
Qualität und Service aus einer Hand

Die Motorservice Gruppe ist die Vertriebsorganisation für die weltweiten Aftermarket-Aktivitäten von Rheinmetall Automotive. Sie ist ein führender Anbieter von Motorkomponenten für den freien Ersatzteilmarkt. Mit den Premiummarken KOLBENSCHMIDT, PIERBURG, TRW Engine Components sowie der Marke BF bietet Motorservice seinen Kunden aus einer Hand ein breites und tiefes Sortiment in Spitzenqualität. Als Problemlöser für Handel und Werkstatt verfügt sie zudem über ein umfangreiches Leistungspaket. Kunden von Motorservice profitieren so vom geballten technischen Know-how eines großen internationalen Automobilzulieferers.

PIERBURG

Die Premiummarke rund um den Motor

DEUTSCH

Die politische Vorgabe für die zukünftigen Schadstoffgrenzwerte stellt Ingenieure und Material vor neue Herausforderungen.

Die Rheinmetall Automotive, ein Zusammenschluss der renommierten Firmen Kolbenschmidt und Pierburg, ist mit ihrer langjährigen Erfahrung in der Schadstoffreduzierung und Verbrauchsreduzierung für diese Entwicklung gerüstet. Nicht von ungefähr sind sieben der Fahrzeuge, die das amerikanische Fachmagazin „Ward’s Auto World“ mit dem Titel „Ten Best Engines“ prämiert wurden, mit Produkten von Rheinmetall Automotive ausgestattet.

Speziell für unsere Kunden

1. Systemkomponenten und Service

Kraftstoffversorgung

Alles für den „Kreislauf“ des Fahrzeugs

Von Kraftstoffpumpen, Fördermodulen und Tankgebern, von Systemdruckreglern, Rückschlagventilen über Regenerierventilen bis hin zu AKF-Ventilen: Motorservice bietet ein breites Spektrum an unverzichtbaren Komponenten im Kraftstoffsystem – in bewährter PIERBURG Qualität.

Luftversorgung

Für höhere Effizienz und mehr Fahrspaß

Drosselklappenstutzen, Saugrohre und Saugrohrmodule zur Steuerung der optimalen Luftmenge – diese Produkte mit ausgereifter Technik stellen optimale Leistung, Fahrkomfort und das richtige Drehmoment bei möglichst geringem Kraftstoffverbrauch sicher.

Abgasrückführung (AGR)

Schadstoffreduzierung um 50% noch vor

Erreichen des Katalysators

Nicht umsonst ist PIERBURG mit AGR-Ventilen und AGR-Kühlern in zahlreichen modernen Fahrzeugen als Erstausrüster vertreten. Die korrosions- und temperaturbeständigen Werkstoffe der PIERBURG Produkte garantieren eine lange Funktionsdauer unter schwierigsten Bedingungen wie z. B. aggressivem Abgaskondensat, Temperaturen bis zu 700° und bis zu 3 bar Druck.

Sekundärluftsystem

Effiziente Abgasreduzierung während der Kaltstartphase

PIERBURG ist Marktführer in Europa bei Sekundärluftsystemen und somit an der Entwicklung von zahlreichen Fahrzeugen beteiligt. Mit über 30 Ausführungen ist das PIERBURG Programm unerreicht.

Wasserpumpen

Bedarfsgerechte Kühlung für ein langes Motorenleben

Die elektrischen Kühlmittelpumpen von PIERBURG sorgen für eine bedarfsgerechte Kühlung des Motors, reduzieren den Leistungsbedarf und verringern Reibungsverluste, Kraftstoffverbrauch und Schadstoffemissionen. PIERBURG produziert zudem jährlich über 7 Millionen mechanische Wasserpumpen für die Erstausrüstung. Diese zeichnen sich durch hochwertigste Bauteile aus.

Ölpumpen

Ölversorgung in Perfektion

Rheinmetall Automotive entwickelt und liefert Ölpumpen an alle führenden Motorenhersteller und verfügt über zahlreiche Patente. Auf diesem Know-how aufbauend bietet Motorservice Pumpen für eine Vielzahl von Pkw- und Nkw-Anwendungen.

Profitieren Sie von diesen Erfahrungen zu einem fairen Preis-Leistungsverhältnis.

Vakuumpumpen

Zuverlässiger Unterdruck für zahlreiche Steuerelemente

Die Präzisionspumpen von PIERBURG erzeugen den benötigten Unterdruck für die Bremskraftunterstützung, die Funktionsteuerung von Zentralverriegelung, Klimaanlage, Automatikgetriebe, Schadstoffreduzierungssystemen und andere Steuerelemente.

Wasserumwälzpumpen

Flexible, unabhängige Helfer mit hoher Temperaturbeständigkeit

Die PIERBURG Wasserumwälzpumpen zeichnen sich durch ein geringes Gewicht und einer hohen Medien- und Temperaturbeständigkeit aus. Sie kommen dort zum Einsatz, wo Kühl- oder Heizungsaufgaben unabhängig von der Drehzahl des Motors realisiert werden müssen, wie z. B. Standheizungen oder zur Kühlung von Turboladern, Antrieb und Akku in Elektrofahrzeugen.

Aktuatoren

Kleine Wandler mit großer Wirkung

Ob Steuerventile zur Nockenwellenverstellung, elektrische Antriebsmodule zur Ansteuerung von Tumble-/Drallklappen, Schrittmotoren zur Leerlaufregelung oder Stellmotoren zur Verstellung von variablen Saugrohren – PIERBURG Aktuatoren von sind überall dort zu finden, wo etwas verstellt werden soll.

Basic information ►

Important information

The information in this catalogue has been put together with care, but is not binding. We cannot accept liability for the accuracy of the information. In particular, the possibility of modifications to equipment by vehicle or engine manufacturers, or changes to designations, cannot be excluded. We always welcome feedback about any errors in the catalogue, and will correct them in future editions.

Names, descriptions and numbers of vehicles, manufacturers, etc. are mentioned solely for the purpose of comparison. We reserve the right to change the product specifications, materials and appearance of our products at any time.

This will not affect the function or intended purpose stated in the catalogue. Diagrams, schematic drawings and other data are provided for the purpose of explanation and illustration, and cannot be taken as the basis for installation, design or the scope of delivery. Original spare part numbers of vehicle and engine manufacturers are provided for comparison only. They are not designations of origin and must not be used in relation to third parties. We cannot accept liability for the use of cross reference lists, because of possible changes and/or differences in dimensions between individual manufacturers, in particular.

We do not accept liability for the accuracy of the data or the suitability of the

product for the intended purpose. To ensure the above, the expert advice of the manufacturer or its authorised repair shop must be obtained in all cases before installation.

The parts offered in the catalogue are not intended for use in aircraft. If using in marine or stationary engines, please note that different engine parts (e.g. pistons) may be used, even if the engine designation is the same.

Reprinting, imitation and reproduction of this catalogue in whole or in part is permitted only with our written consent and with reference to the source. On publication of this catalogue, all previous versions become invalid.

Subject to change without notice.

Quality management

As a sign that our Quality Management satisfies the requirements of the relevant international standards, we are certified to ISO 9001.

In the event of material or production faults despite continuous checks during the production process and the comprehensive final inspection, we will of course undertake to repair the engine or replace the faulty product within the limitation period. We must be advised in writing of complaints of this nature within 30 days

of the occurrence of the fault.

The limitation period for claims for defects is 12 months, commencing from the delivery of the item.

Claims for damages shall be void if the delivered item has been modified by a third party or parts from other manufacturers have been installed, unless the defect is not related to such modifications.

Furthermore, they shall be void if the item was not handled or installed in accordance with the applicable regulations.

Normal wear and tear and damage resulting from improper handling are excepted from the warranty.

Environmental management

Handling resources responsibly, protecting our environment and compliance with all the relevant legal obligations is extremely important for our long-term co-operation with all our partners. This is what motivated us to satisfy the requirement standard for environmental management systems ISO 14001, and to get our organisation certified accordingly.

You can find further technical information on our homepage

The contents of the Online Shop are also available as an electronic catalogue on the "Motorservice Product Disc". To obtain this, please get in touch with your personal point of contact.

Rheinmetall Automotive
Renowned supplier to the international automotive industry

Rheinmetall Automotive is the mobility division of the technology corporation Rheinmetall Group. With its premium brands KOLBENSCHMIDT, PIERBURG and Motorservice, Rheinmetall Automotive is a global leader in the relevant markets for air supply systems, emission control and pumps and in the development, manufacture and spare-parts supply of pistons, engine blocks and plain bearings. Low pollutant emissions, good fuel economy, reliability, quality and safety are the main driving forces behind the innovations of Rheinmetall Automotive.

Motorservice Group
Quality and service from a single source

The Motorservice Group is the sales organisation for the worldwide aftermarket activities of Rheinmetall Automotive. It is a leading supplier of engine components for the independent aftermarket. With the premium brands KOLBENSCHMIDT, PIERBURG, TRW Engine Components and the BF brand, Motorservice offers its customers a wide and comprehensive range of top quality products from a single source. As a problem solver for trade and repair shops, the corporation also offers an extensive service package. Motorservice customers benefit from the combined technical know-how of a large international automotive supplier.

all aspects of the engine**

ENGLISH

Both engineers and materials are facing new challenges in light of the political specifications for future emissions limit values.

Rheinmetall Automotive, a combination of the renowned companies Kolbenschmidt and Pierburg, is well equipped for this development with its long-standing experience in emission control and reduction in fuel consumption. It is no coincidence that seven of the vehicles honoured with the title "Ten Best Engines" by the American specialist magazine "Ward's Auto World" have been fitted with Rheinmetall Automotive products.

Individual information
Especially for our customers

1. System components and service

Fuel supply

Everything for the "circulation" in the vehicle

From fuel pumps, pump modules and sender units, from system-pressure regulators, non-return valves and regeneration valves, through to canister purge valves: Motorservice offers a wide range of components that are indispensable in the fuel system – in proven PIERBURG quality.

Air supply

For increased efficiency and more driving enjoyment

Throttle bodies, intake manifolds and suction pipe modules for controlling the optimal air quantity – these products with sophisticated technology guarantee optimal performance, driving comfort and the correct torque, with the lowest possible fuel consumption.

Exhaust gas recirculation (EGR)

Emissions reduced by 50% before the catalytic converter is even reached

There's a reason why PIERBURG is represented as the OEM in a large number of modern vehicles with EGR valves and EGR coolers. The corrosion and temperature-resistant materials used in the PIERBURG products guarantee lasting function under the harshest conditions, e.g. aggressive exhaust gas condensate, temperatures up to 700° and pressures up to 3 bar.

Secondary air system

Efficient emission control during the cold start phase

PIERBURG is the market leader in Europe for secondary air systems and is therefore involved in the development of a large number of vehicles. The PIERBURG range is unrivalled with over 30 versions.

ENGLISH

Water pumps

Demand-based cooling for a long engine life

The electrical coolant pumps from PIERBURG guarantee demand-based engine cooling, reduce the power requirements and cut frictional losses, fuel consumption and pollutant emissions. PIERBURG also produces over 7 million mechanical water pumps as original equipment each year. The pumps are characterised by high-quality components.

Oil pumps

Perfected oil supply

Rheinmetall Automotive develops and supplies oil pumps to all leading engine manufacturers and owns numerous patents. Building on this know-how, Motorservice offers pumps for a multitude of passenger car and utility vehicle applications. Make the most of this experience at a fair cost-benefit ratio.

Vacuum pumps

Reliable vacuum for a large number of control elements

The precision pumps from PIERBURG produce the required vacuum for the brake booster, controlling the functions of the central locking system, air conditioning, automatic transmission unit, emission control systems and other control elements.

Water circulating pumps

Flexible, independent helper with high temperature resistance

The PIERBURG water circulating pumps are characterised by a low weight and high media and temperature resistance. They are used where cooling or heating functions have to be carried out independently from the engine speed, e.g. auxiliary heating or cooling turbochargers, drive and battery in electric vehicles.

Actuators

Small transformer with a big impact

Whether control valves for camshaft adjustment, electric drive modules for actuating tumble/swirl flaps, stepper motors for idle control or servo motors for adjusting variable intake manifolds – PIERBURG actuators can be found wherever adjustments are required.

Remarques importantes

Les indications qui figurent dans ce catalogue ont fait l'objet d'un travail méticuleux, mais n'engagent pas notre responsabilité. Nous ne garantissons pas leur exactitude. Il n'est, en particulier, pas possible d'exclure des modifications apportées aux équipements par les constructeurs de véhicules ou de moteurs ou encore des modifications des désignations. Toutes informations relatives à d'éventuelles erreurs présentes dans le catalogue sont les bienvenues ; ces erreurs seront corrigées dans les futures éditions. Les noms, les descriptions et les numéros de véhicules ou de constructeurs, etc., ne sont donnés qu'à des fins de comparaison. Nous nous réservons le droit de modifier à tout moment les spécifications, la composition et l'aspect de nos produits.

Ceci n'affecte en rien la fonction et l'application stipulées dans le catalogue. Les illustrations, les dessins schématiques et autres indications sont destinés à expliquer et à illustrer nos produits et ne peuvent en aucun cas servir de base au montage des pièces, à la définition de l'ensemble de livraison et à la conception. Les numéros de pièces de rechange d'origine des constructeurs de véhicules et de moteurs servent uniquement à des fins de comparaison. Ils ne constituent pas des désignations de provenance et ne doivent pas être utilisés dans les rapports avec des tiers. Nous déclinons, en particulier, toute responsabilité pour l'application des listes de correspondances en raison des possibles modifications et/ou différences dimensionnelles des constructeurs.

Nous déclinons toute responsabilité quant à l'exactitude des informations et à l'adéquation du produit pour l'usage envisagé.

Pour s'en assurer, prendre toujours conseil, avant le montage, auprès du constructeur ou d'un concessionnaire agréé.

Les pièces proposées dans le catalogue ne sont pas destinées aux aéronefs. Dans le cas de l'utilisation sur des moteurs de marine ou des moteurs stationnaires, tenir compte du fait que des pièces de moteur différentes (par ex. des pistons) peuvent être utilisées pour une même désignation du moteur.

Toute réimpression, reproduction et duplication, en totalité ou en partie, faite sans notre consentement et sans indication de source, est illicite.

La présente édition remplace et annule toutes les éditions précédentes du catalogue.

Sous réserve de modifications et d'erreurs.

Gestion de la qualité

Nous sommes certifiés selon ISO 9001 afin de prouver que notre gestion de la qualité satisfait aux exigences des normes internationales en vigueur.

Si, en dépit des contrôles effectués tout au long du processus de production et du rigoureux contrôle final, un défaut de matière ou de fabrication apparaît, nous prenons en charge, durant la période de prescription, soit la remise en état du moteur, soit le remplacement du produit défectueux. Les réclamations doivent nous parvenir par écrit dans un délai de 30 jours à compter de la date de survenue du dommage.

Le délai de prescription concernant la responsabilité pour vices matériels est

de 12 mois à compter de la livraison des marchandises.

La responsabilité pour vices matériels ne s'applique pas si le produit livré a fait l'objet de modifications de la part d'un tiers ou en cas d'ajout de pièces d'origine tierce, à moins que le vice ne soit pas en rapport causal avec la modification. Cette responsabilité ne s'applique pas non plus quand les prescriptions en vigueur n'ont pas été respectées pour le maniement et le montage. Notre garantie ne couvre pas l'usure normale et les endommagements dus à un maniement non conforme.

Gestion de l'environnement

Une gestion responsable des ressources, la protection de notre environnement et le respect de la législation en vigueur sont d'une importance capitale pour une collaboration à long terme avec tous nos partenaires. C'est pourquoi nous avons décidé de faire certifier notre organisation conformément à la norme pour systèmes de gestion de l'environnement, ISO 14001.

Rheinmetall Automotive
Équipementier renommé de l'industrie
automobile internationale

Rheinmetall Automotive est la section Mobilité du groupe technologique Rheinmetall. Avec ses marques haut de gamme KOLBENSCHMIDT, PIERBURG et Motorservice, Rheinmetall Automotive se situe mondialement en tête des marchés respectifs dans les domaines de l'alimentation en air, de la réduction des émissions nocives et des pompes ainsi que dans le développement, la fabrication et la fourniture de pistons, de blocs-moteurs et de coussinets. Dans le cadre des innovations de Rheinmetall Automotive, les objectifs de motivation primordiaux sont la réduction des émissions de polluants et celle de la consommation de carburant, la fiabilité, la qualité et la sécurité.

Groupe Motorservice
Qualité et service auprès d'un unique
fournisseur

Le groupe Motorservice est l'organisation commerciale chargée des activités aftermarket mondiales de Rheinmetall Automotive. C'est l'un des premiers fournisseurs de composants moteurs pour le marché indépendant des pièces de rechange. Avec les marques haut de gamme KOLBENSCHMIDT, PIERBURG, TRW Engine Components ainsi que la marque BF, Motorservice propose à ses clients une gamme large et profonde, de très grande qualité, auprès d'un unique fournisseur. Il répond également aux problèmes des commerces et des garages avec un éventail exhaustif de prestations de service. Ainsi, les clients de Motorservice bénéficient du savoir-faire technique concentré d'un grand équipementier automobile international.

PIERBURG

La marque haut de gamme pour tout ce qui touche au moteur

FRANÇAIS

Avec les objectifs politiques en termes de futures valeurs limites d'émission, les ingénieurs et matériaux font face à de nouveaux défis à relever.

Grâce à sa longue expérience dans le domaine de la réduction des émissions nocives et de la consommation, La Rheinmetall Automotive, le groupement des sociétés de renom Kolbenschmidt et Pierburg, est préparé à cette évolution. Ce n'est pas un hasard si sept des véhicules nommés « Ten Best Engines » par le magazine américain spécialisé « Ward's Auto World » sont dotés de produits de la Rheinmetall Automotive.

1. Composants du système et service

Alimentation en carburant

Tout pour la « circulation » au sein du véhicule

Aussi bien les pompes à carburant, les modules d'alimentation et les indicateurs de niveau que les régulateurs de pression de système, les clapets anti-retour, les valves de régénération sans oublier les valves de filtre à charbon actif : Motorservice propose un large éventail de composants indispensables au système d'alimentation en carburant – avec la qualité PIERBURG ayant fait ses preuves.

Alimentation en air

Pour un meilleur rendement et un plus grand plaisir de conduire

Manchons à papillon, tubulures d'aspiration et modules de collecteur d'aspiration pour la commande des quantités optimales d'air – ces produits à la technologie éprouvée garantissent une puissance, un confort de route et couple de rotation optimaux tout en veillant à une faible consommation de carburant.

Recyclage des gaz d'échappement (EGR)

Une réduction des émissions nocives de 50 % avant d'arriver au niveau du catalyseur

Ce n'est pas un hasard si PIERBURG est fournisseur de première monte de vannes EGR et de refroidisseurs EGR pour de nombreux véhicules modernes. Les matériaux résistant à la corrosion et à la température des produits PIERBURG garantissent une longue durée de fonctionnement dans les conditions d'utilisation les plus difficiles comme des condensats de gaz d'échappement agressifs, des températures jusqu'à 700° et jusqu'à 3 bars de pression.

Système d'air secondaire

Une réduction des gaz d'échappement performante en phase de démarrage à froid

En Europe, PIERBURG est leader sur le marché des systèmes d'air secondaire. La société est donc impliquée dans le développement de nombreux véhicules. Avec plus de 30 versions, la gamme de PIERBURG est inégalée.

Pompes à eau

Un refroidissement adapté aux besoins pour une longue durée de vie des moteurs

Les pompes de refroidissement électriques de PIERBURG garantissent un refroidissement des moteurs adapté aux besoins, réduisent les besoins de performance et les pertes par friction ainsi que la consommation de carburant et les émissions de polluants. Par ailleurs, PIERBURG produit chaque année plus de 7 millions de pompes à eau mécaniques destinées à la première monte. Elles se distinguent par des composants haut de gamme.

Pompes à huile

Une alimentation en huile à la perfection

La société Rheinmetall Automotive développe des pompes à huile. Elle est le fournisseur de tous les principaux constructeurs de moteurs et dispose de nombreux brevets. Bénéficiant de ce savoir-faire, Motorservice propose des pompes destinées à de nombreuses applications pour les voitures particulières et les véhicules utilitaires.

Profitez de cette expérience et d'un juste rapport qualité/prix.

Pompes à vide

Une dépression fiable pour de nombreux éléments de commande

Les pompes à précision de PIERBURG produisent la dépression requise pour le freinage assisté, la commande du verrouillage centralisé, la climatisation, la boîte de vitesses automatique, les systèmes de réduction des émissions nocives et autres éléments de commande.

Pompes de recirculation d'eau
Une aide flexible et indépendante
présentant une grande résistance à la
température

Les pompes de recirculation d'eau PIERBURG se distinguent par leur faible poids et leur grande résistance aux médias et à la température. Elles sont utilisées là où les fonctions de refroidissement et de chauffage doivent être effectuées indépendamment du nombre de tours du moteur, comme par ex. les chauffages auxiliaires ou le refroidissement de turbocompresseurs, les entraînements et les accumulateurs dans les véhicules électriques.

Actuateurs
De petits convertisseurs avec un
grand effet

Qu'il s'agisse de clapets de commande pour le réglage de l'arbre à cames, des modules d'entraînement électriques pour la commande de clapets tumble ou à torsion, des moteurs pas-à-pas pour le réglage du ralenti ou des servomoteurs pour le réglage des tubulures d'aspiration variables – on trouve les actuateurs PIERBURG partout où une régulation est nécessaire.

Nota importante

Los datos contenidos en este catálogo se han redactado de forma metódica, aunque están sujetos a variaciones. No asumimos ninguna responsabilidad por la exactitud de los datos. En particular, no podemos descartar modificaciones de equipamiento por parte de los fabricantes de vehículos o de motores, al igual que modificaciones en las designaciones. Cualquier notificación sobre posibles errores en el catálogo será bienvenida, corrigiéndose éstos en ediciones posteriores. Los nombres, las designaciones y las indicaciones de números de vehículos o de fabricantes, entre otras cosas, se indican sólo a modo de comparación. Queda reservado el derecho a modificar en cualquier momento las especificaciones, los materiales y la apariencia de nuestros productos.

La función y el propósito indicados en el catálogo no se ven afectados. Las representaciones, dibujos esquemáticos y otros datos explican e ilustran nuestros productos y no se pueden tomar, en ningún caso, como base para la instalación de piezas ni para definir el volumen de suministro o el diseño. Los datos sobre números de pieza de repuesto original de los fabricantes de vehículos y motores serán sólo válidos a modo de comparación. No son designaciones originales y no se deben usar frente a terceros. No nos hacemos responsables por el uso de las listas comparativas, en especial, debido a posibles modificaciones y/o diferencias de dimensiones de los fabricantes individuales.

No asumimos ninguna responsabilidad de la exactitud de los datos ni de la adecuación de los productos al uso previsto. Para

poder asegurarse de ello, antes de realizar el montaje aconsejamos solicitar asesoramiento especializado al fabricante o a un taller autorizado por éste.

Las piezas ofrecidas en el catálogo no están destinadas para el uso en aviones. En caso del uso en motores marinos o motores estacionarios hay que tener en cuenta que con la misma denominación de motores quizá sean necesarias diferentes piezas motrices (p. ej. pistones).

La copia, el plagio, la reproducción total o parcial requiere nuestro consentimiento por escrito y la indicación de la fuente. La presente versión sustituye y anula todas las versiones anteriores.

Nos reservamos el derecho a efectuar modificaciones y no nos responsabilizamos de los errores.

Gestión de calidad

Como prueba de que nuestra gestión de calidad cumple los requisitos de las normas internacionales pertinentes, estamos certificados según ISO 9001.

Si en algún caso, a pesar de los controles realizados constantemente durante el proceso de producción y del minucioso control final, se presentara un fallo de material o de fabricación, naturalmente nos haremos cargo de la reparación del motor o sustituiremos el producto defectuoso dentro del plazo límite estipulado. Este tipo de reclamaciones se nos deben comunicar por escrito en un plazo de 30 días tras presentarse el fallo. El plazo límite para las reclamaciones por

defectos es de 12 meses, contados a partir de la fecha de envío del producto. El derecho de reclamaciones por defectos quedará sin vigencia si el producto suministrado es modificado por terceros o mediante el montaje de piezas de otros fabricantes, a menos que el defecto en cuestión no tenga ninguna relación causal con la modificación. El derecho a reclamación por defectos quedará, asimismo, sin vigencia si no se cumplen las prescripciones vigentes para el manejo y el montaje. El desgaste normal y los daños derivados de un manejo incorrecto están excluidos de la garantía.

Para nosotros

es muy importante aprovechar los recursos naturales de forma responsable, proteger el medio ambiente y cumplir todas las obligaciones legales relevantes para establecer una colaboración a largo plazo con todos nuestros socios. Ésos son los motivos que nos llevaron a cumplir la norma para sistemas de gestión medioambiental ISO 14001 y a obtener el certificado correspondiente.

Rheinmetall Automotive
Proveedor de renombre para la industria automotriz internacional

Rheinmetall Automotive es la parte que se ocupa de la movilidad dentro del grupo tecnológico Rheinmetall Group. Gracias a sus marcas de primera calidad, KOLBENSCHMIDT, PIERBURG y Motorservice, Rheinmetall Automotive se encuentra a la cabeza en los mercados de los sectores de alimentación de aire, reducción de contaminantes y bombas, así en el desarrollo, producción y suministro de repuestos de pistones, bloques de motor y cojinetes. La reducción de la emisión de sustancias contaminantes y el consumo económico de combustible, junto con la fiabilidad, calidad y seguridad: estos son los factores decisivos que impulsan las innovaciones de Rheinmetall Automotive.

Grupo Motorservice
Calidad y servicio en un solo proveedor

El Grupo Motorservice es la organización de ventas y distribución para las actividades del servicio posventa de Rheinmetall Automotive en todo el mundo. Se trata de uno de los principales proveedores de componentes para motores en el mercado de piezas de repuesto. Gracias a sus marcas de primera calidad, KOLBENSCHMIDT, PIERBURG y TRW Engine Components, así como gracias a la marca BF, Motorservice ofrece a sus clientes un amplio y completo surtido de máxima calidad todo en un solo proveedor. Asimismo, cuenta con un importante paquete de servicios para resolver los problemas de comercios y talleres. De esta forma, los clientes de Motorservice pueden beneficiarse del conocimiento técnico acumulado por uno de los grandes proveedores automotrices internacionales.

PIERBURG

La marca de primera calidad en torno al motor

ESPAÑOL

La especificación política para los valores límite futuros de sustancias contaminantes presenta nuevos retos para los ingenieros y los materiales.

Rheinmetall Automotive, una fusión de las prestigiosas empresas Kolbenschmidt y Pierburg, está preparada para este desarrollo gracias a los numerosos años de experiencia en reducción de contaminantes y de consumo. Por una buena razón, siete de los automóviles premiados por la revista especializada americana "Ward's Auto World" con la distinción de los "Ten Best Engines" (los diez mejores motores) están equipados con productos de Rheinmetall Automotive.

1. Componentes del sistema y servicio de postventa

Alimentación de combustible

Todo para el "circuito" del vehículo

Desde bombas de combustible, módulos de alimentación y sensores del depósito, reguladores de presión del sistema, válvulas de retención, pasando por válvula de regeneración hasta válvula AKF. Motorservice ofrece una amplia gama de componentes esenciales para el sistema de combustible: con la acreditada calidad PIERBURG.

Alimentación de aire

Para una gran eficiencia y disfrutar más de la conducción

Tubuladuras de la mariposa, tuberías de aspiración y módulos colectores de admisión para el control del volumen de aire óptimo: estos productos con tecnología perfeccionada garantizan un rendimiento óptimo, un buen confort de marcha y el par correcto con el consumo de combustible más reducido posible.

Recirculación de los gases de escape (EGR)

Reducción de contaminantes en un 50% antes de alcanzar el catalizador

No en vano, PIERBURG está representada con las válvulas EGR y radiador EGR en numerosos vehículos modernos como fabricante de equipamiento original. Los materiales resistentes a la corrosión y a la temperatura de los productos PIERBURG garantizan una larga durabilidad bajo las condiciones más adversas, como por ejemplo, el condensado de gases de escape, las temperaturas de hasta 700° y una presión de hasta 3 bares.

Sistema de aire secundario

Reducción eficiente de emisiones de gases de escape durante la fase de arranque en frío

PIERBURG es líder de mercado en Europa en los sistemas de aire secundario y por tanto participa durante el desarrollo de numerosos vehículos. Con más de 30 versiones, el programa de PIERBURG es único.

Bombas de agua

Refrigeración en función de la situación para una prolongada vida útil de un motor

Las bombas de refrigerante eléctricas de PIERBURG se encargan refrigerar el motor en función de la situación, reducen la potencia requerida y reducen la pérdida por fricción, el consumo de combustible y las emisiones de sustancias contaminantes. PIERBURG produce anualmente más de 7 millones de bombas de agua mecánicas para el equipamiento original. Éstas se caracterizan por sus componentes de gran calidad.

Bombas de aceite

Alimentación de aceite a la perfección

Rheinmetall Automotive desarrolla y suministra bombas de aceite para todos los fabricantes de motor que lideran el mercado y disponen de una gran cantidad de patentes. En base a esta experiencia, Motorservice ofrece bombas para una gran cantidad de aplicaciones de turismos y vehículos industriales. Aproveche nuestras experiencias con justa relación calidad-precio.

Bombas de vacío

Vacío fiable para numerosos elementos de control

Las bombas de precisión de PIERBURG generan el vacío necesario para la asistencia de la fuerza de frenado, la comprobación de funcionamiento del cierre centralizado, del aire acondicionado, del la transmisión automática, de los sistemas de reducción de contaminantes y otros elementos de control.

Bombas de recirculación de agua
Flexibles, son el ayudante independiente con una gran resistencia térmica

Las bombas de recirculación de agua de PIERBURG se caracterizan por un peso reducido y una elevada resistencia a los medios y a la temperatura. Se usan allí donde las funciones de refrigeración o de calefacción se tienen que realizar de manera independiente al número de revoluciones por minuto del motor, como por ejemplo las calefacciones estacionarias o para la refrigeración de turbocargadores, el accionamiento y batería de vehículos eléctricos.

Actuadores
Pequeños transformadores con gran efecto

Tanto las válvula de mando para el ajuste del árbol de levas, los módulos eléctricos de accionamiento para el control de las válvulas de turbulencias / compuertas de entrada de aire en espiral, motores paso a paso para la regulación del ralentí o los servomotores para el ajuste de las tuberías de aspiración variables: Los actuadores de PIERBURG se encuentran allí donde hay que controlar algo.

Avvertenze importanti

Le indicazioni riportate in questo catalogo sono state elaborate scrupolosamente, ma non sono vincolanti. Non ci assumiamo alcuna responsabilità per la correttezza di tali indicazioni. In particolare, non si possono escludere modifiche dell'equipaggiamento da parte del produttore del veicolo o del motore o modifiche delle denominazioni. Le informazioni su eventuali errori nel catalogo sono sempre gradite. Gli errori verranno corretti nelle edizioni future. I nomi, le descrizioni e i numeri di veicoli, produttori e simili sono elencati solo per poter fare confronti. Ci riserviamo il diritto di apportare modifiche alle specifiche, ai materiali e all'aspetto dei nostri prodotti in qualsiasi momento.

Il funzionamento e lo scopo d'utilizzo indicato nel catalogo rimangono invariati. Le figure, i disegni schematici e altre indicazioni servono alla spiegazione e alla rappresentazione e non possono essere utilizzati come base per il montaggio, la fornitura e la costruzione. Le indicazioni sui numeri ricambi originali dei produttori di veicoli e motori servono solo per poter fare confronti. Non si tratta di denominazioni di origine e non vanno utilizzate verso terzi. Non possiamo assumerci responsabilità per l'utilizzo degli elenchi di confronto, in particolare a causa delle possibili modifiche e/o delle differenze di misura dei singoli produttori.

Non ci assumiamo alcuna responsabilità per la correttezza dei dati e per l'idoneità del prodotto agli scopi d'utilizzo desiderati. Per garantire tutto ciò, prima del montaggio chiedere sempre il consiglio professionale del produttore del veicolo e del motore o dell'officina autorizzata. I componenti offerti nel catalogo non sono destinati all'utilizzo in aeromobili. In caso di utilizzo di motori marini e stazionari fare attenzione che la stessa denominazione può essere impiegata per vari componenti del motore (per es. pistone).

La riproduzione e la copia, anche parziali, sono consentite solo con la nostra autorizzazione scritta e solo riportando la fonte. Con la pubblicazione del presente catalogo le edizioni precedenti perdono validità.

La società si riserva il diritto di effettuare cambiamenti e correggere gli errori.

Gestione della qualità

A testimoniare che la nostra gestione della qualità soddisfa i requisiti delle norme internazionali pertinenti disponiamo della certificazione ISO 9001.

Qualora, nonostante i controlli eseguiti costantemente durante il processo di produzione e l'accurato collaudo finale, si dovesse verificare un difetto di materiale o di fabbricazione, provvederemo ovviamente, entro il periodo di prescrizione,

alla riparazione del motore o alla sostituzione del prodotto contestato. Contestazioni del genere devono essere comunicate per iscritto alla nostra azienda immediatamente dopo che si è verificato il danno. Il periodo di prescrizione per i diritti risultanti dalla garanzia sui difetti di conformità è di 12 mesi a decorrere dalla consegna del bene.

Decliniamo qualsiasi responsabilità per i danni conseguenti al mancato rispetto delle istruzioni per l'uso, la manutenzione e il montaggio, all'utilizzo improprio, non conforme o non adatto, all'impiego negligente o errato, all'usura naturale, allo stoccaggio errato o a modifiche dei prodotti effettuate dall'acquirente o da terzi.

Gestione ambientale

L'uso responsabile e sostenibile delle risorse disponibili, la tutela ambientale e il rispetto di tutti gli obblighi di legge rilevanti in materia sono di primaria importanza nell'ambito di una collaborazione a lungo termine con tutti i nostri partner. È questo il motivo per cui la nostra azienda ha definito come obiettivo l'adempimento della norma ISO 14001, la quale definisce i parametri per i sistemi di gestione ambientale, e ha ottenuto la relativa certificazione.

Rheinmetall Automotive
Fornitore rinomato dell'industria automobilistica internazionale

Rheinmetall Automotive rappresenta il comparto mobilità del colosso tecnologico Rheinmetall Group. Con i marchi premium KOLBENSCHMIDT, PIERBURG e Motorservice, Rheinmetall Automotive occupa una posizione leader a livello mondiale nei settori dell'alimentazione dell'aria, della riduzione delle sostanze nocive e delle pompe nonché nello sviluppo, nella produzione e nella fornitura di ricambi di pistoni, blocchi motore e cuscinetti a strisciamento. Emissioni di sostanze nocive contenute, ridotto consumo di carburante, affidabilità, qualità e sicurezza rappresentano i fattori principali che alimentano lo spirito di innovazione di Rheinmetall Automotive.

Gruppo Motorservice
Qualità e assistenza da un unico fornitore

Il gruppo Motorservice è l'organizzazione di vendita per le attività Aftermarket di Rheinmetall Automotive a livello mondiale. L'azienda rappresenta uno dei fornitori leader per componenti del motore nel mercato libero dei ricambi. Con i marchi premium KOLBENSCHMIDT, PIERBURG, TRW Engine Components e il marchio BF, Motorservice offre ai suoi clienti un ampio e vario assortimento di elevata qualità, tutto da un unico fornitore. Rinomato partner di rivenditori e officine dispone inoltre di un ampio pacchetto di soluzioni. I clienti di Motorservice traggono vantaggio dal vasto know-how tecnico di uno dei principali fornitori dell'industria automobilistica.

PIERBURG**Il marchio premium****Tutto per il motore**

ITALIANO

Le direttive sui limiti futuri alle emissioni di sostanze nocive pongono nuove sfide per gli ingegneri e i materiali.

Rheinmetall Automotive, nata dalla fusione delle famose aziende Kolbenschmidt e Pierburg, con la sua lunga esperienza nella riduzione delle sostanze nocive e dei consumi è pronta per questi nuovi sviluppi. Non a caso, sette dei veicoli che hanno ricevuto il premio "Ten Best Engines" dalla rivista specializzata statunitense "Ward's Auto World" erano dotati di prodotti di Rheinmetall Automotive.

1. Componenti dei sistemi e assistenza

Alimentazione del carburante

Tutto quello che serve per la "circolazione" del veicolo

Dalle pompe di alimentazione carburante, ai moduli d'alimentazione e trasduttori livello carburante, dalle valvole di non ritorno alle valvole di rigenerazione, fino a includere le valvole FCA: Motorservice offre un ampio spettro di componenti essenziali per il sistema di alimentazione del carburante – con la comprovata qualità PIERBURG.

Alimentazione dell'aria

Maggiore efficienza e piacere di guida

Regolatori della valvola a farfalla, tubi d'aspirazione e moduli collettore aspirazione per la gestione ottimale della quantità d'aria – questi prodotti tecnicamente all'avanguardia assicurano prestazioni ottimali, comfort di guida e la coppia giusta con un consumo di carburante minimo.

Ritorno dei gas di scarico (EGR)

Riduzione delle sostanze nocive del 50 % ancora prima di raggiungere il catalizzatore

Non per nulla PIERBURG è presente in numerosi veicoli moderni con le sue valvole EGR e i suoi radiatori EGR. I materiali resistenti alla corrosione e alle temperature dei prodotti PIERBURG garantiscono una lunga durata di funzionamento in condizioni proibitive come ad es. condensa dei gas di scarico aggressiva, temperature fino a 700° e pressioni di ben 3 bar.

Sistema dell'aria secondaria

Efficiente riduzione dei gas di scarico durante la fase di avviamento a freddo

PIERBURG è leader di mercato in Europa nei sistemi dell'aria secondaria e partecipa quindi allo sviluppo di numerosi veicoli. Con oltre 30 modelli il programma di PIERBURG non ha eguali.

ITALIANO

Pompe dell'acqua

Raffreddamento in base alle esigenze per una lunga vita del motore

Le pompe elettriche per refrigerante di PIERBURG garantiscono un raffreddamento del motore in base alle esigenze, riducono la potenza richiesta e le perdite per attrito, il consumo di carburante e le emissioni di sostanze nocive. PIERBURG produce ogni anno oltre 7 milioni di pompe dell'acqua meccaniche per il primo equipaggiamento. Queste si contraddistinguono per i componenti di elevata qualità.

Pompe dell'olio

Alimentazione di olio alla perfezione

Rheinmetall Automotive sviluppa e produce pompe dell'olio per tutti i principali produttori del motore e detiene numerosi brevetti. Sulla base di questo know-how Motorservice offre pompe per una serie di applicazioni su autoveicoli per trasporto di persone e di merci. Approfittate di questa vasta esperienza a un equo rapporto qualità-prezzo.

Pompe per vuoto

Depressione sicura per numerosi elementi di comando

Le pompe di precisione di PIERBURG generano la depressione necessaria per la funzionalità servofreno, la gestione della chiusura centralizzata, il climatizzatore, il cambio automatico, i sistemi di riduzione delle sostanze nocive e altri elementi di comando.

Pompe di circolazione acqua

Strumenti indipendenti e flessibili con elevata resistenza alle temperature

Le pompe di circolazione acqua di PIERBURG si contraddistinguono per il loro peso ridotto e una elevata resistenza ai mezzi di esercizio e alle temperature. Sono utilizzate per il raffreddamento e il riscaldamento indipendenti dal numero di giri del motore, come ad es. il riscaldamento a veicolo fermo o il raffreddamento di turbocompressori, azionamento e accumulatore nei veicoli elettrici.

Attuatori

Piccoli trasformatori con grande efficacia

Dalle valvole di comando al comando albero a camme, dai moduli di azionamento elettrici per la gestione di farfalle tumble/farfalle di turbolenza, dai motorini passo-passo per la regolazione del funzionamento al minimo ai servomotori per la regolazione di tubi d'aspirazione variabili – gli attuatori di PIERBURG si trovano in tutte le applicazioni di regolazione.

Важные указания

Приведенные в этом каталоге данные тщательно отобраны, однако не являются обязательными. Мы не несем ответственности за правильность этих данных. В частности, не исключаются возможные изменения в оснащении, внесенные изготовителями транспортных средств или двигателей, а также изменения обозначений. Мы всегда рады поступлению информации о возможных допущенных в каталоге ошибках, которые мы исправляем в следующих выпусках. Названия, описания и номера транспортных средств, изготовителей и т. п. приводятся только для сравнения. Мы оставляем за собой право в любое время изменять спецификации, материалы и внешний вид наших продуктов.

Это положение не относится к функции и указанному в каталоге назначению.

Рисунки, схематические чертежи и прочие данные служат для пояснения и отображения; они не могут использоваться в качестве основания для монтажа, комплекта поставки и конструкции. Информация о номерах фирменных запасных частей изготовителей транспортных средств и двигателей служит только для сравнения. Она не охватывает данные о происхождении и не может использоваться по отношению к третьим лицам. Мы не можем взять на себя ответственность за пользование списками сравнения, особенно по причине возможных изменений и/или разностей размеров, вносимых отдельными изготовителями. Мы не несем ответственности за правильность данных и за то, что продукт подходит для намеченной цели применения. Для обеспечения этого в любом случае перед

монтажом необходимо обратиться за компетентной консультацией к изготовителю или в его авторизованную мастерскую гарантийного ремонта.

Предлагаемые в каталоге части не предназначены для использования в воздушных транспортных средствах. В случае применения в двигателях судов и стационарных двигателях необходимо учитывать, что при одинаковом обозначении двигателя могут использоваться различные части двигателя (например, поршни).

Перепечатка, копирование и размножение, также в частичной форме, разрешены только с нашего письменного согласия и при условии указания источника. С момента выпуска данного каталога предыдущие издания теряют свою силу.

Сохраняется право на внесение изменений и ошибки.

Менеджмент качества

В знак того, что наша система обеспечения качества соответствует требованиям специальных международных норм, мы провели сертификацию ISO 9001.

Если же, несмотря на непрерывно проводимый контроль во время производственного процесса и основательный заключительный контроль, все-таки возникнет дефект материала или изготовления, то мы, само собой разумеется, берем на себя либо ремонт двигателя, либо замену рекламируемого изделия в течение срока давности. Рекламации подобного рода необходимо

направлять нам письменно в течение 30 дней после обнаружения повреждения. Срок давности в отношении рекламаций по качеству составляет 12 месяца, считая с момента поставки товара.

Рекламации по качеству теряют силу, если поставленный продукт был изменен третьей стороной или были вмонтированы части иного происхождения, за исключением случаев, когда дефект не имеет причинной связи с такими изменениями. Кроме того, они теряют силу, если обращение с частями или их монтаж осуществлялись не в соответствии с действующими предписаниями.

Гарантия не распространяется на естественный износ и повреждение в результате неправильного обращения.

Экологический менеджмент

Ответственное использование природных ресурсов, защита окружающей среды и выполнение всех установленных законом важных обязательств составляют прочную основу для долгосрочного сотрудничества со всеми нашими партнерами. Это и стало причиной, мотивирующей нас выполнить требования систем экологического менеджмента ISO 14001 и сертифицировать нашу организацию.

Rheinmetall Automotive
Пользующийся хорошей репутацией поставщик мировой автомобильной промышленности

Rheinmetall Automotive представляет собой подразделение мобильности технологического концерна Rheinmetall Group. Предлагая продукцию марок премиум-класса KOLBENSCHMIDT, PIERBURG и Motorservice, Rheinmetall Automotive занимает на соответствующих рынках ведущие в мире позиции в таких областях, как снабжение воздухом, уменьшение содержания вредных веществ и насосы, а также по разработке и производству поршней, блоков цилиндров двигателей и подшипников скольжения, включая поставку запасных частей к ним. Низкий уровень выбросов вредных веществ, экономный расход топлива, надежность, качество и безопасность являются определяющими стимулами к созданию новаторских решений Rheinmetall Automotive.

Группа Motorservice
Качество и сервис из одних рук

Группа Motorservice – это организация по сбыту продукции концерна Rheinmetall Automotive, активно действующая на мировом рынке обслуживания автомобилей. Она является ведущей фирмой, предлагающей компоненты двигателей для свободного рынка запасных частей. Широкий и всеобъемлющий ассортимент группы Motorservice, включающий в себя продукцию марок премиум-класса KOLBENSCHMIDT, PIERBURG, TRW Engine Components, а также марки BF, позволяет клиентам приобретать компоненты двигателей высшего качества из одних рук. Для решения задач торговых предприятий и мастерских она предлагает также широкий спектр услуг. Таким образом клиенты группы Motorservice значительно выигрывают от специализированного технического ноу-хау крупного поставщика мировой автомобильной промышленности.

PIERBURG

Продукты премиум-класса для двигателя

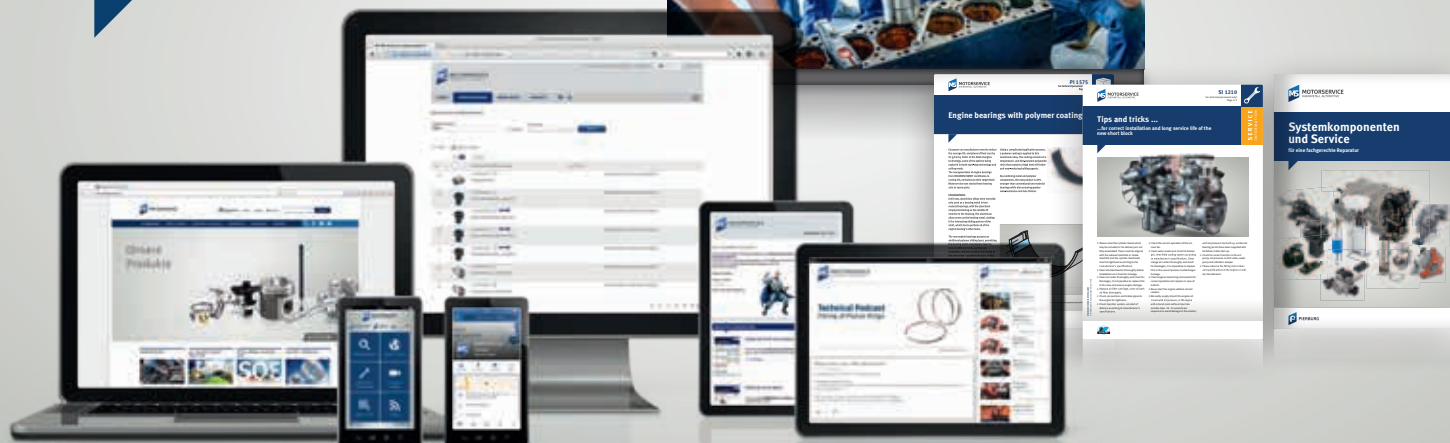

Законы о предельно допустимых выбросах вредных веществ в будущем предъявляют новые требования к инженерам и материалам.

Благодаря своему многолетнему опыту в области уменьшения содержания вредных веществ и расхода топлива концерн Rheinmetall Automotive, в состав которого входят известные фирмы Kolbenschmidt и Pierburg, готов к такой тенденции. Не случайно семь из автомобилей, получивших награду «Ten Best Engines» от американского специализированного журнала «Ward's Auto World», оснащены продуктами от Rheinmetall Automotive.

1. Системные компоненты и сервис

Снабжение топливом

Всё для «пульса» автомобиля

Будь то топливные насосы, модули подачи, датчики давления в топливном баке, регуляторы давления в системе, обратные клапаны, клапаны регенерации или клапаны фильтра из активированного угля: компания Motorservice предлагает широкий выбор незаменимых компонентов топливной системы – проверенного качества от PIERBURG.

Снабжение воздухом

Высокая эффективность и удовольствие от езды

Такие усовершенствованные продукты, как корпуса дроссельного узла, впускные трубы и модули впускной трубы для регулирования подачи оптимального количества воздуха, обеспечивают высокую мощность, комфортность езды и желаемое число оборотов при минимальном расходе топлива.

Рециркуляция выхлопных газов (EGR)

Уменьшение содержания вредных веществ на 50 % еще до достижения катализатора

Не случайно многие современные автомобили оснащены клапанами системы EGR и радиаторами системы EGR предприятия-изготовителя PIERBURG. Ведь антикоррозионные и термостойкие материалы, из которых изготовлены продукты PIERBURG, гарантируют долгий срок службы в самых экстремальных условиях, например, при агрессивном конденсате отработавших газов, температуре до 700 °С и давлении до 3 бар.

Система вторичного воздуха

Эффективное уменьшение количества отработавших газов во время фазы запуска в холодном состоянии

Являясь ведущим европейским изготовителем систем вторичного воздуха, PIERBURG вносит значительный вклад в разработку многих транспортных средств. Ассортимент компании PIERBURG, включающий в себя более 30 исполнений, не знает себе равных.

Водяные насосы

Охлаждение с учетом потребности для долгого срока службы двигателя

Электрические насосы охлаждающей жидкости PIERBURG обеспечивают охлаждение двигателя с учетом потребности, снижают потребляемую мощность и уменьшают потери на трение, расход топлива и выбросы вредных веществ. Кроме того, компания PIERBURG производит ежегодно свыше 7 миллионов механических водяных насосов для первичной комплектации. Они отличаются высшим качеством встроенных деталей.

Масляные насосы

Совершенство маслоснабжения

Rheinmetall Automotive разрабатывает и поставляет масляные насосы всем ведущим изготовителям двигателей, а также обладает многочисленными патентами. На базе этого ноу-хау компания Motorservice предлагает насосы для различных областей применения в легковых и грузовых автомобилях. Воспользуйтесь опытом эксперта и справедливым соотношением цены и качества.

Вакуумные насосы

Надежное разрежение для многих регулирующих элементов

Высокоточные насосы от PIERBURG создают разрежение, необходимое для усиления тормозного привода, управления функциями системы замков с центральным управлением, установки кондиционирования воздуха, автоматической коробки передач, систем снижения содержания вредных веществ и других регулирующих элементов.

Водяные циркуляционные насосы
Гибкость и независимость при высокой термостойкости

Водяные циркуляционные насосы PIERBURG отличаются малым весом и высокой стойкостью к действию сред и температур. Области применения: охлаждение или отопление вне зависимости от частоты вращения двигателя, например, в системах отопления при неработающем двигателе или для охлаждения турбоагрегатов, привода и аккумуляторных батарей в электромобилях.

Исполнительные органы
Малые преобразователи с большим эффектом

Будь то распределительные клапаны для механизма изменения фаз газораспределения, электрические приводные модули для управления перекидными заслонками/вихревыми клапанами, шаговые двигатели для регулирования холостого хода или исполнительные двигатели для управления регулируемыми впускными трубами – исполнительные органы PIERBURG незаменимы в тех случаях, когда требуется какой-либо вид перемещения.

المشغلات

محولات صغيرة ذات فعالية كبيرة

ستجد مشغلات PIERBURG حيث ينبغي إجراء ضبط لشيء ما سواء كانت صمامات التحكم لضبط عمود الكامات أو وحدات إدارة كهربائية للتحكم في صمامات التدويم/التقليب أو محركات خطوية للتحكم في وضع اللاحمل أو محركات ضبط لتعديل ضبط مواسير الشفط المتغيرة.

مضخات تدوير الماء

أجهزة معاونة مرنة ومستقلة لها قدرة عالية على مقاومة درجات الحرارة

تتميز مضخات تدوير الماء من شركة PIERBURG بانخفاض وزنها ومقاومتها العالية للوسائط ودرجات الحرارة. ويتم استخدامها حيث يتعين تحقيق مستويات معينة من التبريد أو التسخين بشكل مستقل عن سرعة دوران المحرك، مثل: السخانات أو لتبريد الشواحن التوربينية أو محركات الدفع والبطاريات في السيارات الكهربائية.

مضخات التفريغ

ضغط منخفض آمن للعديد من عناصر التحكم
تقوم مضخات بيربورج الدقيقة بإنتاج الضغط المنخفض
اللازم لتعزيز قوة المكابح وللتحكم في وظائف أنظمة الأقفال
المركزية ومكيف الهواء ونواقل الحركة الأوتوماتيكية
وأنظمة خفض الانبعاثات الضارة وغيرها من عناصر التحكم.

مضخات الزيت

الإمداد بالزيت على أفضل ما يمكن
تقوم شركة Rheinmetall Automotive للسيارات
بتطوير مضخات الزيت وتوريدها إلى جميع شركات إنتاج
المحركات الرائدة ولديها العديد من براءات الاختراع.
بناءً على هذه الخبرة المتراكمة تقدم شركة Motorservice
للمضخات العديد من تطبيقات سيارات الركوب والمركبات
التجارية.
استفد من هذه الخبرات بأسعار مناسبة.

مضخات الماء

تبريد مرتبط بالضرورة لإطالة عمر المحرك
تضمن مضخات سائل التبريد الكهربائية من شركة بيربورج
تبريداً للمحرك مرتبط بالضرورة وتحد من من الاحتياج
للطاقة وتقلل خسائر الاحتكاك واستهلاك الوقود وانبعاثات
المواد الضارة. تنتج شركة بيربورج سنويًا ما يزيد على
٧ مليون مضخة ماء ميكانيكية للتجهيز الأولي. تتميز هذه
المضخات بأجزائها التركيبية فائقة الجودة.

نظام الهواء الثانوي

خفض فعال للعوادم أثناء مرحلة بدء التشغيل على البارد
تعتبر شركة بيربورج أحد أهم الشركات الرائدة في أوروبا في مجال أنظمة الهواء الثانوي وبالتالي هي تساهم في تطوير العديد من السيارات. وصلت مجموعة PIERBURG إلى أكثر من ٣٠ تصميم.

إعادة تدوير غازات العادم (EGR)

خفض الانبعاثات الضارة بنسبة ٥٠٪ حتى قبل أن تصل إلى جهاز تنقية العادم
تعتبر شركة PIERBURG مع صمامات EGR ومبردات نظام إعادة تدوير العادم في العديد من السيارات الحديثة، شركة لصناعة المعدات الأصلية. تضمن المواد المصنوعة منها منتجات بيربورج المقاومة للصدأ ولدرجات الحرارة عمر تشغيلي طويل تحت أقسى الظروف، مثل: نواتج تكثف العوادم الضارة ودرجات الحرارة التي قد تصل إلى ٧٠٠ درجة وضغط يصل إلى ٣ بار.

١ - مكونات النظام والصيانة

الإمداد بالهواء

لزيادة الكفاءة والمزيد من متعة القيادة

وصلات فوهات الأغشية الخانقة ومواسير الشفط وحدات أنابيب الشفط للتحكم في كمية الهواء المثالية – هذه المنتجات ذات التقنيات الراقية تضمن الأداء المثالي وراحة القيادة وعزم الدوران الصحيح مع أقل استهلاك للوقود.

الإمداد بالوقود

كل شيء من أجل "دورة" السيارة

بدايةً من مضخات الوقود ونماذج الدعم ووحدة إرسال الخزان ومنظمات ضغط النظام وصمامات الارتجاع ومرورًا بصمامات التجديد وحتى صمامات فلتر الكربون النشط: تقدم شركة Motorservice تشكيلة كبيرة من المكونات لا غنى عنها في أنظمة الوقود – بجودة PIERBURG الفائقة.

PIERBURG

العلامة التجارية المتميزة

ما يتعلق بالمحرك

المعيار السياسي للقيم الحدية المستقبلية للعوادم يُحدده المهندسون والمواد أمام التحديات الجديدة.

شركة Rheinmetall Automotive عبارة عن تحالف يضم شركات شملت لصناعة المكابس وبيربورج الشهيرتين، وهي مسلحة بخبرتها الطويلة في مجال خفض الانبعاثات الضارة وتخفيض استهلاك الوقود من أجل هذا التطور. ليس من قبيل الصدفة أن تحصل سبع سيارات مُجهزة بمنتجات شركة Rheinmetall Automotive على لقب "أفضل عشرة محركات" ضمن عشر سيارات منحتها المجلة الأمريكية المتخصصة "Ward's Auto World" هذا اللقب.

شركة Rheinmetall Automotive للسيارات
إحدى شركات التوريد ذات الشهرة الكبيرة في مجال صناعة السيارات عالمياً

تعد شركة Rheinmetall Automotive فرع المركبات بمجموعة شركات Rheinmetall Group للتكنولوجيا. تبوأَت شركة Rheinmetall Automotive مواقع الصدارة على مستوى العالم في الأسواق التي تستهدفها من خلال علاماتها التجارية المتميزة KOLBENSCHMIDT و PIERBURG وصيانة المحركات، وذلك في مجالات الإمداد بالهواء وتقليل انبعاثات المواد الضارة والمضخات، فضلاً عن أنشطتها في مجال تطوير وإنتاج الكباسات وكتل المحركات والمحامل الانزلاقية وتوريد قطع غيارها. فتقليل انبعاثات المواد الضارة والاستهلاك المنخفض للوقود والاعتمادية والجودة والأمان هي المعايير الأساسية للابتكار لدى شركة Rheinmetall Automotive.

مجموعة صيانة المحركات

الجودة والصيانة من مصدر واحد

تعد مجموعة صيانة المحركات مؤسسة التوزيع لمهام ما بعد البيع على مستوى العالم لشركة Rheinmetall Automotive. وهي إحدى الشركات الرائدة في توفير مكونات المحركات في سوق قطع الغيار المفتوح. تقدم مجموعة صيانة المحركات لعملائها مجموعة كبيرة وعريقة من المنتجات بأعلى مستويات الجودة، وذلك من خلال علاماتها التجارية المتميزة PIERBURG و KOLBENSCHMIDT و TRW لمكونات المحركات والعلامة التجارية BF. ونظراً لقدرتها على حل المشاكل المتعلقة بالأنشطة التجارية والورش، فإن الشركة تقدم أيضاً مجموعة خدمات واسعة النطاق. يستفيد عملاء مجموعة صيانة المحركات من الخبرة الفنية العريقة التي تتمتع بها واحدة من أكبر شركات توريد السيارات عالمياً.

إدارة البيئة

التعامل المسؤول مع المواد وحماية بيئتنا والالتزام بجميع الالتزامات المعنية كلها عوامل في غاية الأهمية للتعاون مع شركائنا على المدى الطويل. وقد كانت هذه هي الأسباب التي دفعتنا إلى استيفاء متطلبات أنظمة إدارة البيئة ISO 14001 وحصول مؤسستنا على شهادة منها بذلك.

الأجزاء المقدمة في الكتالوج غير مخصصة للاستخدام في الطائرات. عند الاستخدام في المحركات البحرية والمحركات الثابتة يجب مراعاة أنه حتى في حالة تشابه مسمى المحرك فهناك أجزاء أخرى مختلفة من المحرك (المكابيس مثلاً).

لا يسمح بإعادة طبع أو نسخ المطبوعة أو الاقتباس منها ولو بشكل جزئي دون الحصول على تصريح كتابي مسبق. ظهور هذا الكتالوج يُفقد الإصدارات السابقة صلاحيتها.

نحتفظ بحق إدخال التعديلات، كما أن الخطأ وارد.

إدارة الجودة

نحن حاصلون على شهادة الأيزو ISO 9001 كعلامة على أن نظام إدارة الجودة لدينا يفي باشتراطات المواصفات العالمية المعنية.

في الخامات أو في التصنيع، فإننا نلتزم خلال المهلة الزمنية المحددة بأن نقوم بإصلاح المحرك أو استبدال المنتجات المعيبة. يجب إبلاغنا بمثل هذه العيوب خلال فترة ٣٠ يوماً بشكل كتابي بعد ظهور الضرر. المهلة الزمنية المحددة لمطالبات إصلاح العيوب تبلغ ٢٤ شهراً ابتداءً من تاريخ توريد المنتج.

وتسقط مطالبات إصلاح العيوب في حالة قيام جهة أخرى بتركيب المنتج أو في حالة إدخال تعديلات عليه بفعل أجزاء أخرى من مصادر خارجية، إلا إذا كان العيب غير ناتج عن هذا التغيير. كما أنها تسقط أيضاً إذا لم يتم تركيب المنتج أو التعامل معه حسب التعليمات السارية. يُستبعد من الضمان التآكل الطبيعي والتضرر الناتج عن الاستخدام المخالف للتعليمات.

إرشادات مهمة

البيانات الواردة في هذا الكتالوج موضوعة بكل اهتمام، ولكنها غير مُلزِمة. ونحن لا نتحمل أية مسؤولية عن صحة هذه البيانات. حيث لا يستبعد أن تطرأ تغييرات على التجهيزات من قبل الشركات الصانعة للسيارات والمحركات أو قد تطرأ تغييرات على المسميات. ويسعدنا دائماً تلقي إخطاراتكم بخصوص أية أخطاء قد ترد في الكتالوج على أن نصححها في الطباعات القادمة. أسماء وشروح وأرقام المحركات والسيارات والمنتجات والشركات الصانعة وغيرها مذكورة فقط بهدف المقارنة. نحتفظ لأنفسنا بالحق في إدخال أية تعديلات على مواصفات المنتجات والخامات وأشكال منتجاتنا في أي وقت.

الوظيفة وغرض الاستخدام المذكور في الكتالوج لا تتأثر بذلك. الصور والرسوم التوضيحية وغيرها من البيانات الأخرى تستخدم للشرح والإيضاح ولا يمكن استخدامها كأساس للتركيب ولا لمعرفة التجهيزات الموردة ولا البنية الهيكلية. البيانات بخصوص أرقام قطع الغيار الأصلية للشركة الصانعة للسيارات والمحركات تُستخدم لغرض المقارنة فقط. وهي ليست رسوم أساسية ولا يجوز استخدامها ضد أطراف أخرى. لاستخدام قوائم المقارنة لا يمكننا تحمل أية مسؤولية وعلى وجه الخصوص فيما يتعلق بالتغييرات المحتملة و/أو فروق المقاسات الخاصة بالشركات الصانعة المختلفة.

لا نتحمل أية مسؤولية عن صحة البيانات وتناسب المنتج مع غرض الاستخدام المقرر. وللتحقق من ذلك يجب في جميع الأحوال طلب المشورة الفنية من الشركة الصانعة وورشتها المعتمدة المتعاقدة معها.

Vorgehensweise bei Reklamationen

Sehr geehrter Motorservice Partner,

für eine schnelle und reibungslose Reklamationsbearbeitung bitten wir um die Beachtung der nachfolgenden Punkte.

Voraussetzungen für Reklamationen

Der Motorservice Handelspartner garantiert gegenüber Motorservice, dass die Voraussetzungen für eine Reklamation erfüllt sind. Der Handelspartner von Motorservice hat im Vorfeld geprüft, ob das reklamierte Teil aus dem Motorservice Lieferprogramm stammt. Ferner ist anhand von Lieferscheinen oder Rechnungen zu prüfen und zu belegen, dass seit der Lieferung des Ersatzteils weniger als 12 Monate vergangen sind. Der Handelsweg muss eingehalten werden.

Einreichung von Reklamationen

Wenn die Teile über den Motorservice OnlineShop bestellt wurden, erfolgt die Einreichung der Reklamation direkt über den OnlineShop. Bitte wählen Sie hierzu im Menü „Mein Konto“ den Eintrag „Reklamationen“ und geben Sie die Daten in das bereitgestellte Webformular ein. Für alle übrigen Reklamationen benutzen Sie bitte das nachfolgende Formular. Bitte beachten Sie, dass die für die Bearbeitung notwendigen Pflichtdatenfelder vollständig ausgefüllt sind. Der Umfang der Reklamation (Schadenshöhe) muss stets vollständig angegeben werden. Darüber hinaus sind wir auch umgehend über ggf. entstandene Personenschäden zu informieren. Werden Reparatur- oder Folgekosten geltend gemacht, müssen die entsprechenden Rechnungen als Kopie beigefügt werden. Nachträglich eingereichte Kostenansprüche, die nach unserer Diagnose oder Ergebnismitteilung eingehen, können nicht mehr anerkannt werden.

Rücksendung von Reklamationsteilen

Senden Sie Reklamationsteile nur dann zurück, wenn diese explizit von Motorservice zurückgefordert werden. Ob und welche Teile zurückgesendet werden müssen, teilen wir Ihnen nach Eingang der Reklamationsmeldung mit. Produkte, die aus mehreren Teilen bestehen, müssen stets in dem Umfang zurückgesandt werden, wie diese bezogen wurden. Wir behalten uns vor, Teile die ebenfalls beschädigt wurden bzw. zur Schadensentstehung beigetragen haben, anzufordern oder nachzufordern, auch wenn diese nicht zum Lieferprogramm von Motorservice gehören.

Reklamationsteile sind für Motorservice kostenfrei einzusenden. Wenn in einer Lieferung Teile von unterschiedlichen Reklamationen enthalten sind, müssen diese jeweils separat verpackt und gekennzeichnet werden. Teile aus Reklamationen die über das Online Reklamationsmanagement eingereicht werden, müssen für den Rückversand mit dem von der Webanwendung bereit gestellten Rücksendetikett versehen werden. Bereits benutzte Teile müssen frei von Öl und sonstigen Verunreinigungen sein. Der Handelspartner muss sicherstellen, dass die Teile ordnungsgemäß verpackt sind und beim Transport nicht beschädigt werden können. Die Teile sind zweckmäßig in einer Originalverpackung unter Einhaltung größtmöglicher Sorgfalt einzusenden. Der Rücktransport erfolgt auf Risiko und Gefahr des Handelspartners. Bei einem Teilerückversand außerhalb der europäischen Union sind die zolltechnischen Bestimmungen (z. B. Mitsendung einer Proformarechnung, Mitteilung der ursprünglichen Handelsrechnungsnummer, Teiledeklaration) in jedem Fall einzuhalten.

Adressen für den Teilerückversand :

PIERBURG Schadensteile:
MS Motorservice International GmbH
Hamburger Straße 15
41540 Dormagen, Germany

Zerstörende Bauteilprüfungen

Im Rahmen der Reklamationsbearbeitung kann es nötig sein, Teile oder Baugruppen für eine Diagnose oder Werkstoffprüfung zu zerlegen oder einer zerstörenden Prüfung zu unterziehen. Sofern Sie sich bei der Einreichung der Reklamation schriftlich einverstanden erklärt haben, übernehmen wir für die bei der Analyse entstandenen Beschädigungen keine Haftung.

Sonstiges

Teile sind nur dann reklamationstauglich, wenn diese bestimmungsgemäß eingesetzt bzw. verwendet wurden. Modifizierte Teile, bereits zerlegte Komponenten und Teile, an denen Reparaturversuche unternommen wurden, sind nicht reklamationstauglich. Teile aus abgelehnten Reklamationen werden verschrottet, sofern diese nicht explizit zurückgefordert werden. Im Rahmen der Gewährleistung erstattete Teile gehen in das Eigentum von Motorservice über. Aus organisatorischen Gründen kann die Reklamationsabwicklung ausschließlich in den Sprachen Deutsch oder Englisch erfolgen.

Procedure in case of claims

Dear Motorservice Partner,

In order to ensure fast and trouble-free processing of claims, please observe the following points.

Prerequisites for claims

The Motorservice trading partner guarantees Motorservice that the prerequisites for a claim are met. The Motorservice trading partner has already verified whether the part subject to the claim is part of the Motorservice product range. Furthermore, it is to be checked and proven based on delivery notes or invoices that less than 12 months have passed since delivery of the spare part. The trade route must be adhered to.

Submitting claims

If the parts were ordered via the Motorservice OnlineShop, claims must be submitted directly via the OnlineShop. To do this, please select the "Claims" entry in the "My account" menu and enter the data in the web form provided. For all other claims, please use the following form. Please ensure that the compulsory fields required to process the claim are filled out completely. The scope of the claim (amount of loss) must always be fully specified. Furthermore, we need to be notified immediately about any resulting personal injury. If repair or follow-up costs are claimed, copies of the respective invoices must be enclosed. Claims for costs that were handed in after our diagnostics or communication of results cannot be accepted.

Returning claim parts

Claim parts should only be returned if explicitly requested by Motorservice. We will inform you whether and which parts have to be returned following receipt of your claim. Products made up of several parts must always be returned as a whole in the same scope as they were purchased. We reserve the right to request parts that were also damaged or that contributed to the damage being caused, even if they are not part of the Motorservice product range.

Claim parts must be sent in without incurring a charge for Motorservice. If a delivery includes parts relating to different claims, they must each be packaged and labelled separately. For parts from claims submitted via the online claims management, the returns label provided by the web application must be used for the return. Already used parts must be free from oil and other impurities. The trading partner must ensure that the parts are packaged properly and cannot be damaged during transport. The parts must be sent in appropriate original packaging with the greatest possible care. The items are returned at the trade partner's own risk and peril. When returning parts from outside the European Union, customs agreements (e.g. sending of a pro-forma invoice, communication of the original commercial invoice no., part declaration) must be adhered to at all times.

Destructive component testing

When processing claims, it may be necessary to dismantle parts or assembly groups for diagnostics or material inspection, or to subject them to destructive testing. If you gave your consent in writing when submitting the claim, we can accept no liability for any damage that may occur during the analysis.

Other

Parts can only be claimed if they were deployed or used for their intended purpose. Modified parts, components and parts already taken apart in the course of repair attempts cannot be claimed. Parts from rejected claims will be scrapped unless an explicit request has been made for them to be returned. Parts refunded within the scope of the warranty become the property of Motorservice. For organisational reasons, only German or English can be used when dealing with claims.

Addresses for returning parts:

Case handler*:

1. Geltungsbereich

- 1.1 Die Allgemeinen Verkaufs- und Lieferbedingungen der MS Motorservice International GmbH (im Folgenden „Verkäufer“ genannt) gelten ausschließlich. Entgegenstehende oder von diesen Verkaufs- und Lieferbedingungen abweichende Bedingungen des Käufers werden nicht anerkannt, es sei denn, der Verkäufer hat ausdrücklich und schriftlich der Geltung abweichender Bedingungen zugestimmt. Diese Verkaufs- und Lieferbedingungen gelten auch dann, wenn der Verkäufer in Kenntnis entgegenstehender oder von den eigenen Geschäfts- und Lieferbedingungen abweichender Bedingungen des Käufers die Lieferung an den Käufer vorbehaltlos durchführt.
- 1.2 Die Verkaufs- und Lieferbedingungen gelten auch für alle zukünftigen Geschäfte mit dem Käufer. Durch Bestellung des Käufers, spätestens aber durch Annahme der Ware, werden diese Verkaufs- und Lieferbedingungen vom Käufer anerkannt.
- 1.3 Diese Verkaufs- und Lieferbedingungen gelten nur gegenüber Unternehmern.

2. Angebot und Auftragsbestätigung

- 2.1 Angebote des Verkäufers sind stets unverbindlich. Eine Bestellung des Käufers, die rechtlich als Angebot zu qualifizieren ist, gilt erst dann als angenommen, wenn sie von dem Verkäufer innerhalb von 4 Wochen schriftlich bestätigt wird. Spätestens kommt der Vertrag mit Absendung der bestellten Ware, bei Teillieferung mit Absendung der ersten Lieferung zustande.
- 2.2 Änderungen und sonstige Vereinbarungen sind nur dann verbindlich, wenn sie von dem Verkäufer schriftlich bestätigt werden.
- 2.3 Soweit der Käufer individuelle Kostenvorschläge verlangt, sind diese vergütungspflichtig. Wird die Wirksamkeit des geschlossenen Vertrages aus irgendeinem Rechtsgrund beseitigt, bleibt die Vergütungspflicht für den Kostenvorschlag bestehen.
- 2.4 Die in den Angeboten enthaltenen Unterlagen, Zeichnungen, Gewichts- und Maßangaben, Muster etc. sind nur ungefähre Angaben und stellen keine Beschaffenheitsmerkmale dar. Der Verkäufer ist berechtigt, von den Beschreibungen im Angebot abzuweichen, sofern diese Abweichungen nicht grundlegend oder wesentlicher Art sind und der vertragsgemäße Zweck nicht wesentlich eingeschränkt wird.
- 2.5 Soweit Waren nach Käuferzeichnungen gefertigt werden, sind die vom Käufer erstellten und vom Verkäufer genehmigten Zeichnungen maßgeblich. Abweichungen von genehmigten Zeichnungen sind besonders zu vereinbaren und etwaige Mehrkosten hierfür sind dem Verkäufer zu vergüten.

3. Schutzrechte

- 3.1 Der Verkäufer behält sich an allen Abbildungen, Zeichnungen, Kalkulationen und sonstigen Unterlagen das Eigentums- und Urheberrecht vor; sie dürfen ohne vorherige schriftliche Zustimmung des Verkäufers weder für andere als die vom Verkäufer angegebenen Zwecke verwendet noch Dritten zugänglich gemacht werden. Dies gilt insbesondere für solche schriftlichen Unterlagen, die als „vertraulich“, „geheim“ oder ähnlich bezeichnet sind.
- 3.2 Erfolgen Lieferungen nach Zeichnungen oder sonstigen Angaben des Käufers und werden hierdurch Schutzrechte Dritter verletzt, stellt der Käufer den Verkäufer im Innenverhältnis von sämtlichen Ansprüchen frei.
- 3.3 Der Verkäufer haftet für Ansprüche, die sich bei vertragsgemäßer Verwendung der Waren aus der Verletzung von Schutzrechten und Schutzrechtsanmeldungen (Schutzrechte) ergeben, von denen mindestens eines aus der Schutzrechtsfamilie entweder vom Europäischen Patentamt oder in einem der Staaten Bundesrepublik Deutschland, Frankreich, Großbritannien, Österreich, China, Japan oder USA veröffentlicht ist.

4. Empfehlungen, Informationen und Auskünfte

- Empfehlungen, Informationen und Auskünfte sind unverbindlich, soweit sie sich nicht auf die Ware selbst beziehen. Ersatzansprüche, gleich aus welchem Rechtsgrund, sind ausgeschlossen, es sei denn, sie beruhen auf vorsätzlichem oder grob fahrlässigem Handeln des Verkäufers.

5. Preise

- 5.1 Alle Preise sind Nettopreise und gelten „ab Werk“ (Incoterms 2010, „EXW“) ausschließlich Verpackung. Die gesetzliche Umsatzsteuer in der jeweils gültigen Höhe wird hinzugerechnet.
- 5.2 Etwaiger Mehraufwand, der durch Änderungswünsche entsteht, kann dem Käufer vom Verkäufer in Rechnung gestellt werden.
- 5.3 Treten nach Abschluss des Vertrages Ereignisse ein, die die Selbstkosten des Verkäufers bei dem Einkauf, der Herstellung und/oder dem Versand der Ware verteuern, so ist der Verkäufer zu entsprechender Preiserhöhung berechtigt.

6. Zahlungsbedingungen

- 6.1 Rechnungen sind innerhalb von 14 Tagen ab Rechnungsdatum ohne Abzug zur Zahlung fällig. Skonto gilt nur bei ausdrücklicher schriftlicher Vereinbarung.
- 6.2 Der Verkäufer ist berechtigt, selbst bei entgegenstehender Zweckbindung des Käufers eine Zahlung zunächst auf die jeweils älteste, nicht titulierte Schuld anzurechnen. Sind bereits Kosten oder Zinsen entstanden, ist der Verkäufer berechtigt, Zahlungen zunächst auf die Kosten, dann auf die Zinsen und zuletzt auf die Hauptleistung anzurechnen.
- 6.3 Das Recht zur Aufrechnung steht dem Käufer nur zu, wenn und soweit seine Gegenansprüche rechtskräftig festgestellt, unbestritten oder vom Verkäufer schriftlich anerkannt sind. Das Zurückbehaltungsrecht des Käufers ist auf Ansprüche aus dem Vertragsverhältnis beschränkt.
- 6.4 Der Verkäufer ist berechtigt, Verzugszinsen in Höhe des jeweils gültigen gesetzlichen Verzugszinssatzes zu verlangen. Das Recht, einen höheren Verzugszins nachzuweisen, bleibt ausdrücklich vorbehalten.

7. Lieferung/Lieferzeit/Verzug

- 7.1 Lieferfristen und Liefertermine gelten nur dann als verbindlich vereinbart, wenn diese vom Verkäufer ausdrücklich schriftlich zugesagt werden. Der Verkäufer ist an den Liefertermin bzw. die Lieferfrist nicht gebunden, wenn der Käufer seinen Obliegenheiten (Zahlung von Abschlägen, Beibringung erforderlicher Unterlagen etc.) nicht rechtzeitig nachkommt. Die Einrede des nichterfüllten Vertrages bleibt vorbehalten.
- 7.2 Lieferfristen beginnen frühestens an dem Tag, an dem der Vertrag schriftlich geschlossen wurde und alle technischen Fragen geklärt sind.
- 7.3 Bei Änderungswünschen des Käufers ist der Verkäufer von der Einhaltung des Liefertermins bzw. der Lieferfrist befreit. Die Parteien werden in diesem Fall einen neuen Liefertermin oder eine neue Lieferfrist vereinbaren.
- 7.4 Sofern nichts Abweichendes vereinbart wird, ist der Liefertermin bzw. die Lieferfrist eingehalten, wenn der Verkäufer die Ware an dem vereinbarten Ort bereitgestellt hat.
- 7.5 Wegen Lieferverzögerungen, die nicht auf Vorsatz oder grob fahrlässigkeit des Verkäufers beruhen, kann der Käufer keine Ansprüche geltend machen. Dies gilt insbesondere für Lieferverzögerungen aufgrund von höherer Gewalt, Arbeitskämpfen, Unruhen, behördliche Maßnahmen, Ausbleiben von Zulieferern der Zulieferanten und sonstige unvorhersehbare, unabwendbare und schwerwiegende Ereignisse. Der vereinbarte Liefertermin bzw. die Lieferfrist verschiebt sich in diesen Fällen entsprechend der Dauer des Lieferhindernisses. Der Ersatz von entgangenem Gewinn und Schäden aus Betriebsunterbrechung ist auf Vorsatz beschränkt.
- 7.6 Kommt der Käufer in Annahmeverzug oder verletzt er sonstige Mitwirkungspflichten, so ist der Verkäufer berechtigt, den insoweit entstandenen Schaden einschließlich etwaiger Mehraufwendungen ersetzt zu verlangen. Der Verkäufer ist darüber hinaus berechtigt, dem Käufer eine angemessene Annahmefrist zu setzen und nach deren fruchtlosem Verstreichen vom Vertrag zurückzutreten und Schadensersatz statt der Leistung zu verlangen.
- 7.7 Teillieferungen sind in zumutbarem Umfang zulässig. Insofern sind Ansprüche des Käufers wegen der Teillieferung oder einer verspäteten Lieferung der Restmenge ausgeschlossen.

8. Eigentumsvorbehalt

- 8.1 Der Verkäufer behält sich das Eigentum an sämtlichen gelieferten Waren bis zum Eingang aller Zahlungen aus der Lieferbeziehung, auch der zukünftig entstehenden Verbindlichkeiten, vor. Bei vertragswidrigem Verhalten, insbesondere bei Zahlungsverzug, ist der Verkäufer berechtigt, die Kaufsache zurückzunehmen.
- 8.2 Der Käufer ist verpflichtet, die gelieferten Waren pfleglich zu behandeln und während der Dauer des Eigentumsvorbehaltes auf eigene Kosten gegen jede Form des Unterganges zum Neuwert zu versichern. Der Verkäufer bleibt berechtigt, die Ware auf Kosten des Käufers selbst zu versichern.
- 8.3 Bei Pfändungen oder sonstigen Eingriffen Dritter hat der Käufer den Verkäufer unverzüglich schriftlich zu benachrichtigen, damit dieser Drittwiderspruchsklage oder andere Rechtsmittel erheben kann. Soweit der Dritte die hierdurch entstehenden gerichtlichen und außergerichtlichen Kosten nicht erstattet, haftet hierfür der Käufer.
- 8.4 Der Käufer ist berechtigt, die Ware im ordentlichen Geschäftsgang weiter zu verkaufen; er tritt dem Verkäufer jedoch bereits jetzt alle Forderungen in Höhe des Faktura-Endbetrages (einschließlich Mehrwertsteuer) der Forderung ab, die ihm aus der Weiterveräußerung gegen seine Abnehmer oder Dritte erwachsen, und zwar unabhängig davon, ob die Ware ohne oder nach Verarbeitung weiter verkauft wurde. Zur Einziehung dieser Forderung bleibt der Käufer auch nach Auslieferung berechtigt. Die Befugnis des Verkäufers, die Forderung selbst einzuziehen, bleibt davon unberührt. Der Verkäufer verpflichtet sich jedoch, die Forderung nicht einzuziehen, solange der Käufer seinen Zahlungsverpflichtungen aus den vereinnahmten Erlösen nachkommt, nicht in Zahlungsverzug gerät und insbesondere ein Antrag auf Eröffnung eines Insolvenzverfahrens nicht gestellt ist oder Zahlungseinstellung nicht vorliegt.

- 8.5 Wird die gelieferte Ware mit anderen, nicht dem Verkäufer gehörenden Gegenständen untrennbar vermischt oder verbunden, so erwirbt der Verkäufer das Miteigentum an der neuen oder verbundenen Sache im Verhältnis des Wertes der gelieferten Ware (Faktura-Endbetrag, einschließlich Mehrwertsteuer) zu der oder den anderen Gegenständen zum Zeitpunkt der Vermischung oder Verbindung. Der Käufer verwahrt das so entstandene Allein- oder Miteigentum für den Verkäufer.

- 8.6 Übersteigt der Wert der gegebenen Sicherheiten die Forderungen des Verkäufers insgesamt um mehr als 20%, so ist der Verkäufer auf Verlangen des Käufers verpflichtet, die überschüssenden Sicherheiten nach Wahl des Verkäufers freizugeben.
- 8.7 Sofern und soweit die Registrierung und/oder die Erfüllung anderer Erfordernisse Voraussetzung für die Wirksamkeit des Eigentumsvorbehalts ist, ist der Käufer verpflichtet, auf seine Kosten alle hierzu notwendigen Handlungen unverzüglich vorzunehmen und alle erforderlichen Mitteilungen zu machen. Falls und soweit die maßgebliche Rechtsordnung keine Vereinbarung eines Eigentumsvorbehalts zulässt, wird der Käufer den Verkäufer bei Inanspruchnahme von Warenkredit angemessene andere Sicherheiten stellen.

9. Versand, Gefahrenübergang

- 9.1 Der Versand erfolgt auf Gefahr des Käufers. Die Gefahr geht stets, auch wenn weitere Leistungen von dem Verkäufer übernommen werden, spätestens mit Absendung der Ware auf den Käufer über.
- 9.2 Verzögert sich der Versand infolge von Umständen, die der Verkäufer nicht zu vertreten hat, so geht die Gefahr vom Tage der Anzeige der Versandbereitschaft auf den Käufer über. Auf schriftlichen Wunsch des Käufers wird die Sendung von dem Verkäufer gegen Bruch-, Transport-, Feuer- und Wasserschäden auf Kosten des Käufers versichert.
- 9.3 Transport- und alle sonstigen Verpackungen nach Maßgabe der Verpackungsverordnung werden nicht zurückgenommen; ausgenommen sind Paletten. Der Käufer ist verpflichtet, die Entsorgung der Verpackung auf eigene Kosten zu besorgen.

10. Fertigungsmittel

- 10.1 Soweit der Käufer dem Verkäufer Fertigungsmittel (z.B. Werkzeuge, Formen) zur Verfügung stellt, sind diese dem Verkäufer kostenfrei zuzusenden. Für deren Untergang, Verschlechterung oder unvollständige Rücklieferung und daraus resultierende Schäden übernimmt der Verkäufer eine Haftung nur für grobe Fahrlässigkeit oder Vorsatz. Dies gilt nicht, soweit gesetzlich zwingend gehaftet wird.
- 10.2 Wenn Fertigungsmittel von dem Verkäufer im Auftrag des Käufers angefertigt oder beschafft werden, stellt der Verkäufer hierfür anteilige Kosten gesondert in Rechnung. Die Fertigungsmittel bleiben Eigentum des Verkäufers. Zur Herausgabe an den Käufer ist der Verkäufer nicht verpflichtet. Vorstehendes gilt auch für Folgewerkzeuge. Die nachfolgende Regelung in Ziffer 10.3 bleibt hiervon unberührt.
- 10.3 Im Falle der Amortisation der Kosten der Fertigungsmittel über den Teilepreis übernimmt der Käufer bei Nichtamortisation eines Werkzeugs die nicht gedeckten Kosten einschließlich der Kosten der sonstigen typengebundenen Einrichtungen. Kosten für Modelle gehen stets in vollem Umfang zu Lasten des Käufers.
- 10.4 Vom Verkäufer dem Käufer ausgehändigten Zeichnungen und Unterlagen sowie Vorschläge des Verkäufers für die Gestaltung und zur Herstellung der Ware dürfen an Dritte nicht weitergegeben und können von dem Verkäufer jederzeit zurückverlangt werden.

11. Sachmängelhaftung/Haftung

- 11.1 Der Verkäufer haftet nicht für Schäden, die durch Verletzung von Bedienungs-, Wartungs- und Einbauvorschriften, ungeeignete, nicht bestimmungsgemäße oder unsachgemäße Verwendung, fehlerhafte oder nachlässige Behandlung, natürlicher Verschleiß, falsche Lagerung oder vom Käufer oder Dritten vorgenommene Veränderungen der Ware auftreten. Die Waren dürfen vom Käufer oder Dritten nur durch unterwiesenes Fachpersonal eingebaut werden.
- 11.2 Dem Verkäufer steht das Wahlrecht zwischen Nachbesserung und Neulieferung zu.
- 11.3 Die zum Zwecke der Nacherfüllung erforderlichen Aufwendungen werden nicht von dem Käufer getragen, soweit die Aufwendungen sich dadurch erhöhen, dass die Ware nach der Lieferung an einen anderen Ort als den ursprünglichen Lieferort verbracht wurde.
- 11.4 Aufwendungen, die der Käufer oder Dritte im Zusammenhang mit dem Ausbau mangelhafter Waren und dem Einbau neu gelieferter bzw. nachgebesserter Waren entstehen, sind keine Nacherfüllungskosten im Sinne des § 439 Abs. 2 BGB.
- 11.5 Ansprüche aus Sachmängelhaftung verjähren in einem Jahr ab Übergabe der Ware, es sei denn, die Sachmängelhaftungsansprüche beruhen auf einer grob fahrlässigen oder vorsätzlichen Pflichtverletzung des Verkäufers oder seines Erfüllungsgehilfen oder auf einer Verletzung von Leben, Körper oder Gesundheit.
- 11.6 Der Käufer ist verpflichtet, seiner Untersuchungspflicht nach § 377 HGB auch bei Weiterveräußerung der Ware nachzukommen.
- 11.7 Das Rückgriffsrecht des Käufers gegen den Verkäufer wegen solcher Ansprüche aus Sachmängelhaftung, die dem Käufer von dessen Abnehmern entgegengesetzt werden, ist ausgeschlossen, wenn der Käufer seiner Untersuchungs- und Rügepflicht nicht nachgekommen ist oder die Ware durch Verarbeitung abgeändert wurde.
- 11.8 Die Haftung des Verkäufers nach den gesetzlichen Bestimmungen auf Schadensersatz ist uneingeschränkt gegeben, wenn eine dem Verkäufer zurechenbare Pflichtverletzung auf Vorsatz oder grob fahrlässigkeit beruht. Soweit die dem Verkäufer zurechenbare Pflichtverletzung auf einfacher Fahrlässigkeit beruht und eine wesentliche Vertragspflicht schuldhaft verletzt ist, ist die Schadensersatzhaftung auf den vorhersehbaren Schaden beschränkt, der typischerweise in vergleichbaren Fällen eintritt. Im Übrigen ist die Haftung ausgeschlossen.
- 11.9 Die Haftung nach den Bestimmungen des Produkthaftungsgesetzes oder vergleichbarer, unabdingbarer Rechte ausländischer Rechtsordnungen bleibt unberührt. Unberührt bleibt auch die Haftung wegen Verletzung von Leben, Körper und Gesundheit.
- 11.10 Soweit eine Haftung nach Tatbeständen der Ziffer 11.9 begründet wird, ist die Haftung des Verkäufers für ausländischen Rechtsordnungen im Verhältnis zum Käufer insoweit beschränkt, als es nach dem jeweiligen ausländischen Recht zulässig wäre.
- 11.11 Soweit die Schadensersatzhaftung des Verkäufers ausgeschlossen oder eingeschränkt ist, gilt dies auch im Hinblick auf die persönliche Schadensersatzhaftung der Mitarbeiter, Vertreter und Erfüllungsgehilfen des Verkäufers.

12. Abtretungsverbot

- Sämtliche Ansprüche des Käufers gegen den Verkäufer sind nicht abtretbar.

13. Produkthaftung/Hinweispflichten

- 13.1 Der Käufer darf die Ware nur bestimmungsgemäß verwenden und muss dafür sorgen, dass diese Ware nur an mit den Produktgefahren und -risiken vertraute Personen weiterveräußert wird.
- 13.2 Der Käufer ist verpflichtet, bei Verwendung der Ware als Grundstoff und Teilprodukt von eigenen Produkten beim Inverkehrbringen des Endprodukts seiner Warnpflicht auch im Hinblick auf die von dem Verkäufer gelieferte Ware nachzukommen. Im Innenverhältnis stellt der Käufer den Verkäufer von der Geltendmachung von Ansprüchen bei Verletzung dieser Obliegenheit auf erstes Anfordern frei.

14. Geheimhaltung

- Der Käufer muss alle geschäftlichen und technischen Informationen, die er vom Verkäufer erhalten hat, Dritten gegenüber wie Geschäfts- und Betriebsgeheimnisse behandeln, soweit diese nicht allgemein bekannt sind. Derartige Informationen dürfen ausschließlich zum vertragsgemäßen Zweck an Dritte, die über eine entsprechende Geheimhaltungsvereinbarung eingebunden sind, weitergegeben werden.

15. Sonstiges

- 15.1 Erfüllungsort ist der Ort des jeweiligen Verkäuferwerkes.
- 15.2 Gerichtsstand für sämtliche Streitigkeiten aus dem Vertrag ist Heilbronn. Der Verkäufer ist jedoch berechtigt, den Käufer auch an dessen allgemeinen Gerichtsstand zu verklagen.
- 15.3 Für die Abwicklung von Verträgen auf Grundlage dieser Verkaufs- und Lieferbedingungen gilt ausschließlich deutsches Recht unter Ausschluss des Kollisionsrechts und des UN-Kaufrechts.
- 15.4 Die Parteien sind verpflichtet, im Rahmen der Durchführung der Vertragsbeziehung sämtliche geltenden gesetzlichen Bestimmungen einzuhalten (Compliance with laws).
- 15.5 Von diesen Verkaufs- und Lieferbedingungen abweichende oder sie ergänzende separate Vereinbarungen zwischen den Parteien gelten vorrangig.
- 15.6 Soweit eine oder mehrere der vorstehenden Bestimmungen ganz oder teilweise unwirksam sein, so bleibt die Gültigkeit der übrigen Bestimmungen hiervon unberührt. Die ungültige Bestimmung ist dann durch eine gesetzlich zulässige Bestimmung zu ersetzen, mit der Sinn und Zweck dieser Verkaufs- und Lieferbedingungen in möglichst gleicher Weise erreicht werden.

1. Scope of Application

1.1 The Terms and Conditions of Sale and Delivery of MS Motorservice International GmbH (hereinafter referred to as the „Seller“) shall apply exclusively. Opposing terms of the Buyer or terms that deviate from these Terms and Conditions of Sale and Delivery shall not apply unless the Seller has expressly agreed to the validity of deviating terms in writing. These Terms and Conditions of Sale and Delivery shall also apply if the Seller effects delivery to the Buyer without reservation in full knowledge of opposing terms of the Buyer or terms that deviate from its own Terms and Conditions of Sale and Delivery.

1.2 The Terms and Conditions of Sale and Delivery shall also apply to future business transactions with the Buyer. By placing an order and at the latest upon acceptance of the goods, the Buyer accepts these Terms and Conditions of Sale and Delivery.

1.3 These Terms and Conditions of Sale and Delivery shall only apply in B2B-relations.

2. Offer and Order Confirmation

2.1 Offers by the Seller shall in all cases be non-binding. An order from the Buyer that legally qualifies as an offer shall only be accepted once this has been confirmed in writing by the Seller within four weeks. The contract shall come into effect at the latest once the ordered goods have been dispatched, and in case of partial delivery, once the first delivery has been dispatched.

2.2 Modifications and other agreements shall only be binding once they have been confirmed by the Seller in writing.

2.3 Insofar as the Buyer requests cost estimations, these shall be subject to a charge. If the contract concluded is invalidated on the basis of any legal grounds, the obligation to pay for the quotation shall remain.

2.4 The documents, drawings, details relating to weight and dimensions, samples etc. contained in the offers are only approximate specifications and shall not constitute guaranteed qualities. The Seller shall be entitled to deviate from the descriptions in the offer to the extent that these deviations are not of a fundamental or significant nature and the purpose according to the contract is not substantially restricted.

2.5 Insofar as goods are manufactured according to Buyer's drawings, the drawings created by the Buyer and approved by the Seller shall be decisive. Deviations from approved drawings must be separately agreed and any additional costs in this regard shall be reimbursed to the Seller.

3. Industrial Property Rights

3.1 The Seller shall reserve industrial property rights and copyright to all illustrations, drawings, calculations, and other documents; these items may neither be used for purposes other than those stipulated by the Seller, nor made accessible to third parties without the prior written consent of the Seller. This shall apply in particular to written documents that are designated as „confidential“, „secret“, or similar.

3.2 Where deliveries are effected according to drawings or other specifications from the Buyer and where third-party property rights are breached as a result of this, the Buyer shall indemnify the Seller against any claims internally.

3.3 The Seller shall be liable for claims relating to violation of industrial property rights and applications for industrial property rights resulting from contractual use of the goods, if at least one property right from the family of industrial property rights has been published by the European Patents Office or in one of the following states: Federal Republic of Germany, France, United Kingdom, Austria, China, Japan, or the USA.

4. Recommendations and Information

Recommendations and information shall be non-binding insofar as they do not refer to the goods themselves. Claims for compensation, irrespective of the legal grounds, shall be excluded unless they are based on willful or grossly negligent action on the part of the Seller.

5. Prices

5.1 All prices are net prices and shall be quoted „ex works“ (Incoterms 2010, „EXW“) excluding packaging. Statutory VAT shall be added at the current applicable rate.

5.2 Any additional costs incurred as a result of modification requests may be charged to the Buyer by the Seller.

5.3 Where events occur after conclusion of the contract that result in increased costs for the Seller in terms of primary purchasing costs, manufacture, and/or shipment of the goods, the Seller shall be entitled to increase its prices accordingly.

6. Conditions of Payment

6.1 Invoices shall be due for payment within 14 days of the invoice date without any deductions. Discounts shall only apply where expressly agreed in writing.

6.2 The Seller shall be entitled to offset a payment against the oldest, not specifically titled debt, even where the Buyer has earmarked the payment for a different purpose. Where costs or interest have already been incurred, the Seller shall be entitled to offset payments, in the first instance, against the costs, then against the interest, and finally against the principal debt.

6.3 The Buyer shall only have the right to offset insofar as its counterclaims are legally binding, are uncontested, or have been acknowledged in writing by the Seller. The right of retention on the part of the Buyer shall be limited to claims arising from the contractual relationship.

6.4 The Seller shall be entitled to charge default interest in the amount of the statutory default interest rate as amended from time to time. The right to prove a higher default damage shall be expressly reserved.

7. Delivery/Lead Time/Delay

7.1 Delivery periods and delivery dates shall only be deemed to have been agreed with binding effect where these are expressly confirmed in writing by the Seller. The Seller shall not be bound to the delivery date or delivery period where the Buyer does not meet its obligations in due time (to make anticipated payments, to provide required documents etc.). The plea for non-fulfillment of the contract shall remain reserved.

7.2 Delivery periods begin at the earliest on the day of written conclusion of the contract and once all technical issues have been clarified.

7.3 In the event of change requests from the Buyer, the Seller shall be exempt from compliance with the delivery date or delivery period. In such cases, the parties shall agree a new delivery date or a new delivery period.

7.4 Unless otherwise agreed, the delivery date or delivery period shall be deemed to have been adhered to when the Seller has made the goods available at the location agreed.

7.5 The Buyer may not assert claims due to delivery delays that do not result from intent or gross negligence on the part of the Seller. In particular, this shall apply to delivery delays caused by force majeure, labor disputes, unrest, official measures, failure to deliver by suppliers, and any other unforeseen, unavoidable, and serious events. In such cases, the delivery date or delivery period agreed shall be extended according to the duration of the delivery impediment. Compensation for loss of profit and stop of production shall be limited to intent.

7.6 Where the Buyer delays acceptance or violates any other obligation to cooperate, the Seller shall be entitled to demand compensation for damages suffered in this respect, including any additional costs. Furthermore, the Seller shall have the right to set an appropriate acceptance period for the Buyer and to withdraw from the contract where this period has expired to no avail, and to demand compensation for damages instead of the performance.

7.7 Partial deliveries shall be permitted to a reasonable extent. In this regard, claims made by the Buyer due to partial delivery or delayed delivery of the remaining goods shall be excluded.

8. Retention of Title

8.1 The Seller shall reserve title of all goods delivered until all payments pertaining to the delivery, including any dues as shall arise in the future, have been effected in full. In the event of conduct contrary to contract, in particular as regards payment default, the Seller shall be entitled to claim back the goods.

8.2 The Buyer shall be obliged to handle the delivered goods with care and to insure them at original value against any kind of loss at its own expense during the period of retention of title. The Seller shall remain entitled to insure the goods itself at the expense of the Buyer.

8.3 In case of pledge or other third-party intervention, the Buyer shall immediately notify the Seller in writing so that the latter can initiate a third-party action or other legal remedies. Where the third party fails to reimburse the legal and extrajudicial costs arising from this, the Buyer shall be liable for such costs.

8.4 The Buyer shall be entitled to sell on the goods in the ordinary course of business; it hereby, however, assigns to the Seller all receivables arising from the resale to its customers or third parties to the value of the final invoice amount (including statutory VAT) of the receivables, irrespective of whether the goods were sold without or following further processing. The Buyer shall remain entitled to collect these receivables even after delivery. The Buyer's right to collect the receivables itself shall remain unaffected by this. The Seller shall, however, undertake not to collect the amount receivable as long as the Buyer fulfills its payment obligations arising from proceeds collected, does not default on payments and, in particular, no application for the initiation of insolvency proceedings has been filed or payments suspended.

8.5 Where the goods delivered are inseparably mixed or combined with other items not belonging to the Seller, the Seller shall acquire joint ownership of the new or combined product in proportion to the value of the goods delivered (final invoice amount, including statutory VAT) in relation to the value of the other items at the time of combination or mixing. The Buyer shall safeguard the resulting sole ownership or joint ownership on behalf of the Seller.

8.6 Where the value of the securities granted exceeds the claims of the Seller by more than a total of 20%, the Seller shall be obliged to release the excess securities upon request of the Buyer, at the Seller's option.

8.7 Insofar as and to the extent that registration and/or fulfillment of other requirements are prerequisite for the effectiveness of retention of title, the Buyer shall be obliged to perform at its own cost all actions required in this regard without delay and to provide all necessary notifications. If and to the extent as an agreement on the retention of title is not permitted under the relevant legal system, the Buyer shall provide the Seller with alternative appropriate securities on taking advantage of credit on goods.

9. Shipment, Transfer of Risk

9.1 Shipment shall be carried out at the risk of the Buyer. The risk shall pass to the Buyer at the latest on dispatch of the goods, even if additional services are performed by the Seller.

9.2 Where shipment is delayed due to circumstances beyond the Seller's control, the risk shall pass to the Buyer from the day of notification of readiness for shipment. Upon written request of the Buyer and at the Buyer's expense, the Seller shall insure the shipment against breakage, damage in transit, as well as fire and water damage.

9.3 In accordance with the Packaging Regulations (Verpackungsverordnung), transport packaging and any other packaging shall not be taken back, with the exception of pallets. The Buyer shall be obliged to dispose of the packaging at its own expense.

10. Manufacturing Equipment

10.1 Insofar as the Buyer provides manufacturing equipment (e.g. tools, templates) to the Seller, these shall be sent to the Seller at no charge. The Seller shall only assume liability for loss, deterioration or incomplete return and damages resulting therefrom in case of gross negligence or intent. This shall not apply in cases of legally mandatory liability.

10.2 Where manufacturing equipment is produced or procured by the Seller at the Buyer's request, the Seller shall invoice pro rata costs for such equipment separately. The manufacturing equipment shall remain the property of the Seller. The Seller shall not be obliged to hand over said provision in Item 10.3 shall remain unaffected by this.

10.3 In the event of amortization of costs for the manufacturing equipment in excess of the part cost, the Buyer shall assume the costs not covered in case of non-amortization of a tool, including the costs for other type-specific equipment. Costs for models shall in all cases be for the account of the Buyer.

10.4 Drawings and documents provided to the Buyer by the Seller as well as recommendations by the Seller in respect of design and production of the goods may not be forwarded to third parties and can be claimed back by the Seller at any time.

11. Warranty / Liability

11.1 The Seller shall not be liable for any damages caused by non-compliance with specifications regarding operating, maintenance, and installation, inappropriate or improper use, faulty or negligent handling, natural wear and tear, incorrect storage, or modification of the goods by the Buyer or third parties. Installation of the goods by the Buyer or a third party may only be carried out by trained and qualified personnel.

11.2 The Seller shall have the right to decide whether to remedy a defect or provide new goods.

11.3 Expenses required for purposes of cure shall not be borne by the Seller in the event of increased expenses as a result of subsequent relocation of the goods to a location other than that of the original place of delivery.

11.4 Expenses incurred by the Buyer or third parties in connection with disassembly of defective goods or installation of newly supplied or reworked goods shall not constitute cure costs within the meaning of § 439 Para. 2 BGB.

11.5 Warranty claims shall expire one year after handover of the goods unless the warranty claims are based on grossly negligent or willful breach of obligation on the part of the Seller or one of its vicarious agents or on injury to life, limb, or health.

11.6 The Buyer shall also undertake to fulfill its obligation of examination pursuant to § 377 HGB (Handelsgesetzbuch – German Commercial Code) in the case of resale of the goods.

11.7 The Buyer's right of recourse against the Seller as a result of such claims based on liability for material defects made against the Buyer by its customers shall be excluded if the same has not fulfilled its obligation of examination and notification or if the goods have been modified by means of processing.

11.8 The Seller's liability for compensation according to statutory provisions shall apply without limitation if the same is responsible for breach of obligation based on intent or gross negligence. Insofar as a breach of obligation based on ordinary negligence is attributable to the Seller and an essential contractual obligation has been culpably violated, compensation for damages shall be limited to the amount of foreseeable damage that typically occurs in comparable cases. In all other cases, liability shall be excluded.

11.9 Liability according to the provisions of the Product Liability Law or similar, non-derogable rights of foreign jurisdiction shall remain unaffected. Liability resulting from injury to life, limb, and health shall also remain unaffected.

11.10 Insofar as liability arises according to the facts in Item 11.9, the liability of the Seller in case of foreign jurisdiction shall be limited in relation to the Buyer to the extent permissible according to the relevant foreign law.

11.11 Where the Seller's liability for compensation is excluded or limited, this shall also apply with regard to personal liability for compensation on the part of the Seller's employees, representatives, or vicarious agents.

12. Non-assignment Clause

All claims by the Buyer against the Seller shall be non-assignable.

13. Product Liability/Notification Obligation

13.1 The Buyer shall only use the goods according to their purpose and shall ensure that these goods are only resold to persons familiar with the hazards and risks associated with the goods.

13.2 The Buyer shall also undertake to fulfill its obligation to issue warnings in respect to the goods delivered by the Seller where the former uses these goods as base material or components for its own products when placing the final product on the market. The Buyer shall indemnify the Seller internally against assertion of claims arising from breach of this obligation upon first request.

14. Confidentiality

The Buyer shall treat as trade and company secret all business and technical information received from the Seller to the extent that this information is not public knowledge. Information of this nature may only be forwarded for the purposes of the contract to third parties who are bound by an appropriate non-disclosure agreement.

15. Miscellaneous

15.1 The place of performance shall be the location of the relevant plant of the Seller.

15.2 The place of jurisdiction for all disputes arising from the contract shall be Heilbronn. The Seller shall, however, be entitled to file suit against the Buyer at its general place of jurisdiction as well.

15.3 Contracts based on these Terms and Conditions of Sale and Delivery shall be solely subject to German law excluding its conflict-of-laws provisions and the UN Convention for the International Sales of Goods (CISG).

15.4 The parties shall be obliged to comply with all statutory provisions within the framework of the contractual relationship (compliance with laws).

15.5 Separate agreements between the parties deviating from or supplementing these Terms and Conditions of Sale and Delivery shall take precedence.

15.6 Should one or several of the above provisions be ineffective in whole or in part, the validity of the remaining provisions shall remain unaffected by this. The invalid provision shall in that case be replaced by a legally valid provision that most closely approximates the meaning and purpose of these Terms and Conditions of Sale and Delivery.

1. Champ d'application

1.1 Les conditions générales de vente et de livraison de la société MS Motorservice International GmbH (ci-après dénommée le « Vendeur ») s'appliquent à l'exclusion de toutes autres. Aucune condition de l'Acheteur, contraire aux présentes conditions de vente et de livraison ou différentes, n'est admise, excepté si le Vendeur a donné son accord exprès et écrit à l'application de conditions différentes. Les présentes conditions de vente et de livraison s'appliquent également si le Vendeur, en connaissance de conditions de l'Acheteur contraaires ou différentes des siennes propres, effectue sans réserve la livraison à l'Acheteur.

1.2 Les présentes conditions de vente et de livraison sont de même applicables à toutes les opérations commerciales futures avec l'Acheteur. L'Acheteur accepte ces conditions de vente et de livraison en passant commande, et au plus tard en réceptionnant la marchandise.

1.3 Les présentes conditions de vente et de livraison ne s'appliquent qu'aux entreprises.

2. Offre et confirmation de commande

2.1 Les offres du Vendeur s'entendent toujours sans engagement. Une commande de l'Acheteur qui pourra être juridiquement qualifiée d'offre, n'est réputée acceptée que dès lors que le Vendeur l'a confirmée par écrit dans un délai de 4 semaines. Le contrat est conclu au plus tard par l'envoi de la marchandise commandée, et pour les livraisons partielles, par l'envoi de la première livraison.

2.2 Les modifications et autres conventions ne présentent un caractère contraignant qu'une fois confirmées, et s'il est écrit par le Vendeur.

2.3 Les devoirs individuels demandés par l'Acheteur sont payants. En cas d'invalidité du contrat pour quelque motif juridique que ce soit, le paiement du devis reste dû.

2.4 Les documents, dessins, indications de poids et de mesure, modèles, etc. figurant dans les offres ne sont que des indications approximatives ne constituant pas des caractéristiques. Le Vendeur est autorisé à apporter des variantes aux descriptifs figurant dans l'offre, pourvu que celles-ci ne soient pas de nature fondamentale ou essentielle et qu'elles ne constituent pas un obstacle substantiel à l'objet du contrat.

2.5 Si les marchandises sont fabriquées d'après des dessins de l'Acheteur, les dessins faits par celui-ci et approuvés par le Vendeur font foi. Les différences apportées aux dessins approuvés doivent être convenues séparément et les coûts supplémentaires éventuels en découlant donnent lieu à une rémunération du Vendeur.

3. Droits de protection

3.1 Le Vendeur demeure titulaire des droits d'auteur et de propriété intellectuelle sur l'ensemble des illustrations, dessins, calculs et autres documents ; cette documentation ne peut être utilisée, sans autorisation préalable du Vendeur, à d'autres fins que celles spécifiées par le Vendeur, ni être communiquée à des tiers. La présente clause s'applique notamment aux documents écrits portant la mention « confidentiel » ou « secret » ou une mention similaire.

3.2 Dans le cas où des livraisons effectuées sur la base de dessins ou autres indications de l'Acheteur violeraient les droits de protection de tiers, l'Acheteur dégage le Vendeur de tout recours dans le cadre de leurs relations internes.

3.3 La responsabilité du Vendeur est engagée en cas de recours exercé dans le cadre de l'utilisation contractuelle des marchandises suite à une violation de droits de protection et de demandes de droits de protection (droits de protection) dont un au moins appartenant à la famille des droits de protection est publié soit par l'Office européen des brevets soit dans l'un des États suivant : Allemagne, France, Grande-Bretagne, Chine, Japon ou USA.

4. Recommandations, informations et renseignements

Les recommandations, informations et renseignements sont sans engagement pour autant qu'ils ne se rapportent pas à la marchandise elle-même. Les droits à dommages et intérêts, pour quelque motif juridique que ce soit, sont exclus, excepté s'ils sont fondés sur une faute intentionnelle ou une négligence grave du Vendeur.

5. Prix

5.1 Tous nos prix sont nets et s'entendent « départ usine » (Incoterms 2010, « EXW »), à l'exclusion de l'emballage. La TVA est facturée en sus au taux légal en vigueur.

5.2 Le Vendeur peut facturer à l'Acheteur les éventuels coûts supplémentaires découlant de demandes de modifications.

5.3 En cas d'événements intervenant après la conclusion du contrat qui enchièreraient le prix de revient du Vendeur pour ce qui est de l'achat, la production et/ou l'expédition de la marchandise, le Vendeur se réserve le droit d'appliquer une augmentation de prix correspondante.

6. Modalités de paiement

6.1 Les factures sont payables sans déduction aucune dans les 14 jours suivant la date de facture. Aucune remise n'est consentie en l'absence d'accord exprès.

6.2 Le Vendeur se réserve de droit, même en cas d'affectation différente de la part de l'Acheteur, d'imputer un paiement en premier lieu sur la dette en souffrance la plus ancienne. En cas de frais ou d'intérêts déjà constatés, le Vendeur pourra imputer les paiements d'abord sur les frais, puis sur les intérêts et, en dernier lieu, sur la prestation principale.

6.3 L'Acheteur ne pourra prétendre à un règlement par compensation que si et pour autant que ses contre-prétentions ont un caractère exécutoire, qu'elles n'ont pas été contestées ou que le Vendeur les a reconnues par écrit. Le droit de rétention de l'Acheteur est limité aux créances découlant de la relation contractuelle.

6.4 Le Vendeur pourra exiger des intérêts de retard au taux légal en vigueur. Il se réserve expressément le droit d'apporter la preuve d'un préjudice plus élevé résultant du retard.

7. Livraison/date de livraison/retard

7.1 Les délais et dates de livraison ne sont réputés fermes que pour autant qu'ils ont été approuvés expressément par écrit par le Vendeur. Le Vendeur n'est pas tenu de respecter la date ou le délai de livraison si l'Acheteur ne remplit pas ses obligations (paiement d'acomptes, fourniture des documents nécessaires, etc.) dans les délais impartis. Le Vendeur se réserve le droit de faire valoir l'exception d'inexécution du contrat.

7.2 Les délais de livraison courent au plus tôt à compter de la date à laquelle le contrat est conclu par écrit et à laquelle l'ensemble des questions techniques est réglé.

7.3 Dans l'hypothèse où l'Acheteur demanderait des modifications, le Vendeur n'est plus tenu de respecter la date ou le délai de livraison. Dans ce cas, les parties conviendront d'une nouvelle date ou d'un nouveau délai de livraison.

7.4 Sauf convention contraire, la date ou le délai de livraison est réputé respecté dès lors que le Vendeur met la marchandise à disposition au lieu convenu.

7.5 L'Acheteur ne peut faire valoir aucun droit en cas de retard de livraison qui ne serait causé ni intentionnellement ni du fait d'une négligence grave du Vendeur. Ceci s'applique notamment aux retards de livraison résultant d'un cas de force majeure, de mouvements sociaux, mesures administratives, défaut de livraison par nos sous-traitants ainsi que tout événement grave, imprévisible et inévitabile. Dans ce cas, la date ou le délai de livraison convenu est reporté d'une durée égale à celle des circonstances faisant obstacle à la livraison. Il ne pourra être fait droit à une demande d'indemnisation pour manque à gagner et préjudices découlant d'une interruption d'exploitation qu'en cas de faute intentionnelle.

7.6 En cas de retard de l'Acheteur pour la réception ou de manquement de sa part à toute autre obligation de coopération, le Vendeur pourra exiger l'indemnisation du préjudice, y compris des coûts supplémentaires qui en résulteraient. Le Vendeur a en outre le droit de fixer à l'Acheteur un délai de réception raisonnable et, après expiration infructueuse de ce délai, de résilier le contrat et d'exiger des dommages et intérêts en lieu et place de la prestation.

7.7 Les livraisons partielles sont autorisées dans une mesure raisonnable. Il s'ensuit que tout recours de la part l'Acheteur en cas de livraison partielle ou de retard de livraison des quantités restantes est exclu.

8. Réserve de propriété

8.1 Le Vendeur conserve la propriété de l'ensemble des marchandises livrées jusqu'à réception de l'ensemble des paiements, y compris les engagements à venir, résultant de la relation de fourniture. En cas de faute contractuelle, notamment de retard de paiement, le Vendeur se réserve le droit de reprendre la marchandise vendue.

8.2 L'Acheteur est tenu de prendre soin de la marchandise livrée et de l'assurer à ses frais, pour sa valeur à l'état neuf, contre toute forme de disparition pendant la durée de la réserve de propriété. Le Vendeur conserve le droit d'assurer lui-même la marchandise aux frais de l'Acheteur.

8.3 En cas de saisie ou autres interventions de tiers, l'Acheteur est tenu d'informer le Vendeur sans délai et par écrit, afin que ce dernier puisse faire valoir sa tierce opposition ou user d'autres voies de droit. Si le tiers ne rembourse pas les coûts judiciaires et extra judiciaires qui en résultent, la responsabilité de l'Acheteur est alors engagée.

8.4 L'Acheteur est autorisé à revendre la marchandise dans le cadre d'opérations commerciales régulières ; il cède toutefois d'ores et déjà au Vendeur l'ensemble des créances, résultant de la vente de la marchandise en question à ses clients ou à des tiers à hauteur du montant total de la somme due (y compris la TVA), et ce indépendamment du fait que la marchandise ait été revendue sans ou après transformation. L'Acheteur est autorisé à recouvrer cette créance même après la livraison. La faculté du Vendeur de recouvrer lui-même ladite créance n'en est pas affectée. Le Vendeur s'engage toutefois à ne pas recouvrer la créance dans la mesure où l'Acheteur respecte ses obligations de paiement sur les produits financiers réalisés, qu'il n'est pas en retard de paiement et notamment qu'il n'existe pas de demande d'ouverture d'une procédure de dépôt de bilan et qu'il n'est pas en état de cessation des paiements.

8.5 Si la marchandise livrée est mélangée ou alliée de manière indissociable à d'autres objets n'appartenant pas au Vendeur, ce dernier acquiert de ce fait une copropriété sur la chose nouvelle ou alliée au prorata de la valeur initiale de la marchandise livrée (montant final de la facture, TVA comprise) par rapport à celle-ci ou aux autres éléments au moment du mélange ou de l'alliage. L'Acheteur sera le dépositaire pour le Vendeur de la propriété exclusive ou de la copropriété ainsi engendrée.

8.6 Si la valeur des sûretés qui ont été consenties excède les créances du Vendeur de plus de vingt pour cent (20 %), celui-ci s'engage à libérer les sûretés excédentaires selon son choix, sur demande de l'Acheteur.

8.7 Dès lors et si tant est que l'enregistrement et/ou la satisfaction d'autres exigences constituent une condition préalable à la validité de la réserve de propriété, l'Acheteur sera tenu de procéder immédiatement et à ses frais à tous les actes nécessaires et de faire les communiqués nécessaires. Dans l'hypothèse où le système juridique en vigueur n'autoriserait pas de clause contractuelle de réserve de propriété, l'Acheteur faisant usage d'un crédit commercial s'engage à fournir au Vendeur d'autres garanties appropriées.

9. Expédition, transfert de risque

9.1 L'expédition s'effectue au risque de l'Acheteur. Le risque est toujours transféré à l'Acheteur au plus tard lors de l'envoi de la marchandise, même lorsque d'autres prestations sont acceptées par le Vendeur.

9.2 Si l'expédition subit un retard suite à des circonstances qui ne sont pas imputables au Vendeur, le risque est transféré à l'Acheteur à la date de l'avis d'expédition. Sur demande écrite de l'Acheteur, le Vendeur assurera l'envoi, aux frais de l'Acheteur, contre le bris, les dommages dus au transport au feu et à l'eau.

9.3 Les emballages de transport et autres ne sont pas repris conformément à la réglementation sur les emballages, à l'exception des palettes. L'Acheteur est tenu de procéder à ses propres frais à l'élimination des emballages.

10. Moyens de fabrication

10.1 Dès lors que l'Acheteur met à la disposition du Vendeur des moyens de fabrication (p. ex. outillage/outils, moules), ces derniers doivent être envoyés gratuitement au Vendeur. La responsabilité du Vendeur ne pourra être engagée en ce qui concerne leur disparition, leur dégradation ou leur réexpédition incomplète et les dommages en résultant qu'en cas de négligence grave ou de faute intentionnelle. La présente clause ne s'applique pas si la responsabilité est obligatoire de par la loi.

10.2 Si l'Acheteur charge le Vendeur de fabriquer ou d'acheter des moyens (outils) de fabrication, une partie des coûts en résultant lui sera facturée séparément. Les moyens de fabrication restent propriété du Vendeur. Celui-ci n'est pas tenu de les restituer à l'Acheteur. Il en ira de même des outillages complémentaires. La règle suivante énoncée au paragraphe 10.3 n'en est pas affectée.

10.3 En cas d'amortissement des coûts des moyens de fabrication supérieur au prix des pièces, l'Acheteur prendra à sa charge en cas de non amortissement d'un outil les coûts non couverts y compris les coûts des divers équipements spécifiques. Les coûts des modèles sont toujours intégralement à la charge de l'Acheteur.

10.4 La transmission à des tiers des dessins (schémas) et des documents remis à l'Acheteur par le Vendeur, ainsi que les propositions de ce dernier visant à la conception et à la production de la marchandise, n'est pas autorisée ; le Vendeur peut à tout moment en exiger la restitution.

11. Garantie des vices/responsabilité

11.1 Le Vendeur décline toute responsabilité pour les dommages résultant d'un manquement aux consignes de manœuvre, de maintenance et de montage, de l'usage inapproprié ou non conforme ou incorrect de la marchandise, d'un traitement impropre ou négligent, de l'usure naturelle, d'un stockage inapproprié ou encore de modifications opérées sur la marchandise par l'Acheteur ou par des tiers. Le montage des marchandises par l'Acheteur ou par des tiers ne doit être effectué que par du personnel qualifié et compétent.

11.2 Le Vendeur a le choix entre réparations et remplacement.

11.3 Le Vendeur ne prend pas à sa charge les frais nécessaires à l'élimination du défaut s'ils sont augmentés du fait que la marchandise a été transportée ultérieurement à la livraison dans un autre endroit que le lieu initial de livraison.

11.4 Les frais générés pour l'Acheteur ou des tiers par le démontage des marchandises défectueuses et le montage de la marchandise de remplacement ou de la marchandise réparée ne sont pas des frais de réparation au sens de l'article 439, § 2 du Code civil allemand (BGB).

11.5 Les droits issus de la responsabilité pour vice se prescrivent par 12 mois à compter de la remise de la marchandise, excepté si les droits de garantie en raison des défauts de la chose résultent d'un manquement intentionnel ou d'une négligence grave de la part du Vendeur ou de ses agents d'exécution ou d'une atteinte à la vie, à l'intégrité du corps ou à la santé.

11.6 L'Acheteur est tenu de respecter son obligation d'examen de la marchandise conformément à l'article 377 du Code civil allemand (HBG), même en cas de revente de celle-ci.

11.7 En cas de réclamation pour défauts matériels déposée contre l'Acheteur par ses propres clients, tout droit de recours de l'Acheteur à l'encontre du Vendeur est exclu si l'Acheteur n'a pas respecté son obligation d'examiner les marchandises et d'aviser le Vendeur des défauts qu'il découvre ou si la marchandise a été soumise à un processus de modification.

11.8 La responsabilité légale du Vendeur en matière d'indemnisation est illimitée en cas de manquement intentionnel à ses obligations ou de négligence grave de sa part. Dans le cas où le Vendeur manquerait à ses obligations par négligence légère et où il serait porté atteinte de manière fautive à une obligation contractuelle majeure, le droit aux dommages et intérêts sera limité au dommage prévisible, intervenant de manière caractéristique dans des cas comparables. Toute responsabilité est exclue dans les autres cas.

11.9 La responsabilité en vertu des dispositions de la loi sur la responsabilité du fait des produits ou de normes comparables et impératives de législations étrangères subsiste. Demeure également inchangée la responsabilité en cas d'atteinte à la vie, à l'intégrité du corps et à la santé.

11.10 Dans le cas d'une responsabilité fondée, découlant de faits mentionnés au paragraphe 11.9, la responsabilité de l'Acheteur vis à vis de l'Acheteur, dans le cadre de législations étrangères, est limitée dans la même mesure qu'elle le serait par la législation étrangère en question.

11.11 Toute exclusion ou limitation de la responsabilité du Vendeur en matière d'indemnisation s'applique également à la responsabilité personnelle des employés, représentants et agents d'exécution du Vendeur.

12. Interdiction de cession

Tous les droits de l'Acheteur à l'encontre du Vendeur sont incessibles.

13. Garantie implicite du produit/obligation d'information

13.1 L'Acheteur ne devra utiliser la marchandise que de manière conforme à sa destination et devra veiller à ce qu'elle ne soit revendue qu'à des personnes au fait des dangers et risques du produit.

13.2 Si l'Acheteur utilise le produit comme matériau de base ou comme sous-produit de ses propres produits, il est tenu, lors de la mise en circulation du produit final de respecter son obligation d'avertissement, relatif également à la marchandise qui lui a été fournie par le Vendeur. Dans le cadre de leurs relations internes, l'Acheteur libérera le Vendeur, à la première demande, de tout recours exercé contre ce dernier pour manquement à ces obligations.

14. Confidentialité

Vis à vis des tiers, l'Acheteur est tenu de garder le secret en matière commerciale et industrielle sur toutes les informations commerciales et techniques qu'il a reçues de la part du Vendeur, dans la mesure où elles ne sont pas généralement connues. Les informations de cette nature ne pourront être communiquées qu'à des fins exclusivement contractuelles à des tiers liés par un accord de confidentialité approprié.

15. Divers

15.1 Le lieu d'exécution est celui où se trouve l'usine du Vendeur concernée.

15.2 Le tribunal compétent pour tout litige découlant du contrat est Heilbronn. Toutefois, le Vendeur est autorisé à assigner l'Acheteur également devant les tribunaux auxquels celui-ci est rattaché en général.

15.3 L'exécution de contrats basée sur les présentes conditions de vente et de livraison est exclusivement régie par le droit allemand à l'exclusion des règles de conflits de lois et de la Convention des Nations Unies sur les contrats de vente internationale de marchandises (CVM).

15.4 Les parties sont tenues, dans le cadre de l'exécution de la relation contractuelle, de respecter l'ensemble des dispositions légales en vigueur (conformité aux lois).

15.5 Toute convention distincte passée entre les parties et différente des présentes conditions de vente et de livraison ou les complétant, s'applique en priorité.

15.6 En cas d'invalidité totale ou partielle d'une ou plusieurs clauses ci-dessus, la validité des autres clauses n'en sera pas affectée. La clause invalide devra être remplacée par une clause légale s'approchant au plus près du sens et de l'objectif des présentes conditions de vente et de livraison.

1. Ámbito de aplicación

- 1.1 Se aplicarán exclusivamente las condiciones generales de venta y entrega de MS Motorservice International GmbH (denominado en lo sucesivo «vendedor»). Las condiciones del comprador contrarias a que difieran de las presentes condiciones de venta y entrega se rechazarán, salvo que el vendedor haya aceptado expresamente por escrito la validez de las condiciones divergentes. Las presentes condiciones de venta y entrega también se aplicarán cuando el vendedor lleve a cabo la entrega sin reservas al comprador en conocimiento de que las condiciones del comprador son contrarias a las propias condiciones de venta y entrega.
- 1.2 Las condiciones de venta y entrega también se aplicarán a todas las transacciones futuras con el comprador. A través del pedido del comprador, pero a más tardar al recibir la mercancía, el comprador aceptará las presentes condiciones de venta y entrega.
- 1.3 Las presentes condiciones de venta y entrega serán válidas sólo de cara a la empresa.

2. Oferta y confirmación del pedido

- 2.1 Las ofertas del vendedor no serán vinculantes. Un pedido realizado por el comprador, que jurídicamente se califica como oferta, sólo se considerará aceptado si el vendedor confirma por escrito en un plazo de 4 semanas. El contrato se celebrará a más tardar con el envío de la mercancía solicitada; en caso de entrega parcial, con el envío de la primera entrega.
- 2.2 Las modificaciones y otros acuerdos sólo serán vinculantes si el vendedor confirma por escrito.
- 2.3 Si el comprador solicita presupuestos personalizados, éstos estarán sujetos a remuneración. Si se anula la validez del contrato celebrado, sea cual fuere su causa justificativa, la obligación de remuneración para el presupuesto no se verá afectada.
- 2.4 Los documentos, dibujos, pesos y medidas, muestras, etcétera, contenidos en las ofertas contendrán sólo datos aproximados y no constituirán características. El vendedor podrá desviarse de las descripciones en la oferta, siempre que estas desviaciones no sean fundamentales o esenciales y la finalidad contractual no se vea restringida sustancialmente.
- 2.5 Cuando las mercancías se producen de acuerdo con los dibujos de los compradores, los dibujos elaborados por el comprador y aprobados por el vendedor serán determinantes. Las divergencias en los dibujos aprobados deberán acordarse de forma específica y cualquier gasto adicional resultado de éstas deberá remunerarse al vendedor.

3. Derechos protegidos

- 3.1 El vendedor se reserva los derechos de propiedad y de autor con respecto a todas las ilustraciones, cálculos y demás documentos y no se podrán emplear para fines diferentes de los indicados por el vendedor ni relevarse a terceros, salvo que se disponga de una autorización previa por escrito del vendedor. Lo anterior se aplicará sobre todo para la documentación escrita, calificada de «confidencial», «secreta» o similar.
- 3.2 Si las entregas se realizan de acuerdo con los dibujos u otros datos del comprador y, a causa de esto, se violan los derechos de propiedad de terceros, el comprador dispensará al vendedor en las relaciones internas de todas las reclamaciones.
- 3.3 El vendedor es responsable de los daños ocasionados por el uso contractualmente correcto de las mercancías derivadas de la violación de los derechos protegidos y solicitudes de los derechos protegidos (derechos protegidos), de los cuales al menos uno de la familia de los derechos protegidos figurará en la lista de la Oficina Europea de Patentes o en uno de los estados de la República Federal de Alemania, Francia, Gran Bretaña, Austria, China, Japón o los EE. UU..

4. Recomendaciones e informaciones

Las recomendaciones e informaciones no serán vinculantes en la medida en que no se refieren al producto en sí. Independientemente de la causa justificativa, los derechos de indemnización se excluirán, a menos que se basen en dolo o negligencia grave del vendedor.

5. Precios

- 5.1 Todos los precios serán precios netos y se entenderán «franco fábrica» (EXW Incoterms 2010) sin el embalaje. Se agregará el impuesto legal a la tasa aplicable.
- 5.2 El vendedor podrá facturarle al comprador cualquier gasto adicional resultante de las solicitudes de modificación.
- 5.3 Si después de la celebración del contrato se producen acontecimientos que incrementen los gastos directos del vendedor en la compra, producción y / o envío de la mercancía, el vendedor tendrá derecho de aumentar el precio de forma correspondiente.

6. Condiciones de pago

- 6.1 Las facturas deberán abonarse dentro de los 14 días a partir de la fecha de facturación sin descuento. El descuento se aplicará sólo si existe un acuerdo expreso por escrito.
- 6.2 El vendedor tendrá derecho de facturar primero el pago de una deuda más antigua no titulada, incluso con la asignación obligatoria contraria del comprador. En el caso de que ya se hayan contraído cargas o intereses, el vendedor tendrá derecho de facturar primero las cargas, luego los intereses y, finalmente, la prestación principal.
- 6.3 El derecho a compensación corresponderá al comprador sólo cuando sus contraprestaciones hayan adquirido firmeza legal, sean indiscutibles o hayan sido reconocidas por escrito por el vendedor. El derecho de retención del comprador se limitará a las reclamaciones derivadas de la relación contractual.
- 6.4 El vendedor estará autorizado a facturar intereses de demora por valor del correspondiente tipo legal de interés de demora aplicable. Se reserva expresamente el derecho de comprobar unos mayores daños por demora.

7. Entrega, plazo de entrega y demora

- 7.1 Los plazos y fechas de entrega sólo se aplicarán si el vendedor los acepta expresamente por escrito. El vendedor no estará obligado a cumplir con la fecha o plazo de entrega si el comprador incumple sus obligaciones (pago de las reducciones, aportación de los documentos necesarios, etcétera) en el tiempo previsto. La excepción de incumplimiento del contrato está reservada.
- 7.2 Los plazos de entrega comenzarán no antes del día en que se firme el contrato y todas las cuestiones técnicas hayan quedado resueltas.
- 7.3 Si el comprador solicita modificaciones, el vendedor quedará exento del cumplimiento de la fecha o plazo de entrega. En este caso, las partes acordarán una nueva fecha o plazo de entrega.
- 7.4 Salvo que se pacte lo contrario, la fecha o plazo de entrega se cumplirá si el vendedor facilita la mercancía en el lugar convenido.
- 7.5 Si las demoras en la entrega no corresponden a dolo o negligencia grave por parte del vendedor, el comprador no podrá cursar ninguna reclamación. Lo anterior se aplicará especialmente para demoras en la entrega por casos de fuerza mayor, huelgas u otros conflictos laborales, disturbios, medidas tomadas por las autoridades, carencia de suministros a recibir de los subproveedores y demás sucesos imprevisibles, inevitables y graves. En estos casos, la fecha o plazo de entrega acordado se aplazará de acuerdo con la duración del impedimento para la entrega. La compensación de los beneficios cesantes y los daños ocasionados por la interrupción del negocio se limitará al dolo.
- 7.6 Si el comprador incurre en demora en la aceptación o infringe otros deberes de cooperación, el vendedor tendrá derecho a exigir una indemnización por los daños causados, que incluye los posibles gastos adicionales. El vendedor también tendrá derecho de fijar un plazo de aceptación razonable al comprador y exigir la rescisión del contrato y reclamar daños y perjuicios en lugar de la prestación después de que el plazo venza sin obtener resultado.
- 7.7 Se permitirán las entregas parciales de manera razonable. En este sentido, se excluirán las reclamaciones del comprador en cuanto a la entrega parcial o retraso en la entrega de la cantidad restante.

8. Reserva de dominio

- 8.1 El vendedor conservará la propiedad de todas las mercancías entregadas hasta la recepción de todos los pagos procedentes de la relación de suministro, incluso de las obligaciones que se generen en el futuro. En caso de incumplimiento del contrato, en particular, en caso de retraso en el pago, el vendedor tendrá derecho de retirar el objeto vendido.
- 8.2 El comprador estará obligado a tratar las mercancías entregadas con cuidado y a asegurarlas por cuenta propia contra cualquier forma de pérdida durante el período de reserva de dominio por el valor de nuevo. El vendedor tendrá derecho de asegurar la mercancía directamente a cargo del comprador.
- 8.3 El comprador deberá comunicar sin dilación alguna y por escrito al vendedor cualquier caso de embargo o demás intervenciones de terceros, de modo que éste pueda ejercitar la reclamación por tercera o otros recursos. Se imputará al comprador, siempre que los terceros no reembolsen los costes originados judicial o extrajudicialmente.
- 8.4 El comprador podrá revender la mercancía dentro del contexto de las prácticas comerciales reglamentarias. No obstante, desde este momento cederá a favor del vendedor todos los cobros pendientes por el valor del importe de la suma final de la factura (IVA incluido) equivalente al crédito, resultante de la enajenación frente a adquirentes o terceros, independientemente de si la mercancía ha sido vendida antes o después de haber sido transformada. El comprador tendrá la facultad de recaudar esta deuda incluso después de la entrega. El derecho del vendedor a recaudar la deuda él mismo no se verá afectado. El vendedor se comprometerá a no cobrar la deuda en tanto el comprador satisfaga sus obligaciones de pago resultantes de los ingresos, no se retrase en el pago y, en particular, no solicite la apertura de un proceso de insolvencia o no declare una suspensión de pagos.

- 8.5 Si las mercancías entregadas se mezclan o combinan inseparablemente con otras mercancías que no pertenecen al vendedor, el vendedor adquirirá la copropiedad del nuevo o combinado objeto en relación al valor de la mercancía entregada (importe de la suma final de la factura, IVA incluido) para el otro u otros objetos en el momento de la mezcla o combinación. El comprador se encargará de custodiar para el vendedor la propiedad exclusiva o la copropiedad.
- 8.6 En el caso de que el valor de las garantías entregadas exceda del valor de los créditos del vendedor en total en más de un 20 %, el vendedor tendrá la obligación de liberar, a elección del vendedor, el exceso de las garantías a solicitud del comprador.
- 8.7 En la medida que el registro y / o el cumplimiento de otras exigencias sea requisito para la efectividad de la reserva de dominio, el comprador estará obligado a emprender y a efectuar inmediatamente y por su propia cuenta todas las acciones y comunicaciones necesarias. En caso de que la legislación vigente no permita el acuerdo de reserva de dominio, el comprador proporcionará al vendedor otras garantías adecuadas al utilizar créditos comerciales.

9. Envío y transmisión del riesgo

- 9.1 El envío se efectuará a riesgo del comprador. El riesgo siempre pasará al comprador a más tardar con el envío de la mercancía, incluso si el vendedor asume otras prestaciones.
- 9.2 Si la entrega se retrasa debido a circunstancias de las que el vendedor no es responsable, el riesgo pasará al comprador en el momento en que se comunica al comprador que la mercancía está lista para el envío. A petición por escrito del comprador, el vendedor asegurará el envío a cuenta del comprador contra rotura, transporte, incendio y daños por agua.
- 9.3 De conformidad con el Decreto de envases, no se aceptará la devolución de embalajes de transporte y demás embalajes; a excepción de las paletas. El comprador estará obligado a hacerse cargo de la eliminación del embalaje por cuenta propia.

10. Elementos de producción

- 10.1 En caso de que el comprador suministre elementos de producción (tales como herramientas y / o moldes), dichos elementos deberán enviarse sin coste alguno al vendedor. El vendedor no asumirá ninguna responsabilidad por pérdida, desgaste, deterioro o devolución incompleta y los daños resultantes de la misma. Este asumirá responsabilidad sólo en caso de negligencia grave o dolo. Lo anterior no rige en caso de responsabilidad forzosa prescrita por la ley.
- 10.2 En caso de fabricación o adquisición de elementos de producción por encargo del comprador, los costes se facturarán aparte y de forma proporcional. El vendedor conservará plena propiedad de los elementos de fabricación, sin que exista ninguna obligación de entregarlos al comprador. Lo anterior se aplicará también a los útiles secuenciales. La siguiente disposición del artículo 10.3 no se verá afectada.
- 10.3 En el caso de la amortización del coste de los elementos de producción sobre el precio parcial, el comprador asumirá los gastos no cubiertos si uno de dichos útiles no fuera utilizado, incluso de los demás dispositivos a ello vinculados. En todo caso, los costes de los modelos o prototipos correrán, en su totalidad, de cuenta del comprador.
- 10.4 Queda prohibido entregar a terceros los dibujos y la documentación entregada por el vendedor al comprador, así como las propuestas hechas por el vendedor para el desarrollo y la fabricación de la mercancía; el vendedor tendrá derecho a exigir la devolución de la documentación en todo momento.

11. Responsabilidad debida a defectos materiales y responsabilidad

- 11.1 El vendedor no asume responsabilidad por los daños causados por el incumplimiento de prescripciones para el manejo, mantenimiento y montaje, la utilización inadecuada o indebida, el uso erróneo o negligente y el desgaste natural, el almacenamiento incorrecto o por las manipulaciones realizadas por el comprador o por terceros en la mercancía. Las mercancías pueden instalarse únicamente por personal especializado del comprador o terceros.
- 11.2 El vendedor tendrá derecho de elegir entre la reparación o sustitución del artículo defectuoso por un nuevo.
- 11.3 Los gastos necesarios debido al cumplimiento posterior no correrán a cargo del vendedor, en tanto que los gastos aumentan debido a que la mercancía haya sido llevada tras su entrega a un lugar distinto al del originalmente previsto.
- 11.4 Los gastos generados al comprador o terceros en relación con el desmontaje de los productos defectuosos y el montaje de una mercancía nueva o reparada no representarán costes de cumplimiento posterior según la legislación alemana, art. 439, párrafo 2 del código civil alemán.
- 11.5 Las reclamaciones relacionadas con la responsabilidad debida a defectos materiales caducarán después de un año desde la entrega de la mercancía, salvo que las reclamaciones de responsabilidad debida a defectos materiales se fundamenten en un incumplimiento doloso o gravemente negligente del contrato por parte del vendedor o sus auxiliares ejecutivos o en lo que concierne a daños personales que afecten a la integridad física y la salud.
- 11.6 El comprador estará obligado a cumplir con la obligación de realizar pruebas de acuerdo con la legislación alemana, art. 377 del código de comercio alemán, incluso con la reventa de la mercancía.
- 11.7 El derecho de recurso del comprador contra el vendedor en cuanto a la responsabilidad debida a defectos materiales, al que los clientes del comprador se oponen, quedará excluido cuando el comprador no cumpla con la obligación de realizar pruebas y reclamaciones o cuando la mercancía haya sido sometida a una transformación.
- 11.8 La responsabilidad del vendedor en virtud de las disposiciones legales para la responsabilidad por daños y perjuicios se cumplirá íntegramente cuando un incumplimiento imputable de una obligación del vendedor se fundamenta en dolo o negligencia grave. En la medida en que el incumplimiento imputable de la obligación del vendedor se fundamenta en una negligencia simple y se viole una obligación esencial del contrato, la responsabilidad por daños y perjuicios se limitará al daño previsible que se produce normalmente en casos similares. Por lo demás, quedará totalmente excluida la responsabilidad.
- 11.9 La responsabilidad en virtud de las disposiciones de la ley relativa a los productos defectuosos o los derechos indispensables y similares de las legislaciones extranjeras no se verán afectados. Esto se entenderá sin perjuicio de la responsabilidad por daños personales que afecten a la integridad física y la salud.
- 11.10 En cuanto a la responsabilidad en virtud de los hechos constitutivos del párrafo 11.9, la responsabilidad del vendedor en cuanto a las legislaciones extranjeras en relación con el comprador se limitará a lo que marque la legislación extranjera.
- 11.11 La exclusión o la limitación de la responsabilidad por daños y perjuicios respecto al vendedor valdrá también en lo relativo a la responsabilidad personal por daños y perjuicios imputable a los empleados, representantes y auxiliares ejecutivos.

12. Prohibición de cesión

Todas las reclamaciones del comprador contra el vendedor no serán transferibles.

13. Responsabilidad relativa a los productos defectuosos y deber de advertencia

- 13.1 El comprador podrá utilizar la mercancía sólo de la manera prevista y deberá asegurarse de que esta mercancía se revenda sólo a las personas familiarizadas con los peligros y riesgos del producto.
- 13.2 Cuando el comprador use los productos del vendedor como producto primario y subproducto en productos propios para la comercialización como producto final, éste estará obligado a cumplir también con el deber de advertencia en cuanto a los productos entregados por el vendedor. En las relaciones internas, el comprador renunciará a toda pretensión contra el vendedor en cuanto al incumplimiento de la presente obligación a primer requerimiento.

14. Confidencialidad

El comprador deberá tratar todas las informaciones comerciales y técnicas recibidas por el vendedor como secretos comerciales y empresariales frente a terceros, salvo que éstas sean de dominio público. Dicha información será revelada únicamente con fines contractuales a terceros vinculados a un acuerdo de confidencialidad correspondiente.

15. Otros

- 15.1 El lugar de cumplimiento será el lugar en el que se encuentre la fábrica de venta correspondiente.
- 15.2 La jurisdicción para todos los litigios derivados del contrato será la de Heilbronn (Alemania). No obstante, el vendedor podrá demandar al cliente en su jurisdicción general.
- 15.3 Para la ejecución de los contratos sobre la base de las presentes condiciones de venta y entrega, se aplicará exclusivamente la ley alemana con exclusión del derecho de colisión y del derecho de adquisición de las Naciones Unidas.
- 15.4 En el contexto de la ejecución de la relación contractual, las partes están obligadas a cumplir todas las disposiciones legales aplicables (conformidad con las leyes).
- 15.5 Los acuerdos que se desvíen o que complementen por separado las presentes condiciones de venta y entrega entre las partes tendrán prioridad.
- 15.6 En la medida que una o más de las anteriores disposiciones sean total o parcialmente inválidas, la validez de las disposiciones restantes no se verá afectada. La disposición nula será sustituida por una disposición legal válida que alcance el objetivo y propósito de las presentes condiciones de venta y entrega en la medida de lo posible.

1. Ambito di validità

1.1 Valgono esclusivamente le Condizioni generali di vendita e di consegna della MS Motorservice International GmbH (di seguito denominata „Venditore“). Condizioni dell'Acquirente contrapposte o diverse dalle presenti Condizioni di vendita e di consegna non saranno riconosciute come valide a meno che il Venditore non ne abbia espressamente autorizzato per iscritto la validità. Le presenti Condizioni di vendita e di consegna sono valide anche quando il Venditore esegua la consegna all'Acquirente senza riserve pur essendo a conoscenza di condizioni dell'Acquirente contrapposte o diverse dalle proprie Condizioni di vendita e di consegna.

1.2 Le Condizioni di vendita e di consegna sono valide anche per tutte le operazioni commerciali future intrattenute con l'Acquirente. L'Acquirente riconosce e accetta le presenti Condizioni di vendita e di consegna inoltrando l'ordine, al più tardi con l'accettazione della merce.

1.3 Le presenti Condizioni di vendita e di consegna sono valide solo nei confronti di imprenditori.

2. Offerta e conferma d'ordine

2.1 Le offerte del Venditore sono sempre da considerarsi non vincolanti. Un ordine dell'Acquirente, classificabile come offerta in termini legali, viene considerato accettato solo nel momento in cui viene confermato per iscritto dal Venditore entro un periodo di 4 settimane. Il contratto sarà perfezionato al più tardi con l'invio della merce ordinata, con l'invio della prima fornitura in caso di consegne parziali.

2.2 Modifiche o altri accordi saranno vincolanti unicamente qualora vengano confermati per iscritto dal Venditore.

2.3 Se l'Acquirente esige preventivi di spesa individuali, questi saranno passibili di compenso. L'obbligo di compenso per il preventivo di spesa resta salvo anche qualora l'efficacia del contratto stipulato venisse soppressa per un qualsiasi motivo giuridico.

2.4 La documentazione, i disegni, i dati riguardanti pesi e dimensioni, i campioni ecc. contenuti nelle offerte sono informazioni approssimative e non rappresentano caratteristiche di configurazione. Il Venditore ha diritto a derogare alle descrizioni riportate nell'offerta purché dette deroghe non siano di natura fondamentale o essenziale e non limitino sostanzialmente lo scopo conforme al contratto.

2.5 Se le merci devono essere prodotte in base a disegni specifici dell'Acquirente, saranno determinanti i disegni approvati dall'Acquirente e approvati dal Venditore. Deroghe ai disegni approvati dovranno essere concordate separatamente e qualsiasi spesa aggiuntiva da esse derivante dovrà essere rimborsata al Venditore.

3. Diritti di protezione

3.1 Il Venditore si riserva i diritti di proprietà e d'autore su qualsiasi illustrazione, disegno, calcolo e altra documentazione che, quindi, non potranno essere utilizzati a scopi diversi da quelli indicati dal Venditore stesso né essere resi accessibili a terze persone senza previa autorizzazione scritta del Venditore. Ciò si applica soprattutto alla documentazione scritta definita dai termini „confidenziale“, „segreto“ o simili.

3.2 In caso di consegne eseguite sulla base di disegni o altri dati dell'Acquirente che ledono i diritti di protezione di terzi, nel rapporto interno l'Acquirente esonerà il Venditore da qualsiasi rivendicazione.

3.3 Il Venditore è responsabile di rivendicazioni derivanti, nonostante un utilizzo della merce conforme al contratto, dalla violazione di diritti di protezione e diritti di protezione depositati (diritti di protezione) di cui almeno uno appartiene alla famiglia di diritti di protezione sia stato pubblicato dall'Ufficio Brevetti Europeo o in uno degli Stati Repubblica Federale Tedesca, Francia, Gran Bretagna, Austria, Cina, Giappone o USA.

4. Raccomandazioni, informazioni e precisazioni

Raccomandazioni, informazioni e precisazioni non sono vincolanti purché non si riferiscano alla merce stessa. Sono esclusi i diritti al risarcimento, indipendentemente dal motivo giuridico, a meno che non derivino da dolo o colpa grave del Venditore.

5. Prezzi

5.1 Tutti i prezzi si intendono al netto e sono validi „franco magazzino“ („EXW“, Incoterms 2010) escluso l'imballaggio. Ai prezzi si dovrà aggiungere l'imposta legale sul valore aggiunto di volta in volta valida.

5.2 Il Venditore può addebitare all'Acquirente qualsiasi eccedenza di spesa derivante da richieste di modifica.

5.3 In caso di eventi insorti dopo la stipula del contratto che causino l'aumento dei prezzi di costo del Venditore per l'acquisto, la produzione e/o la spedizione della merce, il Venditore avrà diritto ad aumentare i prezzi corrispondentemente.

6. Condizioni di pagamento

6.1 Le fatture devono essere pagate al netto entro 14 giorni dalla data della fattura. Uno sconto vale unicamente previo esplicito accordo scritto.

6.2 Il Venditore è diritto ad imputare un pagamento dapprima al debito più lontano non titolato, anche in caso di destinazione-contrapposta allo scopo da parte dell'Acquirente. Se sono già insorti costi o interessi, il Venditore ha diritto ad imputare pagamenti dapprima ai costi, poi agli interessi e infine alla prestazione principale.

6.3 L'Acquirente detiene il diritto alla compensazione unicamente se e quando le sue controprese siano dichiarate aventi valore legale, incontestate o riconosciute per iscritto dal Venditore. Il diritto di ritenzione dell'Acquirente è limitato alle rivendicazioni derivanti dal rapporto contrattuale.

6.4 Il Venditore ha diritto ad esigere interessi di mora pari al tasso di interessi di mora legalmente valido in quel momento. Resta esplicitamente salvo il diritto a comprovare un danno di mora maggiore.

7. Consegna/Termine di consegna/Ritardo

7.1 Le date e i periodi di consegna sono considerati vincolanti unicamente se sono stati espressamente promessi per iscritto dal Venditore. Il Venditore non è vincolato alla data o al periodo di consegna se l'Acquirente non ottempera tempestivamente ai suoi obblighi (pagamento di account, fornitura della necessaria documentazione ecc.). Con riserva di eccezione di inadempimento.

7.2 I periodi di consegna hanno inizio non prima del giorno in cui è stato stipulato il contratto per iscritto e sono state chiarite tutte le questioni di carattere tecnico.

7.3 In caso di richieste di modifica da parte dell'Acquirente, il Venditore è esonerato dall'osservanza della data o del periodo di consegna. In questo caso, le parti dovranno concordare una nuova data o un nuovo periodo di consegna.

7.4 Se non diversamente concordato, la data o il periodo di consegna sono da considerarsi osservati quando il Venditore ha consegnato la merce nel luogo concordato.

7.5 L'Acquirente non ha diritto ad alcuna rivendicazione per ritardi di consegna che non siano dovuti a dolo o colpa grave del Venditore. Ciò si applica soprattutto a ritardi di consegna dovuti a cause di forza maggiore, conflitti sindacali, agitazioni, provvedimenti della autorità, mancate consegne da parte di subfornitori e altri eventi imprevedibili, inevitabili e gravi. In questi casi, la data o il periodo di consegna concordati saranno prorogati corrispondentemente alla durata dell'ostacolo alla consegna. Il rimborso di lucro cessante e danni derivanti dall'interruzione della produzione è limitato al dolo.

7.6 In caso di mora di accettazione da parte dell'Acquirente o qualora quest'ultimo violi altri obblighi di collaborazione, il Venditore avrà diritto a pretendere il rimborso del danno eventualmente insorto comprese tutte le spese supplementari. Il Venditore, inoltre, ha diritto ad imporre all'Acquirente un termine di accettazione ragionevole, scaduto il quale, senza esito, avrà diritto a recedere dal contratto nonché ad esigere il rimborso del danno in vece della prestazione.

7.7 Forniture parziali sono ammesse in misura accettabile. Pertanto si escludono rivendicazioni dell'Acquirente per forniture parziali o forniture ritardate dell'ordinativo restante.

8. Diritto di riservato dominio

8.1 Il Venditore si riserva la proprietà di tutte le merci consegnate fino al percepimento di tutti i pagamenti derivanti dal rapporto di fornitura, anche degli obblighi futuri. In caso di comportamento contrario ai termini del contratto, in particolare in caso di ritardo dei pagamenti, il Venditore ha diritto a riprendersi la cosa venduta.

8.2 L'Acquirente è tenuto a trattare la merce consegnata con la dovuta cura e ad assicurarla a proprie spese per il valore a nuovo contro qualsiasi forma di perimento per tutta la durata del riservato dominio. Il Venditore resta autorizzato ad assicurare lui stesso la merce a spese dell'Acquirente.

8.3 In caso di pignoramenti o altri interventi di terze persone, l'Acquirente deve informarne immediatamente il Venditore per iscritto affinché quest'ultimo possa intentare opposizione di terzi o ricorrere ad altri mezzi legali. Se il terzo non rimborsa le spese giudiziali ed extragiudiziali da ciò derivanti, ne sarà responsabile l'Acquirente.

8.4 L'Acquirente ha diritto a rivendere la merce nell'andamento regolare degli affari; egli, tuttavia, cede già ora al Venditore tutti i crediti pari all'importo finale della fattura del credito (compresa l'imposta sul valore aggiunto) derivantigli dalla rivendita ai propri clienti o a terzi, indipendentemente da che la merce sia stata rivenduta prima o dopo una lavorazione. L'Acquirente continua ad avere diritto al recupero di questo credito anche dopo la consegna. Resta salva l'autorizzazione del Venditore a recuperare autonomamente il credito. Il Venditore, tuttavia, si impegna a non recuperare il credito fintanto che l'Acquirente soddisfa i propri obblighi di pagamento dei ricavi riscossi, non ritarda nei pagamenti e, soprattutto, non presenta domanda di apertura della procedura di insolvenza o non cessa di effettuare i pagamenti.

8.5 Se la merce consegnata viene indissolubilmente commista o unita ad altri oggetti non appartenenti al Venditore, quest'ultimo diventa comproprietario della cosa nuova o unita in rapporto del valore della merce consegnata (importo finale della fattura, compresa l'I.V.A.) al o agli altri oggetti al momento della commistione o dell'unione. L'Acquirente custodisce la proprietà esclusiva o la proprietà così insorta per il Venditore.

8.6 Se il valore delle garanzie fornite supera i crediti del Venditore complessivamente di oltre il 20% e l'Acquirente lo richiede, il Venditore sarà tenuto a svincolare le garanzie eccedenti a propria discrezione.

8.7 Se e nella misura in cui la registrazione e/o l'adempimento ad altri requisiti costituiscano premessa per l'efficacia del riservato dominio, l'Acquirente è tenuto ad intentare senza indugio tutte le azioni a ciò necessarie nonché a comunicare tutte le necessarie notifiche. Se e nella misura in cui l'ordinamento giuridico autorevole non ammette accordi di riservato dominio, in caso di ricorso al credito su merci l'Acquirente fornirà al Venditore ulteriori garanzie ragionevoli.

9. Spedizione, trapasso di rischio

9.1 La spedizione avviene a rischio e pericolo dell'Acquirente. Il rischio passa sempre all'Acquirente anche se vengono assunte altre prestazioni dal Venditore, al più tardi con la spedizione della merce.

9.2 In caso di ritardi di spedizione non imputabili al Venditore, il rischio viene trasmesso all'Acquirente dal giorno in cui viene comunicata la disponibilità alla spedizione. Su richiesta scritta dell'Acquirente, il Venditore assicurerà la spedizione contro danni di rottura, di trasporto, causati da incendio e dall'acqua a spese dell'Acquirente.

9.3 Come previsto dalla normativa sugli imballaggi, gli imballaggi di trasporto e tutti gli altri imballaggi non saranno ripresi in consegna; fanno eccezione i pallet. L'Acquirente è tenuto a procedere a proprie spese allo smaltimento degli imballaggi.

10. Mezzi di produzione

10.1 Se l'Acquirente fornisce al Venditore mezzi di produzione (ad esempio attrezzi, stampi), questi dovranno essere spediti al Venditore gratuitamente. Il Venditore dovrà rispondere del loro perimento, del deterioramento o di una restituzione incompleta e dei danni che ne derivano solo in caso di colpa grave o dolo. Ciò non si applica qualora la responsabilità del Venditore sia prevista da disposizioni legali obbligatorie.

10.2 Se il Venditore produce o acquista mezzi di produzione su ordine dell'Acquirente, egli addebiterà le spese pro quota con una fattura separata. I mezzi di produzione restano di proprietà del Venditore. Il Venditore non è tenuto a cedere detti mezzi all'Acquirente. Quanto summenzionato si applica anche alle attrezzature seguenti. Resta salva la seguente regola del punto 10.3.

10.3 Se è previsto l'ammortamento dei costi dei mezzi di produzione oltre il prezzo del pezzo, in caso di mancato ammortamento di un attrezzo l'Acquirente si accolla le spese scoperte, comprese le spese per ulteriori attrezzature specifiche. Le spese per i modelli sono sempre interamente a carico dell'Acquirente.

10.4 I disegni e la documentazione consegnati dal Venditore all'Acquirente nonché le proposte del Venditore circa il design e la produzione della merce non possono essere trasmessi a terzi e il Venditore ha diritto ad esigerne la restituzione in qualsiasi momento.

11. Garanzia per i vizi della cosa/Responsabilità

11.1 Il Venditore non è responsabile per danni causati dall'inosservanza di istruzioni per l'uso, di manutenzione e di installazione, utilizzo non appropriato, non secondo destinazione o non professionale, trattamento scorretto o negligente, usura naturale, scorretto stoccaggio o modifiche apportate alla merce dall'Acquirente o da terze persone. Le merci possono essere montate dall'Acquirente o da terzi esclusivamente ricorrendo a personale qualificato e addestrato.

11.2 Il Venditore ha diritto di scegliere tra una riparazione e una nuova consegna.

11.3 Le spese necessarie all'adempimento successivo non sono a carico del Venditore se, dopo la consegna, aumentano a causa del trasporto della merce dopo la consegna in un altro luogo rispetto a quello originario.

11.4 Le spese che insorgono per l'Acquirente o terze persone a causa dello smontaggio di merce difettosa e del montaggio della merce nuova o riparata non sono spese per adempimento successivo ai sensi del § 439 comma 2 del Codice Civile tedesco.

11.5 Le rivendicazioni derivanti dalla garanzia per i vizi della cosa cadono in prescrizione dopo un anno dal trasferimento della merce a meno che i diritti di garanzia per i vizi della cosa non derivino da una preavvicinazione per colpa grave o dolo del Venditore o del suo ausiliario o da delitti contro la vita, l'incolumità e la salute individuale.

11.6 L'Acquirente è tenuto ad ottemperare al proprio obbligo di controllo ai sensi del § 377 del Codice Commerciale tedesco anche in caso di rivendita della merce.

11.7 È escluso il diritto di regresso dell'Acquirente nei confronti del Venditore per diritti derivanti dalla garanzia per i vizi della cosa rivendicati nei confronti dell'Acquirente dai suoi clienti qualora l'Acquirente non ottemperi al suo obbligo di controllo e ricorso oppure la merce sia stata modificata tramite elaborazione successiva.

11.8 La responsabilità del Venditore conformemente alle disposizioni di legge riguardanti il risarcimento dei danni è illimitata se una preavvicinazione imputabile al venditore è causata da dolo o colpa grave. Se la preavvicinazione imputabile al Venditore è causata da semplice negligenza e sussiste la violazione colposa di un obbligo contrattuale fondamentale, la responsabilità per danni è limitata al danno prevedibile tipico che incorre in casi equiparabili. La responsabilità è esclusa nei casi restanti.

11.9 Resta salva la responsabilità ai sensi delle disposizioni della legge sulla responsabilità dei prodotti o leggi comparabili inalienabili di ordinamenti giuridici stranieri. Salva resta anche la responsabilità per delitti contro la vita, l'incolumità e la salute individuale.

11.10 In caso di responsabilità fondata ai sensi della fattispecie al punto 11.9, la responsabilità del Venditore prevista da ordinamenti giuridici stranieri in rapporto all'Acquirente è limitata all'entità che verrebbe ammessa dal rispettivo diritto straniero.

11.11 Se la responsabilità del danno del Venditore è esclusa o limitata, la colpa in eligendo si estende anche ai danni causati da collaboratori, rappresentanti ed ausiliari del Venditore.

12. Divieto di cessione

Tutti i diritti dell'Acquirente nei confronti del Venditore sono incedibili.

13. Responsabilità del prodotto/Obblighi di avviso

13.1 L'Acquirente può utilizzare la merce solo secondo la sua destinazione e deve assicurarsi che detta merce venga rivenduta unicamente a persone a conoscenza dei pericoli e dei rischi connessi al prodotto.

13.2 Se utilizza la merce come prodotto base e parziale di prodotti propri, al momento della messa in circolazione del prodotto finale l'Acquirente è tenuto ad adempiere al proprio obbligo di avvertimento anche per quanto riguarda la merce fornita dal Venditore. Nel rapporto interno, l'Acquirente esonerà il Venditore dall'esercizio di diritti in caso di violazione della suddetta obbligazione su prima richiesta.

14. Segretezza

Nei confronti di terzi, l'Acquirente è tenuto a trattare tutte le informazioni commerciali e tecniche ricevute dal Venditore come segreti commerciali e aziendali, purché non siano di dominio pubblico. Dette informazioni possono essere trasmesse a terzi, esclusivamente allo scopo previsto dal contratto, che siano vincolati da un corrispondente accordo di segretezza.

15. Altro

15.1 Piazza di adempimento è il luogo del corrispondente stabilimento del Venditore.

15.2 Foro competente per qualsiasi controversia derivante dal contratto è il Tribunale di Heilbronn. Tuttavia, il Venditore ha diritto a citare in giudizio l'Acquirente anche dinanzi al foro competente generale di quest'ultimo.

15.3 Per l'evasione di contratti basati sulle presenti Condizioni di vendita e di consegna si applica unicamente il Diritto tedesco con esclusione del Diritto dei conflitti di competenza e della Convenzione sulla Vendita Internazionale di Beni (CISG).

15.4 Le parti sono tenute ad ottemperare a tutte le disposizioni di legge vigenti nell'ambito dell'espletazione del rapporto contrattuale (compliance with laws).

15.5 Accordi tra le parti separati derogatori o integrativi rispetto alle presenti Condizioni di vendita e di consegna godono di priorità.

15.6 In caso di inefficacia totale o parziale di una o più di una delle clausole summenzionate, le restanti clausole restano tuttavia valide. La clausola invalida dovrà quindi essere sostituita da una clausola ammessa dalla legge che permetta di adempiere al senso e allo scopo delle presenti Condizioni di vendita e di consegna possibilmente nello stesso modo.

1. Сфера применения

1.1 Общие условия продажи и поставки MS Motorservice International GmbH (далее – „продавец“) имеют исключительное действие. Противоположные или отличающиеся от настоящих условий продажи и поставки условия покупателя не признаются, за исключением случаев, когда продавец однозначно письменно признал их действительность. Настоящие условия продажи и поставки действительны и в том случае если продавец, зная противоположные или отличающиеся от собственных условий продажи и поставки условия покупателя, осуществляет поставку для покупателя без предварительных договоренностей.

1.2 Условия продажи и поставки распространяются и на все будущие сделки с покупателем. Условия продажи и поставки признаются покупателем при размещении заказа, самое позднее - при приеме товара.

1.3 Настоящие условия продажи и поставки действуют только в отношении предпринимателей.

2. Предложение и подтверждение заказа

2.1 Предложения продавца всегда являются свободными. Заказ покупателя, с правовой точки зрения квалифицируемый как предложение, считается принятым только при письменном его подтверждении продавцом в течение 4 недель. Договор вступает в силу не позднее, чем с момента отправки заказанного товара, при частичной поставке - с момента отправки первой партии.

2.2 Изменения и прочие соглашения являются обязывающими только в случае их письменного подтверждения продавцом.

2.3 Если покупатель запрашивает индивидуальные предварительные сметы, за них причитается вознаграждение. В случае недействительности заключенного договора на каком бы то ни было правовом основании, обязанность вознаграждения за предварительную смету сохраняется.

2.4 Содержащиеся в предложениях документы, чертежи, данные о весе и размерах, образцы и т.д., являются лишь приблизительными данными, а не характеристиками качества. Продавец имеет право отклониться от описанных данных в предложении, если такое отклонение не играет решающей или существенной роли, а цель договора при этом не будет существенно ограничена.

2.5 Если товары изготавливаются по чертежам покупателя, определяющими являются составленные покупателем и одобренные продавцом чертежи. Отклонения от уже одобренных чертежей согласовываются отдельно, а любые дополнительные расходы должны быть возмещены продавцу.

3. Патенты

3.1 Продавец сохраняет за собой право собственности и авторское право на все изображения, чертежи, расчеты и прочие документы; без предварительного письменного разрешения продавца они не могут быть использованы в целях, не указанных продавцом, либо переданы третьим лицам. В особенности, это касается письменных документов с пометками „конфиденциально“, „секретно“ или подобными им.

3.2 Если поставки осуществляются по чертежам или прочим данным покупателя, и при этом нарушаются патенты третьих лиц, покупатель, в рамках отношений партнеров по договору, снимает с продавца все претензии.

3.3 Продавец несет ответственность за претензии, возникшие при использовании товара в соответствии с договором, в связи с несоблюдением патентов и заявок на выдачу патентов (охранных прав), из которых, в меньшей мере, один из семейства патентов был опубликован либо Европейским патентным ведомством, либо в одной из следующих стран: Федеративная Республика Германия, Франция, Великобритания, Австрия, Китай, Япония или США.

4. Рекомендации, информация и справки

Рекомендации, информация и справки являются необязательными, если они не относятся непосредственно к товару. Претензии о возмещении ущерба на каком бы то ни было правовом основании исключены, кроме случаев, когда они возникают в связи с умышленными или грубо халатными действиями продавца.

5. Цены

5.1 Все цены нетто и действуют на условиях франко-завод (Incoterms 2010, „EXW“), за исключением упаковки. Законодательно установленный налог с оборота в соответствующем размере начисляется дополнительно.

5.2 Возможны дополнительные затраты, возникающие в связи с пожеланиями покупателя по изменению, могут быть включены продавцом в счет покупателя.

5.3 В случае если после заключения договора возникнут события, повышающие себестоимость товара продавца при его закупке, производстве и /или отправке, продавец имеет право на соответствующее повышение цены.

6. Условия оплаты

6.1 Счета подлежат полной оплате в течение 14 дней со дня выставления счета. Скидки действуют только при наличии явного письменного соглашения.

6.2 Продавец имеет право, даже при противоположной целевой привязке покупателя, начислить оплату сначала в счет самого старого, не документированного долга. В случае возникновения расходов и процентов, продавец имеет право зачесть платежи сначала на оплату расходов, затем процентов, и в последнюю очередь - на оплату основного продукта или услуги.

6.3 Право на взаимный зачет встречных требований покупатель имеет только в случае если встречные требования определены имеющими законную силу, неоспоримы или письменно признаны продавцом. Право покупателя на удержание оплаты ограничено претензиями, возникающими из договорных отношений.

6.4 Продавец имеет право требовать пеню за просрочку платежа в размере действующей в настоящее время процентной ставки за просрочку платежа, определенной законом. Сохраняется право обоснования более высокого ущерба от просрочки.

7. Поставка/срок поставки/задержка

7.1 Договоренность о сроках и дата поставки считается обязательной только в случае если она однозначно письменно одобрены продавцом. Продавец не обязан соблюдать дату и/или срок поставки, если покупатель не выполняет свои обязательства (выплата задатка, предоставление необходимых документов и т.д.) своевременно. Сохраняется право на возращение стороны о неисполнении договора другой стороной.

7.2 Срок поставки начинается не ранее дня письменного заключения договора и разьянения всех технических вопросов.

7.3 При наличии пожеланий покупателя по изменению, продавец освобождается от соблюдения даты и/или срока поставки. В данном случае стороны согласуют новую дату поставки или новые сроки поставки.

7.4 При отсутствии иных договоренностей, дата поставки или срок поставки считаются соблюденными, если товар доставлен продавцом в согласованное место.

7.5 Покупатель не имеет права предъявлять претензии по задержкам поставки, не вызванным умыслом или грубой халатностью продавца. В частности, это касается задержки поставки в связи с форс-мажорными обстоятельствами, забастовками, беспорядками, административными мерами, непоставками товаров субпоставщиками и прочими непредвиденными, неотвратимыми и существенными обстоятельствами. Согласованные сроки и даты поставки в этом случае продлеваются в соответствии с длительностью действия фактора задержки поставки. Возмещаются только упущенная прибыль и ущерб в связи с простоем, которые вызваны умышленными действиями.

7.6 В случае просрочки приемки товара покупателем или нарушения им прочих обязательств по содействию, продавец имеет право требовать возмещения понесенного ущерба, включая возможные дополнительные расходы. Кроме того, продавец имеет право устанавливать приемлемый срок приемки товара покупателем, а по истечении срока в одностороннем порядке выйти из договора и потребовать возмещения ущерба вместо выполнения договорных обязательств.

7.7 Частичные поставки допустимы в приемлемом объеме. В связи с этим претензии покупателя по частичной поставке или задержанной поставке остаточной партии исключаются.

8. Оговорка об условиях перехода права собственности на товар

8.1 Продавец сохраняет право собственности на все поставленные товары до поступления всех платежей в рамках отношений, возникающих при осуществлении поставок, а также будущих обязательств. При действиях, противоречащих условиям договора, в частности, при задержке оплаты, продавец имеет право забрать товар назад.

8.2 Покупатель обязуется бережно обращаться с поставленными товарами, и в течение срока перехода собственности на товар, за свой собственный счет застраховать его против любого вида уничтожения по стоимости нового изделия. За продавцом сохраняется право самостоятельно страховать товар за счет покупателя.

8.3 При наложении ареста на имущество или прочих вмешательствах третьих лиц покупатель обязан незамедлительно письменно информировать продавца, чтобы он смог подать иск об исключении имущества из описи или иную апелляцию. В случае если третье лицо не возместит возникшие в связи с этим судебные и внесудебные расходы, ответственность за них несет покупатель.

8.4 Покупатель имеет право перепродавать товар в рамках нормального делового процесса; однако он уже сейчас уступает продавцу все требования в размере итоговой суммы счета-фактуры (включая налог на добавленную стоимость), которые у него возникают при перепродаже по отношению к клиенту или третьему лицу, независимо от того, был ли товар перепродан без переработки или после нее. Покупатель имеет право на предъявление этого

требования к оплате и после передачи товара. Это не отменяет право продавца на самостоятельное взыскание этого требования. Продавец, однако, обязуется не взыскивать это требование до тех пор, пока покупатель выполняет свои обязательства по платежам из полученных доходов, не просрочивает платежи, не подает заявление о начале процедуры банкротства, или не наблюдает прекращения платежей.

8.5 При нераздельном смешении и соединении поставленного товара с предметами, не являющимися собственностью продавца, продавец приобретает право долевой собственности на новое или соединенное имущество в пропорции, равной отношению стоимости поставленного товара (итоговая сумма по счету-фактуре, включая налог на добавленную стоимость) к стоимости других товаров на момент смешения или соединения. Покупатель хранит для продавца возникшую таким образом единичную или долевую собственность.

8.6 Если стоимость поставленного залога превышает стоимость требований продавца в общем более чем на 20%, продавец обязуется по требованию покупателя вернуть тому избыточный залог по выбору продавца.

8.7 Если условием действительности оговорки об условиях перехода права собственности на товар является регистрация и/или выполнение иных требований, то покупатель обязан за свой счет незамедлительно предпринять все необходимые для этого действия и сделать все необходимые сообщения. Если совокупность действующих правовых норм не допускает договоренности об условиях перехода права собственности на товар, покупатель обязан предоставить продавцу другие соразмерные гарантии при получении товарного кредита.

9. Отправка, переход рисков

9.1 Отправка осуществляется на риск покупателя. Риск всегда переходит на покупателя не позднее, чем с момента отправления товара, даже если прочие услуги берет на себя продавец.

9.2 Если отправка задерживается вследствие обстоятельств, не зависящих от продавца, риск переходит на покупателя в день уведомления о готовности к отправке. По письменной просьбе покупателя отправляемый товар страхуется продавцом за счет покупателя на случай ущерба при поломке, повреждении при транспортировке, пожаре и наводнении.

9.3 Транспортная и прочая упаковка, за исключением палет, не принимаются назад в соответствии с Предписанием по упаковке. Покупатель обязан содействовать утилизации упаковки за свой собственный счет.

10. Средства производства

10.1 Если покупатель предоставляет в распоряжение продавца средства производства (например, инструменты, формы), то они должны поставяться продавцу бесплатно. Продавец берет на себя ответственность за их поломку, ухудшение или неполный возврат и следовательно из этого ущерба только в случае грубой халатности или умышленных действий. Данное положение не действует, если законом устанавливается обязательная ответственность.

10.2 Когда средства производства изготавливаются или приобретаются продавцом по поручению покупателя, продавец включает в счет соответствующий издержки. Эти средства производства остаются в собственности продавца. Продавец не обязан выдавать их покупателю. Это относится также и к последовательным штампам. Изложенное ниже положение под пунктом 10.3 при этом сохраняет свою силу.

10.3 В случае амортизации расходов на средства производства по стоимости частей, покупатель берет на себя непокрытые расходы при неамортизации инструмента, включая расходы на прочее типизированное оборудование. Затраты на модели всегда покрываются в полном объеме за счет покупателя.

10.4 Запрещено передавать третьим лицам выданные покупателю продавцом чертежи и документы, а также сообщать о предложениях продавца о конструировании и изготовлении товара. Данные чертежи и документы могут быть истребованы назад продавцом в любое время.

11. Ответственность за недостатки, обнаруженные в товаре / ответственность

11.1 Продавец не несет ответственности за ущерб, вызванный нарушением предписаний по эксплуатации, техническому обслуживанию и монтажу, использованием не по назначению или неквалифицированным использованием, неправильным или небрежным обращением, естественным износом, неправильным хранением, или изменением товара продавцом или третьими лицами. Монтаж товара по поручению покупателя или третьих лиц должен выполняться только обученными специалистами.

11.2 Выбор между устранением дефектов и поставкой нового товара делает продавец.

11.3 Продавец не покрывает издержки, необходимые для устранения дефекта, если повышение издержек связано с перевозкой товара после поставки в иное место, чем исходное место поставки.

11.4 Издержки, возникающие у покупателя или третьих лиц в связи с демонтажем дефектных товаров и монтажом новых или отремонтированных товаров, не являются затратами на устранение дефекта в смысле § 439 абз. 2 Гражданского уложения Германии.

11.5 Срок действия требования устранения недостатков, обнаруженных в товаре, истекает через год с момента передачи товара, кроме случаев, когда требование устранения недостатков, обнаруженных в товаре, основано на неисполнении обязательств продавцом или лицом, действующим по поручению продавца, по грубой халатности или умыслу, или в случае ущерба жизни и здоровью, а также телесных повреждений.

11.6 Покупатель обязуется выполнить свою обязанность исследования товара при покупке согласно § 377 Торгового уложения Германии, в том числе и в случае перепродажи товара.

11.7 Исключается применение покупателем права регресса по отношению к продавцу в связи с таким требованиями устранения недостатков, выданными покупателю клиентами, если покупатель не выполнил свою обязанность исследования товара при покупке и обязанность немедленно извещать о претензиях к качеству товара, или если товар был изменен при переработке.

11.8 Ответственность продавца за возмещение ущерба согласно положениям закона не ограничена, если вменяемое продавцу невыполнение обязанностей основано на умисле или грубой халатности. Если вменяемое продавцу невыполнение обязанностей основано на простой халатности, и виновно нарушены важные договорные обязательства, ответственность за возмещение ущерба ограничивается прогнозируемым ущербом, обычно возникающим в аналогичных случаях. В остальных случаях ответственность исключена.

11.9 Это не затрагивает ответственность согласно Закону об ответственности за продукцию или аналогичным неотъемлемым правам зарубежных законодательств. Сохраняется ответственность за ущерб, нанесенный жизни и здоровью, а также при телесных повреждениях.

11.10 Если ответственность по фактам, указанным в пункте 11.9, обоснована, ответственность продавца по отношению к покупателю в рамках зарубежных законодательств ограничена пределами, допустимыми соответствующим зарубежным законодательством.

11.11 Если ответственность продавца за возмещение ущерба исключена или ограничена, это распространяется и на личную ответственность за возмещение ущерба сотрудников, представителю и лиц, действующих по поручению продавца.

12. Запрещение переуступки

Все требования покупателя по отношению к продавцу не подлежат переуступке.

13. Ответственность за продукцию/обязанность давать указания

13.1 Покупатель обязан использовать товар только по назначению и гарантировать перепродажу товара только лицам, ознакомленным с опасностями и рисками, связанными с продуктом.

13.2 Покупатель обязуется давать соответствующие указания в случае использования товара в качестве основного материала и компонента собственных продуктов при сбыте конечного продукта, и относительно товара, поставленного продавцом. В рамках отношений партнеров по договору, покупатель освобождает продавца от предъявления претензий при нарушении этого обязательства по первому требованию.

14. Конфиденциальность

Покупатель обязан в отношении с третьими лицами обращаться со всей коммерческой и технической информацией, полученной от продавца, как с коммерческой и производственной тайной, кроме случаев, когда она общезвестна. Подобная информация может быть передана третьим лицам, заключившим соглашение о сохранении конфиденциальности, только в целях, установленных договором.

15. Прочее

15.1 Место исполнения является местонахождение соответствующего завода продавца.

15.2 Местом судебного рассмотрения всех споров по данному договору является Хайльбронн. Продавец, однако, имеет право предъявить иск покупателю по месту его общей подсудности.

15.3 При исполнении договора по данным условиям продажи и поставки действует исключительно германское законодательство, за исключением случаев применения коллизионного права и Конвенции ООН о договорах международной купли-продажи товаров.

15.4 В рамках действия отношений по договору, стороны обязуются выполнять все действующие положения закона (соблюдать законы).

15.5 Отдельные соглашения между сторонами, отступающие от данных условий продажи и поставки, или дополняющие их, имеют преимущественное действие.

15.6 Если одно или несколько изложенных выше положений окажется полностью или частично недействительными, остальные положения сохраняют силу. Недействительное положение должно быть заменено на законно допустимое положение, максимально приближенные к смыслу и цели данных условий продажи и поставки.
